Report of Survey

To the Honorable Board of County Commissioners in and for Montgomery County, Kansas.

We the undersigned subscribers as donee or a road petitioners for the John A. Christy and there beg leave to submit the favor of the location of the same in accordance with the plat of survey accompanying this report, for the reason that it does the parties through which land it cause less damage than where it formerly was located also that where we have located the road past it is in drier and better ground and can be made a better road than where it formerly was, and also that it can be kept in repair at a less expense to the county and that the entire public will be benefited by the change now that we report in favor of the location of that part of the said road as is prayed for in the said petition as is shown in the accompanying plat of Lines and that in the case of Mo. C. Lemond's claim for damage we cannot allow any as we alone the change a benefit to said parties from the fact that the new location is on the boundary line of the said parties land instead of running through the land and dividing it in two parts, therefore we do not allow any of the claim for damage all of which is respectfully submitted.

Petition

To the Honorable Board of County Commissioners of Wyandott County, Kansas:

We, the undersigned citizens of Wyandott County and of said County, petition your Honorable Board to appoint viewers to survey and locate a county road at least 30 (30) feet in width. Commencing at the west end of the Blance or Dallas road on the premises of J. H. Blance and near the line of Warner and Blance and also near a certain stone gaging at the foot of the Bluff of said Blance and running thence in a northwardly direction upon the most practicable route through the premises of Warner and thence to intersect the Reid’s road at or near the junction of the Rubaca road and Reid’s road in the direction of Platteville from 90. For which your petition we pray.

Report of Viewers

To the Honorable Board of County Commissioners of Wyandott County:

We the undersigned viewers on the above road respectfully inform your Honorable Board that we cannot see any obstacle in the way of having a good road with very little expense. Besides, in our judgment it is where needed for travel going to be of great advantage to the western portion of our community as well as to the people living in the vicinity where the road is located. We therefore ask for any damage of me or in other words present a claim or bill for damages.

Very respectfully yours, etc.

Report of Surveyor

To the Honorable Board of County Commissioners
Wyandotte County, Kansas.

Gentlemen:

In conformity to your order I proceeded on the 20th day of April to survey the county road petitioned for by Madison Pratt and others, and having met the appointed survey I swore them in as two commissioners and proceeded to make the survey of said road. I found a favorable route, as good a one as could be obtained to ascend from the bottom to the intelligence road there being but one bad hill on it, but that as the road is built up is not worse than many other traveled roads in this county. The principal difficulty is crossing a creek in Rome land (on Shove or the black) which will require a bridge costing at least from $300 to $400.

Respectfully, your obt. Serv.

Chas. Parsons
Deputy County Surveyor

Wyandotte County, Kansas.

Know all men by these presents: That I, Madison Pratt as Settler and John W. Pratt as Surveyor, are held and firmly bound unto the State of Kansas for the use of Wyandotte County for all costs and expenses occurring in the location of a certain County Road, the location for which has this day been presented by the County Board of Said County petitioned for by the said Pratt and others.

The condition of the above Bond is such that if the location of said road should fail to be established by the Board after having been viewed and surveyed that it shall be void and binding otherwise to be valid and void. To testify whereof we have subscribed our names this 14th of April 1870

For the Honorable Board of County Commissioners of Wabaunsee County, Kansas.

Attorn[e]e:

In compliance with your order, I met the appointed persons, September 10th, 1870, 10 A.M., at the corner of sections 11, 12, 13, and township 10 range 23 after swearing Joseph Hoop, James Donaker, and John Godley as reporter and B. Hollingsworth and B. D. Dole as commissioners. Proceeded to make a survey of the Hollingsworth road in accordance with said direction and found the route for the first mile tolerably rough, one bridge that will cost about $150, one well that would cost $75 or lose to make anything of a good road over. At 5 P.M., adjourned to meet Sunday, 11th at 10 A.M. at the section corner of sections 12, 13, 24, range 23. Sunday, 10 A.M., met the above named persons and commissioners, and proceeded to finish said survey and found the remainder of the route a few good one to make a road over and therefore submit to you a plan of the same.

Report of Survey

To The Honorable Board of County Commissioners

Of Wyandotte County, Kansas:

In compliance with an order made by the Board of County Commissioners June 11th, 1870, to view a road petitioned for by John C. Grover and others we met the County Surveyor at Concordia May 19th, 1870 after being qualified according to law we commenced at the point where the Kansas Pacific Railroad crosses the west 1/4 section line of section 20+21 Township 11 Range 24 Thence north in accordance with said Section to the south section corner of section 24+25 Township 11 Range 24 on the 32nd Standard Parallel for further particulars we refer you to the County Surveyors plat and section of conifer and distance. W. A. Swancy surveyed and claimed damages for the right of way through his lands, we think he is more benefitted by the road than damaged therefore allowed no damages.

We think that the grade is a practicable one and one that is much needed to the public, we therefore recommend that you cause the same to be located and opened, we think the road ought to be forty feet wide we recommend that you locate the old military road from Concordia Station to the section corner of section 6+7 Township 11 Range 24.

Report of Survey

To the Honorable Board of County Commissioners of Wayne County, Kansas:

In compliance with an order made by the Board of County Commissioners, made May the 11th, 1870, to survey the Parallel Road in accordance with a petition signed by John D. Wilborn and others, to commence at James Jones' west line thence west along said Parallel line 800 feet, a good road could be made to the S.W. corner of Section 36, Township 10, Range 83, we met the County Surveyor at the point designated in said petition May the 23rd, 1870 at 9 o'clock A.M. After being qualified according to law, we proceeded to make a survey of said Parallel line vacating such portion of said line in accordance with said petition and relocating as we thought proper and could be made according to the same, we adjourned May 25th, 1870 at 5 o'clock P.M. until 24th at 7 o'clock A.M. to meet at the corner to Sections 33 and 34. Met May 24th, 9 A.M., at the place designated and proceeded to finish the survey to the S.W. corner of Section 36, Township 11, Range 28. Each of the parties claimed damages for the encroachment of said road upon their lands to the amount of fifty dollars. We, as viewers, think he is damaged twenty-five dollars thereby, therefore recommend that you allow him twenty-five dollars for said encroachment. We recommend that you make the changes of said Parallel road in accordance with the above. Enclosure notice and receipt of the same as we believe that a better road may be made and expense to the County saved thereby. Witness our hands and seal this May 26th, 1870.

Pursuant to the order made by the Board of County Commissioners to view a County road, in accordance with a petition signed by John C. Surveys report

To the Honorable Board of County Commissioners of Wyandot County, Kansas:

In compliance with an order
made May 11th, 1870 by the Board of County Commissioners to survey a road petitioned for by John C. Genter and others.

I have surveyed John C. Genter and A. H. Phillips
May 19th, 1870 at the corner of Section 676 Township 11
Range 24 on the 2nd Standard Parallel and proceeded to
make a survey of said route in accordance with the petition
commencing at the above named point Thence South along the
line dividing Section 676 and 778 Township 11 Range 24 to
the Section corner of Section 778. Thence E. 1/2 and found the route
to be a good one to make a road the balance of the route
according to the petition is through a very rough country
and would cost more money to make the road than the
utility of the road would demand. For further particulars
refer you to the field and notes of survey.

Petition

To the Honorable Board of County Commissioners in and for the County of Wyandotte and State of Kansas.

We the undersigned petitioners citizens and residents thereof, holders of certain patents for land in said county respectfully address to your Honorable Board that a road as heretofore described in much need, and necessary to the convenience of the public to wit:

Beginning at the northwest corner of Section 27, Township 10 Range 24 east. Thence east along the north line of said section 1/4 mile; thence south along the center line of said section 27 one mile to intersect the road leading from Wyandotte to Lawrence.

We would therefore pray your Honorable Board to afford means to view and locate the road as prayed for and above described on the line mentioned so as near the said line as a good road can be made at a reasonable expense.

Reconstruture
To the Honorable the Board of County Commissioners of Wyandot County, Kansas:
The undersigned citizens of Wyandot County, Kansas, do protest against the location of a certain portion of the road proposed for by the W. Smith and located as follows: viz., commencing at Clay Avenue and running one half mile south to the State Road between lands of W. H. Freeman and John H. Huyner. We remonstrate against this road for the following reasons: viz.:
1st. We believe it to be unnecessary and of no advantage to the public generally.
2nd. The expense of building is great as one bridge alone would cost some five hundred dollars.
3rd. It would greatly damage the undersigned Huyner to the amount of three hundred dollars.
Wherefore we pray that the above described road may not be located.

dividing the section east and west this much of said
road petitioned for we think of public benefit the
mile running south from said road we think unnecessary
and not called for as the damages claimed are
insufficient. Besides said 1/2 mile of road would require
a bridge of considerable magnitude the probable cost of
which would be $300 or $400. damages claimed by
Mr. Barker $70 we think reasonable and would recommend
its allowance.

(Chairman)

I proceeded to make said survey in accordance  

With said petition. Commencing at the N.W. corner of Section 27, Township 10, Range 24. For further particular I refer you to plat of survey. I found very good ground to make a road over. The last half mile will require a bridge that will cost four hundred dollars.

B. J. Biggs,   
County Surveyor.  
of Wyandotte County, Kansas.

Know all men by these presents, that
I, Thomas W. Roland, do, principal and Horace Smalot, as sureties, are held and firmly bound unto the State of Kansas, for the use and benefit of Wyandotte County, for all costs and expenses occurring on the location of a certain county road, the petition for which have this day been presented by the County Board of said County, for the purpose of the said Roland and there. The conditions of the above bond are such that if the location of said road should fail to be established by the Board after having been viewed and surveyed than it shall be null and void. Otherwise to be null and void. In testimony whereof we have put our hands and made this day the 4th of June, 1870.

Remonstrance of J. C. Robinson

Mr. J. J. Paton and the Surveyors.

Yours, I wish to present a remonstrance against the opening
and keeping in repair two roads running parallel...
To each other.  Second, from personal considerations my little garden spot of twelve acres is a long time now a small plot on one side of the full length and in order to avoid the annoyance of being on the public road I have turned my farm and built my house near my north line of land.  And the proposed of opening will fall within a few feet of my house, and will interfere with some dikes and water frontage on my stock, as well as myself to the security of constantly being on guard on two lines of road to prevent deftions that all good lines and garden path.  I shall consequently lay my claim for damages at five hundred dollars.

Very respectfully,
J. E. Robinson.

I wish to state also that I have not received the 6 day notice of survey and view.

Claim of Phoebe M. Atkins
Wm. Stichard, Solicitor and Justice

Gents—I wish to present
a remonstrance against opening road in Sharon Up as proposed in petition of John T. Hoy and others.  First on views of public expense.  Second, the Goods of proposed road
require the arrest of a long steep hill each way and think it will subject me to great personal inconvenience as from the lay of the land I am compelled to use that bedroom only lying along the lane of proposed road for fruit being, and will compel me to erect a shanty of frame as well as as appropriate to public use the land that is necessary for my support.  I shall lay my claim for damages of $1000.

Very respectfully,
Phoebe M. Atkins.

Claim of Nancy Bleichardt

Notice is hereby given to the Surveyor of Sharon Up, Wm. Stichard, appointed by the Board of County Commissioners of Hydeville to survey and lay out a road, whose center survey they on the north side of the above farm in the line and running the East 23 miles to the 6th line of Nancy Bleichardt, where it intersects the Sharon Up road.  And I shall claim damages for the same to the amount of $1000.

Viewed Report

We the undersigned viewers appointed by the County Commissioners met the County Surveyor at the point designated by the above petition and after being duly sworn proceeded to view and locate the road in accordance with the foregoing petition. Forty-two rods West of the SE 1/4 of Margaret Davies Land there is no possible road of a County Road, as commenced at the NE corner of Margaret Brenner Land thence South to the Ready Road, for further particulars we refer you to surveyor's report.

The small Bridge is necessary and the small fill in a ravine and the west end of the road is forty feet. One bill of damages summed in by the Mesh boys for $75, which is with enclosed one highest possible estimate is Twenty-five (25) dollars and the opinion of your humble servants is that the parties directly benefited by this road should bear the entire expense of laying said road. Three small tracts of land as benefited are 20 acres and are 30 acres, we are told that the parties presenting this bill for damages have signed the petition for this road.

Surveys Report

To the Hon. Board of County Commissioners of Wyandotte County

Sirs,

In compliance with your order made September 4th, 1870, for the locating of a county road requested by John O'Conner and others for a county road commencing at the S.E. corner of Margaret Brenner's land, said land lying west and south of the N.E. corner of T. 32 S. R. 13 W. to the place appointed or as same described in accordance with the order, and, as there was only one of the appointed surveys, Thomas King, an adjourned, met September 17th, in accordance with said adjournment, and met.

Thomas King & H.R. Kerr, Sept. 27th, 1870 at the above described place. The being a majority of the appointed surveyors at the meeting.

Thomas King & H.R. Kerr as surveyors & John Brenner as Chancery Depreciation made a survey of said part in accordance with the petition, and found the land only tolerably good to make a good road and cannot recommend the location of said part as county road unless the parties venturing said well pay all expenses and keep the same up.

And your humble friends, through their humble deliberations, think it would be very detrimental to the public good to interfere with the present location of the road. One reason is. The proposed route is fifteen rods longer and one bridge necessary, of considerable value. And a great deal of horsehade dressed with two and Stamps. The second reason is. That as that is a road is there is not a bridge built and the road is fifteen rods shorter and grade lighter by five hundred pounds to the ton, therefore in consideration of these facts the remonstrant that the road be not excited. A third reason is that the County paid $50.00 for the right of way through the Zone Land, and the present owner increases the rate of land. And he in a nonresident, who will not be bound to make the new road. For further particulars, we refer you to Surveys or part and submit.

A Claim for Damages

To the Commissioners of Wyandot County

Claimant: Joseph Gassett

Description: For my land paid out.

Date: July 6, 1871

Claimant: Joseph Gassett
Claim for Damage

1. Joseph Dunleavy, Charleroi and Adjacent Districts, claimed a road leading from the Ophir District to the Orange District, running north from the town line at the town line. The road, according to the claim, was claimed for damage for neglecting to pay all taken damage by reason of said road being used through the following described lands. Claims to me as follows:

- Beginning at the western line of the 16th range of the 3rd principal meridian, and running east to the Pinnacle, a distance of 2 miles, and thence south to the Orange District, a distance of 1 mile, and thence west to the beginning.

2. Claim for Damage by Joseph Manning for land, 60 rods long, by reason of said road being used for 25 years and 30 days.

Your Honor, consider this claim. I state that I claimed this land and the county. The land was sought at the time, and through neglect of the road, the land was claimed, and the claim was allowed by the county. The claim by the county was approved by the county.

I, Joseph Dunleavy, for having the above claim, this road same to the county.

J. H. Johnson

Dunleavy's Stunt

For the county, J. H. Stunt, Clerk of the County Commission of the county.

To the undersigned, signed, appointed, and as such, the surveyor of roads for the county, this road was surveying, as a north and south line, through the county. The surveying was made due due to the road between the county and the legal road. The first point in the west to be surveyed, with the survey and plat made of the county.

of Kansas

Gentlemen,

As per Order to Survey a road
petitioned for by Joe C. Countie 1/2 acre in accordance
with order of 3rd line at June 30th 1867. I do hereby
state that, having been a majority of the applicants
above and after this petition, I have travelled the
said location nor attempted to be in possession of the
same, nor do I now possess a written copy of said survey,
also that position to be vacated which is out that portion of the
same because of lying between the banks of Baggage and
Yoking of the proposed line to the north, the bridge necessarily
across Parry creek that will require a space of
its present length.

July 28, 1871.

To the Board of Commissioners:

Upon the complaint made to the undersigned by J. C. Kidwell, 1st Assessor of the 3rd District, that the line of the G. O. Kidwell Road is inaccurate, the Board of Commissioners has requested the undersigned to make a survey of the same.

The survey indicates that a change is necessary in the line of the road, and that the following directions should be adopted:

1. From the south line of the 3rd District, proceed south for a distance of 1000 feet, then turn east for a distance of 1000 feet, and proceed north for a distance of 1000 feet, and then return to the south line.

2. From the south line of the 3rd District, proceed east for a distance of 1000 feet, then turn north for a distance of 1000 feet, and proceed west for a distance of 1000 feet, and then return to the south line.

3. From the south line of the 3rd District, proceed west for a distance of 1000 feet, then turn north for a distance of 1000 feet, and proceed east for a distance of 1000 feet, and then return to the south line.

4. From the south line of the 3rd District, proceed north for a distance of 1000 feet, then turn west for a distance of 1000 feet, and proceed south for a distance of 1000 feet, and then return to the south line.

The undersigned, with the assistance of the surveyors, have made the necessary changes and will submit the report to the Board.

J. R. Lynch, 1st Assessor.

The above is respectfully submitted.

Report of Viewer.

To the Hon. Board of Co Commissioners
Of Atchison County State of Kansas:

The undersigned Viewer appointed
by your Hon. Board on the 3rd day of April

To view at a Co road pretended for by T. J.
Goodwin & Co. Commencing at the Cor. of
10 23 & 11 in T. 20 R 23 as a point where the Hollingsworth road leaves the
Petition, 23rd, by above respectfully to report that
they proceeded to the point above mentioned
according to the directions of the above, at 10 o'clock AM the 15th day of April, I proceeded
to run out said road, after examining the same
of said land. We found the first mile of
said road to be impracticable, as the line
petitioned for, I instead of following that
line, began at the point mentioned above
in a new, from on the Hollingsworth road to
the 1/2 mile of the N W 1/4 of Sec 9 at home.
Post one mile on the open line of Sec 10 to
the W 1/2 Cor of the E 1/2 & Sec 16.
Hollar 1/2 mile to the back Cor of Sec
9 1/2 15 1/2 the Hollar 1/2 to the 2 line on
the line petitioned for by D J etc & other
find the line petitioned for by D J etc etc
(Except that mile) to be entirely prac-
ticable. I would recommend that it be run.

No day seems for this to say that although
the persons living on the line of the new road
attent 19th and had not been notified that
a road would be located there not so far as
we had an opportunity to examine of persons
living & enemies called at the proposed change
than was no objection made by me.

All of which is most respectfully submitted.

And on the 17th day of May 1872 the following petition, which was filed by J.W. F. Settler:

State of Kansas

Wyandotte County
3rd

The Kansas and Missouri Railroad, a corporation existing under and by virtue of the laws of the State of Kansas, having applied to the Judge of the District Court of Wyandotte County, asking for the appointment of Commissioners, to designate the location of said railroad tracks and roadbeds, and to appraise the lands and damages of the State of Kansas and Missouri, to lay off and run along the line of said railroad tracks, to the State line of Kansas and Missouri, near the bank of the Missouri river, to a point near the
tion of the Kansas & Pacific road, to the line of Missouri river; a part of said section situated 1000 feet east of the line of the 1871 act of Congress, and so as to afford the value of each portion of any private property or other lot of land that may be taken or condemned necessary for said railroad, subject to the sound discretion of the said railroad company, who shall have the power to alter the same or part thereof. This act has been signed by the Governor of Kansas, and is now in force. It will be seen that the said railroad company is empowered to take and condemn any private property or other lot of land that may be necessary for the construction of said railroad, subject to the sound discretion of the company. The act has been signed by the Governor of Kansas, and is now in force. It will be seen that the said railroad company is empowered to take and condemn any private property or other lot of land that may be necessary for the construction of said railroad, subject to the sound discretion of the company.

And on said 1st day of May 1872, we proceeded to lay off the route from the point where the said railroad crosses the state line of Kansas & Missouri, on the west side of the road, along and near the line of Missouri river to the terminus of said railroad near the Kansas town of Cresson. And after the line where the said railroad is now constructed and operated, the line so far as herein the right of way had been heretofore proceeded—That route to be laid off between the first mile being half a mile west of the line of the track of said railroad as now constructed—Such road the width desired by the railroad company and that width being regarded by us as necessary for the proper and efficient operation of said railroad,

The said route was carefully surveyed, and accepted. Carefully the amount of land necessary for such purposes was taken out of each lot of land, though which said railroad is constructed; when the right of way had not heretofore been acquired, appraised the value of the last lot, and assessed the damages to each owner, and to each tenant, of the value of the land taken, and assessing the damages to each owner.
intend, and we hereby release a plot of the discovery Jerome
in the line of the road, the lots of land, and the forms thereof,
which is made a part of this report, and marked Patent

And we do further make and declare our report of
the value of the land taken, and the assessment of damages
thereof, and to the remainder thereof,

To the owners of the land claimed by Thomas Ewing
and marked with his name on the plat herein, lying
west of Platte River and Armstrong's Stocking House property,
and partly adjoining the same, standing from the Missouri
to the Kansas river, being one hundred and twenty eight 32-1/4

and south, on the east side, and four hundred and ninety
eight, 32-1/4 feet north and south on the west side, through
which by a curve, laid out with a distance of three hun-
dred and eighty 20-tenths (380.5) feet, to appraise the value
of the land taken, and assess the damages to the remainder
at the aggregate amount of Sixty Thousand Dollars $60,000

To the owners of the land of land claimed by Thomas
H. Stocking, and marked with his name on the accompanying
map, lying immediately west, and partly adjoining the
Thomas D. Pegey's Stocking House property, standing from
the Missouri to the Kansas river, and being one hundred
and fifty five and a half (155.5) feet east from East to
West, and through which line Pegey's House runs a distance
of two hundred and fifty four 25-1/2 feet, to appraise
the value of the land taken, and assess the damages
to the remainder at Thirty Thousand Dollars and fifty
Five Cents $30,550

To the Honorable Board of
County Commissioners of
Rapides County, Kansas

A motion was made and seconded that
the inhabitants of the town of Shawneetown,
Crawford County, Kansas, respectfully presented that
the public convenience and wants require that
a road and highway should be laid out beginning
at the point of the bluff in Section 27, T31 N, R26 E,
the land owned by Samuel Funk. Then run in a
southeasterly direction on what is called the McCoy
road to a point on Charles Sorensen and Samuel
Stokes's land. Then follow the fence in an
eastward direction to John Schutz's house line. Then
Southerly on or near the old road to the line
between Johnson and Rapides County. Then run
east on or near Said County line to the Section
line of 34 + 95 - Town 11 Range 27. Your petitioners
would thereon ask your Honorable Board to locate
and establish a road forty feet wide according
to the law in such cases.

John R. Ellis, Esq.

In the Matter of the James Street Road
Respectfully to the Honorable Board of
Commissioners for the County of Wyandotte,
Up this undesignated property to view the road pointed out in the order of said road to be started the 15th day of August A.D. 1872, in which order is unto
attached and referred to. By leave to report that in pursuance of said order, two of the said persons, with C. A. Bedingfield and Jesse J. Hooper, went to Kansas City, Kansas, at the time and place mentioned in said order for the purpose of communicating the duties of their appointment. They proceeded to view the road and lay out the plan as prayed for in said petition of Jennie McJames principal petitioner.

They assessed the damage to any person through whose property the said road is proposed to be established, for the reason that the owner thereof does not reside in this county. They report that the application for damages claimed has been filed with no response thereof, but a notice of damages having been given as which is returned herewith.

The petitioners would further report that they are in favor of the establishment of the road as prayed for, for the reason that the same is a continuation of a road in Kansas City, Kansas, as laid out designated and dedicated in the plat thereof, and the only private property taken for said road is a strip about 150 feet wide, running directly across said street. That the said street is necessary for a public highway, for the convenience of the citizens of Johnson County. It being used now by them as such. That said street did not become necessary to take to their assistance any Chamher or master.

All of which report is respectfully submitted.

Report of the Honorable Board of County Commissioners

Of the Honorable Board of County Commissioners

In the matter of the counties of DeWitt and Boone, appointed

By your Honorable Body to view and locate a county road in Boone Township in said county petitioned

By P. M. Storer and others as follows: Beginning at the north point of said town on the line

As near as practicable a road can be made

To intersect the road known as the DeWitt and

Boone county road in the north and quarter of said town.

Thereupon, the Honorable Board of County Commissioners, hereby reported that in pursuance of such appointment

and notice thereof, same was together with P. M. Storer,

County Surveyor, met at the place of the location

Of said road on the twenty-fifth day of July 1872 and after being duly sworn by said county

Surveyor, as required by law, he took two (2) sworn

claims and did proceed to and did carry

said proposed road, and that he finds the road

of great utility to a large number of citizens that

the proposed line is over a rough country but can

be made a good road at a reasonable expense.

Considering the utility of the same, he

therefore for the reasons above stated recommends

the establishment and location of the above road

as per bearings and distances mentioned in the

above plot, which he found.

The following persons claim to be the owners of land through which said proposed road

passes, having damages on account of the same:

Elizabeth Sager Claimed $100.

Mary Ann Burke $150.

D. S. Sager $150.

Petition To the Honorable Board of County Commissioners for Wyandotte County, Kansas.

The undersigned respectable residents of Shawnee Township, Wyandotte County respectfully ask your Honorable body to create that portion of the public road in said Township located on the petition of Mr. M. T. Grigsby and others which lies from where said road passes south of Grigsby's farm in Sec. 32, T41 N, to the west line of Stacey land and reestablish and locate the same so as to run as near as practicable to the face of the river hills and as near the Missouri as possible.
an, your petitioners would also ask for a public road to
run from said 360.00 foot road from line of existing land along
sharply near the foot of the river hills north
and then follow the point where the public road leaves the
river bluff and turns to the eastwards to the Point Beale's
property so as to make a continuation of Point Beale's road
to the McGinnis road, and your petitioners would as in duty
bound ever pray,

To the Honorable Board of County Commissioners of Appanoose county Kansas

The undersigned being duly authorized to execute by your High Board the following described county road situated in Shawnee Township in Appanoose county State of Kansas to-wit

All the portion of the county road known as the "Erastus Duncan Road" in Shawnee Township in said County otherwise the following points namely From the Southern Bridge opposite the Kansas River to its intersection near the center of Section 3-8 Township II Range 25 east with the Shawnee and Kansas City road leading from Shawneetown to Kansas City Missouri and report to your body the propriety of the vacation of said road between the points above named by hand to report that in pursuance to such appointment and due notice having been given to me I went to the place of meeting appointed by your Board in the house of Vinton Dorman on the 28th day of October AD 1871 and after being first duly sworn as required by law I proceeded to view said road.
read between the parties above named, acted to be created, and we find that said road has never been able to travel of any kind. That said road was located some seven or eight years ago but owing to the great impracticability of making a road over the route on which the same was established and the great expense of opening the same, that said road has never been opened to travel or any attempt to work said road. And the undersigned are unanimously of the opinion from a full knowledge and view of said road, that all that portion acted to be created by said petitioners should be treated for the reason that since the location of said road other roads have been located and opened and put in good condition answering almost every purpose that said road would if opened, and that there is no necessity for the opening of said road. That said route or road is impracticable and cannot be opened or put in passable condition without the outlay of a large amount of money, and a continual outlay of large sums to keep the same in repair. That said road if opened is not a road of general utility and would not be used as a public thoroughfare to any extent and any usefulness of said road is rendered negativing by other roads already opened and in use and therefore recommend that said road be omitted.

That said road if opened will be of no convenience as a route of public travel, all of which is respectfully submitted to your Hon. Body.

Geo. Steil, J. W. Young, A. W.
Notice is hereby given, that a petition was presented to the Board of Commissioners of Wyandotte County, Kansas, at their meeting on the third day of March, 1873, asking that a road be established at the following points to wit:

Summons.

State of Kansas.

County of Leavenworth.

To John F. Moody.

The undersigned has been made by petition to the Board of County Commissioners of Leavenworth County for laying out a road as follows:

The place of beginning of said road, beginning at a point on the State line between the States of Kansas and Missouri in the North East Corner of the Township section in Township 26 Range 26 East half North half in the Township section in Township 26 Range 26 East half South half in the Township section in Township 26 Range 26 East half South half.

Witn the power to the undersigned trustees all the said portion of fractional section twenty nine twenty five hundred and ninety four acres of the Township section twenty one and eight hundred and sixty bounded as follows:

Beginning at the intersection of the boundary line between the States of Kansas and the State of Missouri, with the north boundary line of the Township quarter-section north on the line one half North 1° East a distance of twenty one feet; thence North parallel with the north boundary line of the Township quarter-section for three hundred and eighty (380) feet, thence South one hundred ten feet, thence East twenty six hundred and eighty (2680) feet to the place of beginning containing one eighth of an acre, to the damage of said premises and to paint owner thereof, as follows:

I pray you to assess damages and record the amount of compensation for the damage sustained by the apposure and drainage of said premises at the said price of Three Hundred Dollars.

Sarah Carter.
The undersigned appointed commission to view and report on a certain road petitioned for by J. H. Hudson and others. Commencing at a point on the State Line six rods N of B.T.P. of the E. Half of Sec. 23, T. 24 N, R. 25 E. Thence 30 rods N. 20° E. to E. C. Brown Corner, the undersigned report in pursuance of the action ordered on 22d that we did meet at the time and place appointed and that we did take our oath in affirmation to faithfully and impartially discharge the duties of said appointment not deeming it necessary to employ Chairman. We, did on the 22d day of April 1873, meet and secure being present, but owing to the paroxysms of illness after being duly qualified, adjourned to meet on the 27th day of March 1873 and did proceed with the County Engineer to view survey lay out as proposed for in the said petition. We find a good point for a road which can be made at a reasonable expense, and find the road to be useful, public and individual, and are persuaded that the road or lack of road established 60 feet wide. The undersigned return a copy of the said petition signed when the land owners through whose land the road is to run, by the principal petitioner, with his signature attached.

To the Hon. Board of County Commissioners of Shawnee County:
The undersigned, loyal citizens and
farmers, residents of Shawnee Township in your said county,
respectfully represent that the course of beginning and
true course of the following roads in Shawnee Township,
in your said county, are unacceptable, namely the
Emerson City Road, Shawnee Road, from the junction of the
Emerson and Pulaski Roads, near the residence of
E. C. Crandell to the county line; the main Road, from
the state line to the Nuea River; to the Centre of Section
28 Township 11 Range 20 East. The Hydraulic and
Sultan Road, from the south end of the Ewing
Bridge over the Nuea River to the heart of the ghost
in Section 28 Township 11 Range 20 East. And whereas,
Shawnee Township has appropriated a large sum of
money for the improvement of these roads, and it
being important that the true location be legally
established.

The undersigned, therefore, respectfully petition
Your Honor able Board to appoint a committee to proceed
and straighten said roads as the law directs.

To the Honorable Board of County Commissioners\nof the County of Wyandotte, State of Kansas:

We the undersigned disinterested five\nholders of your said County of Wyandotte appointed by your Honorable Board to gain facts and lay out a County Road in Wyandotte Township in said\nCounty petitioned us by James E. Ferrin\nand others as follows: Beginning at the half section line between the SE 1/4 and the SE 1/4 of Section 30 in Township 10 Range 24 E. at a point on said line where the County road known as the James E. Secretary Road crosses the same, thence easterly through the SE 1/4 of Section 30 to a point south, easterly through Section 29 to the SE 1/4 of Section line of Section 28, Township 10 Range 24 E. to so intersect the County road known as the John C. Secretary Road, thence north easterly through Section 27 to a point on the line between the Wyandotte Purchase and the Clinton Reserve - where the County
Road known as the J. E. Moore Road, bears due
line and bears East and East as North East and
through Section 22 and 15 in said Township 1 Range
of Township, in the N.E. of said Section 15 and 14

E 19.4 pods to the center of the County line known

as the John E. Simons Road as shown by the

grid template and table of said proposed road.
furnished us by East County, Roxbury and Horace attl.
and we report that we
find that the location of that portion of said proposed
road above above specified and described would be
great utility and convenience to a large number of
the citizens residing on the line of said road and of
the town above the same and that a good and
sufficient road can be maintained over said portion above described
at a reasonable expense and would be a great accom-
modation by affording a good route out from the town's
bottom via the John E. Stevens Road to the main travelled
county leading to and from Westford through Millerton.

The further report on that portion of said proposed
road lying East of said John E. Stevens Road running
W.E. through Section 21 to a point on the line between
the Applegate Purchase and the Delaware Purchase line
called the J.E. Stevens Road leaves said line Thrus W.E.
through Section 21 to a point at or near where the
county road known as the John E. Stevens Road crosses
the Kansas Pacific Railway track to as to connect and
continue with said last named road and recommend
that that portion of said proposed road lying East of
the said John E. Stevens Road as last above described
be located nor laid out because of the large
amount of damages that would be claimed by land
owners whose lands said portion of said road would
be laid out and which the county would be liable to pay
in addition to the costs of making the said road. And
we further report that upon our own and examination
of that portion of a county road known as the James C.
Stevens Road W. commencing at the S.E. corner of the
S.E. or the D.E. of Section 11 Township 11 Range 21
East in said Applegate Township, County of Suther.
then East to the E.E. corner of Section 26 same Township
and Range. We would recommend that that por-
tion of said road above described be located acc-
sording according to the prayers of said petitioners.
As the establishment of that portion of the prop-
sed road therin before recommended renders
that portion of said James C. Stevens Road last
above described of the utility or public benefit and
will be a useless expense to maintain thereon
And we further report that none of the
land owners over any other known claimed
or claimed of any damages whatever or amount
of the location and laying out of that portion of said proposed road there recommended not over all as far as we are known favorable to the location of the same. The further for the present therein before recommended the establishment and location of that portion of said proposed road lying west of the John to Butler Road as first herein described and recommend and determine the width of the same to be forty feet and not that portion of the James

Houghton County Assessor

The road mentioned in the document is referred to as the "Road of the Abandoned Land". The document states that the appraiser, Martin Berry, and James Crawford, the appraiser's assistant, have appraised the land along this road. The appraisal was conducted on the 21st day of May, 1878, according to the appraisers' reports and the records kept by the Houghton County Road Commission. The report notes that the road was abandoned and not maintained by the county, and the appraisers were tasked with determining the fair market value of the land along the road.

The report also indicates that the appraisers were to consider the road's location, condition, and access to other roads and properties when determining the value. The appraisal was conducted under the supervision of the Houghton County Road Commission, and the report was signed by the county assessor and the county auditor.

The document includes a signature block at the end, indicating that the report was submitted to the Houghton County Road Commission for their approval and action.

The document also includes a note that the appraisers' fees were to be paid by the Houghton County Road Commission.

Overall, the document provides a detailed account of the appraisal process for the Houghton County Road of the Abandoned Land, including the methods used, the results of the appraisal, and the actions taken by the county Commission.

Directors' Report

To the Hon. Board of County Commissioners
of Mississippi County, November 14, 1875.

We, John H. Morton, Anderson, Bynum, and Thomas Dickerson of
Chancen Township, Swearing to the approximate
size of the new seat. Accordingly, the Commissioners
were instructed to report
up to the directors. Next we met together with the
County Surveyor, at the place appointed, and
surveyed, and after being duly signed, agreed to and
recognized to be the best for the purposes
surveyed and measured. We found that it had
already been laid out, and was already located
and already under contract for about
four years, and already planned as the new
site for the seat. Accordingly, the
Commissioners were instructed to proceed
in the same manner as the County
Surveyor, and to make the survey, as
though it had never been done. Beginning
in the land of John Barks, at the corner of Section
18, Township 11, Range 24, East, they proceeded
and surveyed the land of
John A. Bell, menace, etc., crossing the
land of John Barks, then surveyed on the land of
the Commissioners
at the site of the county seat, known as
the City of Shirley. At the
intersection of the 1st
section line, East of the 1st section line at the corner
of the lands of
Barkham and others. They found
the site to be a good location for a county seat,
and, after due consideration, it was decided
that the site should be
selected. The site was surveyed
through the land of
Barks, as described, and was accepted as
the site for the county seat.

commence East from Eddesville. He finds that the road as laid out above, and to the eastward, great injury of utility and convenience both to the public and to individuals. He therefore recommends that a road be established de Givens, from the initial point in the petition as prayed for to intersect the said road twenty East from Eddesville.

He further finds that that portion of the road as prayed for, from the Eddesville road, to the center of the line to and from the town of the Grand Dam, to make and after the road shall proceed, be a damage of $200.00 to de Givens and $150.00 to James & L. E. Stroud, making a total of $150.00 and damage to land owners of $250.00. He therefore recommends that said portion to be established and that said portion of the same, as prayed for to be not vacated and as hereinbefore return a copy of the petition sent to the land owners through whose land said road runs by the petitioner with his affidavit attached.

Separate Report of Viewers

To the Honorable C. B. County Commissioners of Morgan's County, Texas.

The undersigned appointed viewers to view an agent of a certain road, and vacation of a road, petitioned for by Geo. H. Parmer, and which describes in the accompanying report, he respectfully make this their separate report of damages claimed by establishment of said road as recommended by us as follow: 2500.00 to Geo. H. Parmer as rent and 2500.00 to land owners. The damages awarded by us to Geo. H. Parmer, to the petitioners whose names are as follows: Geo. H. Parmer.

ment and notice hereof, I have appointed to meet at the
place of the location of said roads, on Monday the sixteenth day of
March next, at 10 o'clock to meet with the County Surveyor
as appointed to meet again at the same place on Friday
the twentieth day of March next. That in pursuance of such
appointment I as meet to the place of the location of said
roads, on the 31st Beaufort 11 Township 36 East together with
the County Surveyor, and after being duly sworn by said
County Surveyor as required by law, I took two chains and
proceeded to and did view said proposed road, and that as said
the proposed road of great public utility to a large number of citizens. That said proposed
road has been used as a thoroughfare for the last fifteen
years and can be made a good road at a reasonable
expense. The reason for the reasons above stated recom-
mand the establishment and location of said road
southwest of the same being on the county line,
the half of said land being taken from Johnson County
in accordance with the Plat and Survey thereof,
made by the County Surveyor and returned herewith.

I also further beg leave to report that from a
misunderstanding of the time the station was written
the end of the road as described therein was not the

North 330 feet East, 330 feet East, 330 feet East, 330
feet East, to the intersection of the old road. The said road as now
located to be changed and relocated being on a much
better ground for a road than the one at present
established. The ground is well drained. No houses will
have to be built. No grading will have to be
done. Such road will avoid ascending and descending a
still embankment. The ground on which the
proposed road is to pass is already cleared and in
better condition for public travel than the one as now located. Therefore the County will
be at no extra expense in making said change
and it will increase the distance to be traveled
only forty two (42) feet. The proposed alteration
passes through land owned by B. F. Shreve.

To the Honorable the Board of County Commissioners, Sumner County, Kansas:

Gentlemen,

The undersigned

your petitioners respectfully ask that you will cause

to be laid out a road as herein described and ventilate the following:

Commencing on the parallel road at the

North west corner of Section 40 (39), in Township Sixty

of Range Twenty Three North 35; running due south as

near to freight cable to the South, first corner of Section

Nine 99, Range Twenty One North 128; Thence due west as near as practicable to the South line

of Section Eight 31 to intersect the above road.

We respectfully represent that this road is much needed by your petitioners, that the present cut off for too long how time is inaccessable and that the opening of this road would not be attended with any expense and the lands asked for would accommodate the wants of many who are compelled to go a great distance out of the settled part.

Sincerely submitted,

Commencing at the Parallel Roads at the North west Corner of Section 14 in Township 11 North Range 24 West, thence due south as nearly as practicable to the South west Corner of Section Nine. Thence due west to the South Line of Section Eight, thence to intercept the Parallel Roads. To be solemnly sworn that said roads support the Constitution of the United States and the Constitution of the State of Kansas and shall be run due east and west as nearly as practicable and either as much north or south as shall be necessary to help said roads.

The report of Reeves is as follows:

S. P. Reeves

On the 30th day of April 1874

Said survey was made and subcribed

The said survey was approved April 15, 1874, to lay out a road as follows:

Commencing at the Parallel Roads at the North west Corner of Section Four, thence due south as nearly as practicable to the South west Corner of Section Nine, thence due west to the South Line of Section Eight, thence to intercept the Parallel Roads. Said survey was made and subcribed on the 30th day of April 1874.
which the proposed road was to pass, we proceeded with the County Surveyor to view survey and lay out the road commencing at the north east corner of Section Twenty, following the section line south to the north west corner of section Nine (9), as proscribed for in the petition t in our opinion a good road could be made at a reasonable expense and would be a great convenience to individuals as well as to the public. The balance of the road acted for in the petition was to run from the last point above mentioned north along the south line of Section Eight (8) to intersect the existing road we found had been laid out and opened.

No claims for damages or compensation were presented. Width of the road to be sixty feet.

The undersigned, viz: R. W. Kendall, W. J. Brain, and J. B. Malott, were appointed by the Board of County Commissioners of Moundale County, Kansas, to view and report upon the proposed road to commence at the NE Corner of section 35 S. 10 W. 1-24 E in said County, and make the following report:

After being shown by the County Surveyor on the 3rd day of October, 1875, proceeded to the above named point and after surveying the ground between said point and the parallel road one mile South, we came to the conclusion that it is unsafe and impracticable to run from said point due South on account of cutting off a narrow strip of land belonging to New Iver and thus separating it from the main body of the farm. We, therefore, recommend said road at said above named point to end the North west corner of section 35 S. 10 W. 1-24 E. Thence West 150 feet to a point in the Stanwood road, Thence South 100 feet, Thence S 70° 30' E 350 feet to Thence E 25° S 500 feet, to a point on the South line of said Section 35 and 175 feet South of the NE corner, thence South to a point 290 feet North of the SW Corner of said 35 acres, thence S 47° 8' E 100 feet to a point in the parallel road in said County. We, therefore, recommend the location of a road along said line as above described.

County Surveyor
Petition

To the Honorable Board of County Commissioners, Merrick County, Kansas:

The undersigned Petitioners, resident citizens of Prairie Township, respectfully represent to you how they feel that a County Road, known as the Clark road, runs diagonally through the South end of Section 18 Township 10 North Range 23, from South east to North East and the running of said road in said direction while it does not shorten or benefit the public travel, yet greatly injures the said Section of land for the use of a grave.

Therefore, your Petitioners respectfully request you to appoint Surveyors to alter and change a portion of said road of the distance of about one hundred yards so that said road would turn due East after Crossing the mouth of the Cowan branch and run a distance of one hundred yards, thence directly North to the intersection of the present road, and that portion of the road from the mouth of the branch, to where the proposed new road continues to be designated, and further your Petitioners would state that said proposed change, while it will not injure the public travel, but will be as good ground and very little further will so greatly beneficial to the owners of said portion and as in duty bound your Petitioners will ever pray.

Ola Johnson, County Road Bond

Know all men by these presents that off
Ola Johnson, as Principal, and Thomas Bar
ker, as surety are held and firmly bound
unto the State of Kansas, for the use of
Wyandot County, in the sum of Three Thou
sand Dollars, for the payment of which
we bind ourselves, our heirs, executors, adminis
trators and assigns firmly by these presents.
Witness our hands, these presents attached
this 7th day of July 1874.

Now the condition of the above obli
gation is such, that whereas the above
bonded Ola Johnson, as Principal, peti
tioner, has petitioned the Board of County
Commissioners of Wyandot County, to lay out
and cause to be opened a County Road de
scribed as follows:

That a County road known as the Clark
town road runs diagonally through the South
er quarter of Section 18, Township 10, Range 23,
from South East to North West, and the running
of said road in said direction, while it does
not shorten or injure the Reeve's land, it
practically leaves the said qr. Section 18, for
the use of a farm. Therefore your
petitioners respectfully request you
Your Body to direct surveys to be laid and
change a portion of said road, of the de
tain of about one hundred yards. So
that said road would turn directly East
after Convenience the Mouth of the Cawnee.
and run a distance of one hundred
yards, thence directly North to the intersec
tion of the Cawnee, and that portion of the
from the Mouth of the Cawnee to where the
proposed new road intersects be declared
bought. NowTherefore, law, petition
is granted, and the road adopted and
fully confirmed, and his obligation
to be void, otherwise to remain.

State of Kansas
County of Jackson

Notice is hereby given that on the 7th day of July AD 1879, Ola Johnson and others of Prairie Township, householders of said County, petitioned and filed a petition asking the Board of Commissioners to appoint a committee to survey, lay out, a change, and relocation of a county road in said Township known as the Clark road. Said road runs diagonally through the South half of the South quarter of Section 18 Township 10 Range 24 South West to North East, and the running of said road in said direction would not destroy the public space yet greatly improve the said quarter section of land for the use of a farm. It is therefore requested that measures be adopted to alter and change a portion of said road of the distance of about four hundred yards so that said road will then run directly East after crossing the mouth of the Spring branch and run a distance of two thousand yards then run directly North to the intersection of the Spring branch from the mouth of the branch to where the proposed new road intersects the road to Island Creek.

The petitioners of the petitioners were granted and Joseph Hardin, Edward and A. J. Fulton were authorized to meet at the house of A. J. Fulton in Prairie Township on the 23rd day of August 1879 at 10 o'clock A.M. or in case of failure to meet on the day designated then on the following day and proceed to view said road and give to all parties concerned a reading.

Justice is hereby given that at a regular meeting of the Board of County Commissioners held in the County Clerk's office in the City of Monticello, in said County and State on the 18th day of July, 1878, John Johnson and others of said County, householders of said county, presented and filed a petition asking said Board of Commissioners to adjourn their next and convene a change and relocation of a county road in said Township, known as the Black road, said road runs diagonally through the Northwest quarter of Section thirty five Township, twelve Range twenty three west of the Public Road, being the boundary of said road in said direction while it does not, the line of the Public Road, yet exactly divides the said quarter Section of land for the use of a farm. It is therefore requested that orders be appointed to alter and change a portion of said road at the distance of about one hundred yards, so that said road will run directly east after passing the mouth of the Creek, which runs a distance of one hundred yards, thence directly north to the intersection of the County road, and that said portion of the said road from the mouth of the Creek to where the public road runs, intersect the same to extend and vacate. The prayer of the petitioners is granted and of the following
