RESOLUTION.

Authorizing the issuance of County Road Improvement Bonds of Wyandotte County, Kansas, for the purpose of paying the final cost of the permanent improvement of the Freebetal Road.

BE IT KNOWN, that the Board of County Commissioners of Wyandotte County, Kansas, met in regular session at the Court House this 3rd day of July 1924; Present: David Buckland, Chairman, Samuel Clarke, Commissioner, Peter H. Kramer, Commissioner, a Full membership of the Board and William Beggs, County Clerk. The following resolution was offered in relation to the issuance of bonds for the improvement of the Freebetal Road in Wyandotte County, Kansas, and on motion of Kramer, seconded by Clarke, Commissioners and carried by the unanimous vote of the Board of County Commissioners, all Commissioners voting Aye, was adopted and spread at length upon the Journal:

WHEREAS, there was filed with the Board of County Commissioners of Wyandotte County, Kansas, on the 13th day of July, 1920, a petition for the permanent improvement of a certain public road situated in Wyandotte County, Kansas, known as the Freebetal Road, the terminal points and other specially fixed locations of said road being particularly described in said petition, and as well there was designated therein the lands within the proposed benefit district, the type of permanent improvement and the width of the roadway desired and the amount of annual assessments to be levied upon the lands in said benefit district to pay for said improvements, the number of said annual assessments being fifteen; and

WHEREAS, the Board of County Commissioners of Wyandotte County, Kansas, thereupon and on the 3rd day of April, 1922, at a regular meeting of the Board duly constituted and held, did find that the improvement prayed for in said petition was one of public utility, and that said petition was signed by individuals owning sixty percent of the land within the designated benefit district defined by said petition, and that said petition properly designated the road to be improved, both by name and terminal points and by other specially fixed locations, and that the petition definitely designated the lands within the proposed benefit district, the type of permanent improvement, the width of the roadway, the number of annual assessments to be levied upon said lands, in payment of said improvements, which was designated as fifteen, and that said petition was in all respects in compliance with the provisions of the statutes of the State of Kansas; and

WHEREAS, at said meeting of the Board of County Commissioners of Wyandotte County, Kansas, fixed Thursday, the 4th day of May A.D. 1922, at 2:00 o'clock P.M. as the time when said Board should meet and consider said petition at the office of the Board of County Commissioners in the Court House at Kansas City, Kansas, and on said date ordered that a notice of said meeting be given to the petitioners and all other persons interested therein by publishing said resolution in the official county paper at least ten days prior to the date of said meeting, and that each of the signers of said petition and each and every person owning property within the benefit district in said petition described, be further notified of said meeting by a notice thereof sent by United States mail, all of which was accordingly done as in said resolution directed; and

WHEREAS, thereafter and on the 4th day of May, A.D. 1922, at 2:00 o'clock P.M. the Board of County Commissioners met as in said notice specified at their office in the Court House in Kansas City, Kansas, for the purpose of hearing protests or objections concerning said improvement, and their being no protests or objections offered, it was by said Board ordered and determined that said improvement be made as in said petition prayed and that said petition be granted and approved and the improvements therein prayed for be made in accordance with specifications and plans to be prepared by the County Engineer of Wyandotte County, Kansas, said petition being found to be in due form of law and containing the signatures of more than sixty percent of the owners of land within the benefit district; and

WHEREAS, the Board of County Commissioners has duly caused to be made an accurate survey of said road with a profile thereof and a map of the benefit district and plans and specifications for the improvement, and estimates of the cost thereof, which said survey, profile, map, plans and specifications and estimates have been duly and legally approved by the State Highway Engineer and filed in the office of the County Clerk of Wyandotte, Kansas; and
WHEREAS, the estimate of the cost of said improvement shows the total approximate cost of said entire improvement to be Thirty Five Thousand, Sixty Nine and 84/100 Dollars ($35,869.84); and

WHEREAS, thereafter and on or about the 18th day of July, 1922, there was duly let to J. O. Patterson a contract for improvement of said Proebstel Road according to the plans and specifications, all according to law at the contract price of Thirty One Thousand, Eighty Seven and 95/100 Dollars ($31,875.95); and

WHEREAS the improvements covered by the contract of July 18th, 1922, did not include the paving of the approaches to the Turkey Creek Bridge, amounting to thirty feet on the south end and 735 feet on the north end and containing approximately 600 square yards; and

WHEREAS, all of the work under the original contract was duly performed and bonds were issued therefor in the total sum of Thirty One Thousand, Eighty Seven and 56/100 Dollars ($31,883.56) in accordance with a resolution of the Board of County Commissioners of October 30th, 1922, of which said total sum bonds to the amount of six thousand, eighty seven and 56/100 dollars ($6,883.56) were afterwards canceled, being bonds number one (1), twenty seven (27), twenty eight (28), twenty nine (29), thirty (30) and thirty one (31), and all of the other bonds were sold and the proceeds applied in payment of said improvement, and because of the cancellation of said bonds as part of the original issue is available for the purpose of paying the cost of completing said project; and

WHEREAS, on the 14th day of April, 1924, pursuant to a recommendation from the County Engineer, the Board of County Commissioners ordered said road completed and ordered the County Clerk to advertise for bids therefor; and

WHEREAS, the estimate of the cost of said improvement showed the total approximate cost to be Three Thousand, Five Hundred Twenty Nine and 25/100 Dollars ($3,529.25); and

WHEREAS, thereafter and on or about the 15th day of May, 1924, there was duly let to J. O. Patterson a contract for the improvement of said Proebstel Road, in accordance with the plans and specifications, and in accordance with the law, at the contract price of Three Thousand, Two Hundred and Sixty Six and 55/100 Dollars ($3,266.55); and

WHEREAS, for the purpose of paying for said improvement under said contract it is necessary to issue bonds of Wyandotte County, Kansas, in the sum of Three Thousand, two Hundred Sixty Six and 55/100 Dollars ($3,266.55); Now therefore, be it

RESOLVED, by the Board of County Commissioners of Wyandotte County:

Section 1. That under and by virtue of Chapter 265 of the laws of Kansas of 1917, as amended, Wyandotte County in the State of Kansas shall issue its negotiable coupon special improvement bonds in payment of the work done and material furnished in the improvement of the Proebstel Road in Wyandotte County, Kansas.

RESOLUTION.

BE IT KNOWN that the Board of County Commissioners of Wyandotte County, Kansas, met in regular session at the Court House this 3rd day of July, 1924; Present: David Buckland, Chairman Samuel Clark, Commissioner, Peter H. Kramer, Commissioner, a full membership of the Board and William Beggs, County Clerk. The following resolution was offered with relation to the sale of bonds for the improvement of the Free stetl Road in Wyandotte County, Kansas, and on motion of Clark, Commissioner, seconded by Kramer, Commissioner, and carried by the unanimous vote of the Board, all Commissioners voting Aye, was adopted and spread at length upon the Journal.

WHEREAS, the Board of County Commissioners, of Wyandotte County, Kansas, in regular session assembled, did, on the 3rd day of July, 1924, pass a resolution authorizing the issuance of internal improvement bonds of Wyandotte County, Kansas in the sum of Three Thousand, Two Hundred Sixty Six and 55/100 Dollars ($3,266.55) in denominations of One Hundred Dollars ($100.00) each with the exception of Bond Number One (1) which is for Two Hundred Sixty Six and 55/100 Dollars ($3,266.55) bearing interest at the rate of Five Percent per annum, payable and maturing serially in from one to fifteen years after date, said bonds bearing date July 1st, 1924 and are payable at the office of the State Treasurer in the City of Topeka, said bonds being issued for the purpose of paying the final cost of the improvement of the Free stetl Road in Wyandotte County Kansas under a contract awarded to J O Patterson on the 1st day of May, 1924.

WHEREAS, no federal aid has been promised and no donations promised or received and no state aid promised and the Board of County Commissioners believe it necessary to sell said entire issue of bonds to the highest bidder for cash and apply the proceeds derived therefrom in payment of the estimate and amounts due said Contractor from time to time, and desire to sell said bonds for cash at not less than par; Now, therefore, be it

RESOLVED, by the Board of Commissioners of Wyandotte County, Kansas, that said total issue of bonds, being bonds numbered from One (1) to Thirty One (31) both inclusive, aggregating Three Thousand, Two Hundred Sixty Six and 55/100 Dollars ($3,266.55) all bearing date July 1st, 1924, be ordered sold at public sale to the highest bidder for cash at not less than the par value thereof and the proceeds derived therefrom used in payment of the amount due the contractor from time to time and finally under said contract. Be it further

RESOLVED that a notice to bond buyers and bidders be published in the Kansas City Weekly Press and in the official state paper for one issue thereof not less than ten days prior to said sale and that the sale of said bonds be set for Thursday the 28th day of July, 1924, at 2:00 o'clock P.M. at which time all bids will be opened. All bids must be in writing, must be sealed and must be filed with the County Clerk on or before the time fixed for the opening thereof and each bid must be accompanied by a certified check, payable to the order of the Chairman of the Board of County Commissioners of Wyandotte County, Kansas, for Two (2%) of the amount of the bid, as evidence of good faith and that the successful bidder will complete and consume said sale by making full payment therefore within ten days following delivery of his transcript of proceedings leading up to the issue of said bonds and in the event the purchaser whose bid is accepted shall fail so to do and shall fail to carry out his contract in that regard, said deposit shall be forfeited to Wyandotte County as liquidated damages. The checks of the three highest bidders may be held until the successful bidder has consummated said sale, after which such deposits will be returned.

All bids will be received for all or any portion or part of said bonds. Wyandotte County will print said bonds, and furnish transcript of all proceedings leading up to their issue, but will not furnish legal opinion.

Said notice shall provide that the Board of County Commissioners reserves the right to waive technicalities and to reject any and all bids. Be it further

RESOLVED that this resolution be spread at length upon the Journal.

Section 2. As a consideration for this lease, the lessee agrees to pay in advance to the Lessor a rental of Five Dollars ($5.00) per annum; to assume all taxes and assessments levied upon the leased premises during the continuance of this lease; to keep the leased premises free from combustible material; to plant no trees or shrubbery thereon without the previous written consent of the Lessor, and to erect no structures thereon except such as may be necessary for highway purposes; to put nothing on the leased premises which might obstruct or interfere with the view; to provide such culverts, bridges and other structures as may be necessary to properly care for the drainage from said premises and the adjoining right of way of the Lessor; and to hold the Lessee harmless from any and all damages to any of such structures or on said leased premises arising from fire caused directly or indirectly by sparks or fire emitted from the engines or trains of the Lessor; and to further hold the Lessee harmless from any damages to the highway upon the leased premises which may result from the construction of drainage ditches or waterways by the Lessor.

Section 3. The Lessor reserves the right to take possession of all or any portion of the leased premises whenever the use thereof may become necessary or expedient, in the judgment of the Lessor for railroad purposes; PROVIDED, however, that in the event the Lessor elects to take possession of all or any portion of said leased premises in accordance with this reservation, it shall give to the Lessee six (6) months notice of its intention so to do, and shall provide at its expense the necessary land for and reestablish, or, in lieu thereof, at its election, pay to the Lessee, the cost of such land and expense for reestablishing, the highway and apartment improvements thereon in as good condition as it was in at the time of taking possession thereof.

Section 4. The Lessor reserves the right to cross the leased premises with such railroad tracks as may be required for its convenience or purposes in such manner as not unnecessarily to interfere with their use as a public highway. In the event the Lessor shall place tracks upon the leased premises in accordance with this reservation, it shall, upon completion of such tracks restore the highway across the same to its former state or usefulness.

Section 5. The Lessee shall not at any time use or permit the use by others of said leased premises for railroad, street or interurban, or other railroad transportation purposes, or use or permit the said premises to be used except for the usual and ordinary purposes of a street or highway.

Section 6. This lease is subject to all outstanding superior rights, (including those in favor of telegraph and telephone companies and leases to abutting property owners and others), and the rights, easements and extensions of the same; and it is understood that nothing in this lease contained shall be construed as a covenant to put the Lessee into possession or to protect the Lessee in the peaceable possession of said premises.

Section 7. The Lessee agrees, at its own cost and expense to move the existing right of way fence of the Lessor from its present location to the inner margin of the leased premises, and to make such arrangements as may be necessary with owners or lessees of property abutting upon said fence, the intention being to relieve the Lessor at the expense of the Lessee from all obligations.
if any there be, to establish or maintain a fence upon the outer margin of its right of way

Section 8. For the purpose of protecting the reversionary interests of the Lessor against the assertion of adverse rights, the Lessee agrees to prevent encroachments upon the leased premises, and to this end will, at its own expense, take all necessary action, including as far as practicable the building of its ditches on and the borrowing of earth from the outer margin of said leased premises.

Section 9. If the Lessee should breach or fail to keep any of the covenants hereof, or fail to perform such covenants or conditions, or to remedy the same for thirty (30) days after written notice of such failure or breach on the part of the Lessee, given by the Lessor to the Lessee and the Kansas Highway Commission, then this lease shall be null and void.

Section 10. Forsover by the Lessee of the leased premises for highway purposes continuing at any time during the term hereof for a period of eighteen (18) months, shall, at the option of the Lessor, work a termination of this lease and of all rights of the Lessee hereunder, and moreover by the Lessee of a portion of said leased premises continuing for a like period shall, at the option of the Lessor, work a termination of all rights and interests of the Lessee with respect to such portion.

Section 11. This lease is not to be assigned, nor is any portion of the leased premises to be sublet, without the written consent of the Lessor. The Lessee will surrender peaceable possession of said premises at the expiration of this lease.

Section 12. Upon the execution of this lease that certain 1 acre from the Union Pacific Railroad Company to the County of Wyandotte, State of Kansas, dated August 1, 1916, as amended by supplemental lease dated February 26th, 1926, shall terminate and be of no further force and effect except in so far as the same relates to the following described premises to wit:

A strip of land fifty (50) feet in width being all that part of the four hundred (400) foot granted right of way of the Lessor lying southwesternly of the southwesternly city limits of Bonner Springs and situated in the Northeast Quarter (NW) of Section Thirty Two (32) Township Eleven (11) south, Range Twenty Three (23) East of the Sixth Principal Meridian, included between lines parallel with and twenty five (25) feet distant on each side of a center line, which said center line is described as follows, to wit:

Beginning at a point seventy seven (77) feet distant northwesterly from the center line of said northerly main track when measured at right angles thereto opposite Railroad Survey Station Eight Hundred Ninety Four plus sixty (894.60) thereof, (said Railroad Survey Station being seventeen hundred seventy nine and five tenths (1779.5) feet distant southwesternly from the north line of said section Thirty Two (32) when measured along said center line or northerly main track); thence southwesterly and crossing said southwestern city limits to a point which is fifty two (52) feet distant northwesterly from the center of said northerly main track when measured at right angles thereto opposite Railroad Survey Station Nine Hundred Eight plus Fifty (908.50) thereof; thence southwesterly along a straight line to a point one hundred thirty three (133) feet distant northwesterly from the center line of said northerly main track and when measured along a radial thereto, opposite Railroad Survey Station Nine Hundred Eight plus Twenty (908.20) thereof; thence southwesterly along a straight line to a point one hundred seventy five (175) feet distant northwesterly from the center line of said northerly main track when measured along a line radial thereto opposite Railroad Survey Station Nine Hundred Ten plus Twenty (910.20) thereof;

as shown shaded in green on print marked Exhibit 282 attached to said lease of Aug. 1, 1916.

Section 13. All covenants and agreements herein contained are made by the parties hereto, for, and shall be binding upon themselves and their successors and assigns.

IN WITNESS WHEREOF, Union Pacific Railroad Company has caused these presents to be assigned by its proper officers thereunto duly authorized, and the County of Wyandotte has caused these presents to be signed by the Chairman of its Board of County Commissioners pursuant to authority vested in said Chairman by a resolution duly passed and adopted by said Board of County Commissioners on the 17th day of July 1924 and to be attested by its County Clerk and the seal of said County to be hereunto affixed all to be attested by its County Clerk and the seal of said County to be hereunto affixed all to be attested on the first above written.

BE IT KNOWN that the Board of County Commissioners of Wyandotte County, Kansas, met in regular session at the Court House this 31st day of August, 1924; present Davis, Mayland, Chairman, Samuel Clarke and Peter N. Kramer, Commissioners; a full membership of the Board and Wm. Bagg, County Clerk. The following resolution was passed with reference to a ferry across the Missouri River:

WHEREAS, an application in writing has been presented to this Honorable Board by E A Wood and August Garding, H R Butterwick, Arthur James, S W Titt and J A Edwards, a copy of said application being hereto attached and made a part of these proceedings, which said application prays this Board for a license or grant to operate a ferry across the Missouri River, landing on the Kansas side at or near what is known as Bearman Station, and the northerly terminal of what is known as the Sherman-Gratnay Road; and

WHEREAS, this Honorable body has made due investigation as to the needs and practicability of said ferry, together with the financial responsibility and integrity of the applicants thereof and thereto and come to the conclusion and find that said ferry would be an advantage to Wyandotte County and its citizenship, and further because of the nearness of the project that it is the opinion of this Honorable Board that no license fee should be exacted from said petitioners: Now, therefore be it

RESOLVED that the petition of said E A Wood, August Garding, H R Butterwick, Arthur James, S W Titt and J A Edwards to operate a ferry landing at or near Bearman and the northerly terminal of the Sherman-Gratnay Road, be granted to said petitioners for a term of one year from this date.

2. That no license fee be exacted from said petitioners for said term of one year.

3. That there shall be operated by said petitioners by way of said ferry one steamboat capacity and capable of carrying and conveying not less than ten or twelve automobile trucks fully loaded.

4. Said ferry shall be operated by said petitioners from 7:00 o'clock A.M. until 8:00 o'clock p.m. and maintain hourly service on each day during the period of this grant, except such times as ice or other like obstacles make operation impractical or dangerous.

5. The operators and owners thereof shall charge not to exceed for passage the following schedule, which said schedule shall be posted in a conspicuous place at all times on said ferry boat.

6. Said boat or boats as to be operated shall be of such type, construction and strength and in such condition at all times, during the life of this contract, and the operation of said boat or boats, as to insure the safe transportation of persons and individuals.

7. The Board of County Commissioners reserves the right during the term of this grant to at all reasonable times inspect or cause to be inspected said boat or boats, and upon said inspection, if it is found that said boat or boats are of an unsafe and dangerous condition, that upon the written order of the Board of County Commissioners it may cause said petitioners, or their successors and assigns, to repair said boat or boats or to discontinue the use of said boat or boats until said boat or boats be made safe for the protection of life or limbs.

8. Said within grant shall not become effective until said petitioners have filed with this Honorable Board a bond in the sum of $5,000.00 conditioned for the faithful performance, operation, management and conduct of said ferry.

9. That the County Clerk be instructed to issue license to said E A Wood, August Garding, H R Butterwick, Arthur James, S W Titt and J A Edwards, heretofore named individuals, to keep a ferry at said point without the payment of a fee therefor.

David Buckland, Chairman of the Board of County Commissioners of Wyandotte County, Kansas.

Samuel Clarke, Commissioner.

Attest: William Bagg, County Clerk.

Peter N. Kramer, Commissioner.

The Board of County Commissioners.
Wyandotte County, Kansas.

Gentlemen:

I am at the Board of County Commissioners of the County of Leavenworth, Kansas.

vs

The Board of County Commissioners of
the County of Wyandotte, Kansas.

The above entitled suit I am informed and do I know is for the sum of $20,000.00. This controversy grows out of the joint road project between Leavenworth County and Wyandotte County, Kansas, and as you will remember Leavenworth and Wyandotte Counties contracted to build a certain road which said road divides the two counties. Wyandotte County let certain portions of said road as did Leavenworth County and the matter in controversy grows out of the letting of a contract on this road or work by Leavenworth County. A petition was duly and regularly filed with Leavenworth County over a portion of said road and Leavenworth County proceeded to, along lines of understanding had between these counties and the County Commissioners let the contract and this contract embraced, as did the Wyandotte County Contract, parts of the road to be jointly paved between Leavenworth County and Wyandotte County.

There was no arrangement had as to financing the same on the part of Wyandotte County. A general understanding grew out of the various meetings of the two Boards of County Commissioners and Leavenworth County proceeded in the letting of said contract which has been hereafter completed and Leavenworth County paid the bill in full.

I have made a thorough and complete investigation and I am satisfied that Wyandotte County should pay as its portion the sum of $16,976.50 instead of paying $20,000.00 as alleged in the petition against Wyandotte County now on file, and that Wyandotte County and Leavenworth County let this said contract jointly instead of Leavenworth letting it alone, Wyandotte County would have had to at that time paid its portion which would have been $16,976.50 because of the mutual arrangement Leavenworth County, as old Wyandotte County, in some instances, take on the paving of this block of road dividing the two Counties, and agree to jointly pay therefor. In my opinion the amount named by me, namely, $16,976.50 is just and in due and owing Leavenworth County for the reason that we
would have had to have paid at the time had we joined in with the letting of the contract under the arrangement made to pave this road, and I would, therefore, recommend that said sum be paid Leavenworth County.

Respectfully submitted,

O. F. Williamson, County Engineer.

P.S. I might further add as a precautionary statement that the above and within figures and these facts have been by me submitted to the State Highway Commissioner and were by the State Highway Engineer approved.

Motion by Kramer seconded by Clarke that the request of the County Council be granted in that he be authorized to confess judgment in the sum of $15,096.50 in the suit of Leavenworth County vs Wyandotte County.

Gentlemen:

Kansas City, Kansas, October 1st, 1924.
The Twelfth Street Bridge Bonds have been duly registered with the County Clerk of Wyandotte and with the Auditor of State of Kansas and are ready to be handed to the County Treasurer and then delivered to you, and so far as the officers of Wyandotte County are concerned, the bonds are ready subject to immediate delivery.

However, the Board of County Commissioners of Wyandotte County and Wyandotte County have been sued by the State of Kansas in the Supreme Court of the State of Kansas, said suit having been filed on the 30th day of September 1924, at about the same time registry of bonds was completed by the Auditor of State, and in said suit a decree in quo warranto is prayed contesting the officers of Wyandotte County of authority to issue, sell and deliver these bonds and said suit makes an issue of the right of the County to sue and sell said bonds.

You are hereby notified that we have as a Board of County Commissioners instructed the County Counselor, at the earliest possible moment after learning of said suit to make application to the Supreme Court of Kansas for specific instructions and directions as to what disposition is to be made of said bonds at this time pending the final hearing of said suit, and you are further notified that he is at this hour, namely 9:00 A.M. in conferences with the Justices of the Supreme Court of the State of Kansas, for the purpose of obtaining specific instructions and directions on said matter, and as soon as said instructions and directions are given and an order made in respect thereto, we will deliver said bonds to you if permitted and instructions given by the Supreme Court to do so in this matter.

We are taking this action and making this application for instructions without waiting for further time to pass an order that the delivery thereof may be made at the earliest possible moment without subjecting you to any further or unnecessary annoyance, inconvenience, loss or delay.

You are further notified that we are using our best efforts to effect the complete sale and delivery of these bonds at the very earliest possible moment.

Yours respectfully,

William Regge, County Clerk.

RESOLUTION.

Authorizing the issuance of County Road Improvement Temporary Notes of Wyandotte County, Kansas, for the purpose of paying the cost of the permanent improvement of the Walscott Road, Section B.

BE IT KNOWN, that the Board of County Commissioners of Wyandotte County, Kansas, met in regular session at the Court House this 13th day of October, 1924, present: Mr. And Buckland, Chairman, Samuel Clarke and Peter E. Kravem Commissioners and William Beggs, County Clerk. The following resolution was offered with relation to the issuance of temporary notes for the improvement of the Walscott Road, Section B, Wyandotte County Kansas, and on motion of Clarke, seconded by Kravem and carried by the unanimous vote of the Board of County Commissioners, all Commissioners voting Aye, was adopted and spread at length upon the Journal:

WHEREAS, there was filed with the Board of County Commissioners of Wyandotte County, Kansas, on the 25th day of April, 1921, a petition for the permanent improvement of a certain public road situated in Wyandotte County Kansas known as the Walscott Road, the terminal points and other specifically fixed points of said road being particularly described in said petition, and as well there was designated therein the lands within the proposed benefit district, the type of permanent improvement and the width of roadway designated desired and the number of annual assessments to be levied upon the lands in said benefit district to pay for said improvements being left to be described in the petition of the Board of County Commissioners hereafter to be exercised subject to the approval of the State Highway Commission; and

WHEREAS, the Board of County Commissioners of Wyandotte County, Kansas, thereupon and on the 25th day of June, 1922, at a regular meeting of the Board, duly constituted and held, did find that the petition in said petition was one of public utility and that the petition was signed by thirty-five percent of the resident land owners owning fifty-one percent of the land within the benefit district defined by said petition, and that the said petition properly designated the road to be improved, both by name and terminal points and by other specifically fixed locations, and that the petition definitely designated the lands within the proposed benefit district, leaving the type of permanent improvement, the width of the roadway and the number of annual assessments to be levied upon said lands to be fixed at the discretion of the Board of County Commissioners, subject to the approval of the State Highway Commission, and said petition was in all respects in compliance with the provisions of the statutes of the State of Kansas; and thereupon and on the 25th day of August, 1923, the Board of County Commissioners passed a resolution designating the type of permanent improvement to be concrete, the width of the road to be sixteen (16) feet, the width of the annual assessments to be fifteen (15), which action of the Board of County Commissioners was on the 25th day of October, 1923, duly approved by the State Highway Commission; and

WHEREAS, at said meeting of May 8th, 1922, the Board of County Commissioners of Wyandotte County, Kansas, fixed the fifth day of June A.D. 1922 at 2:00 o'clock P.M. as the time when said Board should meet and consider said petition at the office of the Board in the Court House at Kansas City, Kansas, and ordered that a notice of said meeting be given to the petitioners and all other persons interested therein by publishing said notice in the official county paper at least ten days prior to the date of said meeting and that each of the signers to said petition sign and each and every person owning property within the benefit district in said petition described be notified of said meeting by a notice thereof sent by United States Mail, all of which was accordingly done as in said resolution directed; and

WHEREAS, thereafter and on the 2nd day of June, A.D. 1922 at 2:00 o'clock P.M. the Board of County Commissioners met as in said notice specified at their office in the Court House in Kansas City, Kansas, for the purpose of hearing protests or objections concerning said improvements and there being no protests or objections offered, for all the said Board ordered and determined that said improvement be made as in said petition prayed and that said petition be granted and approved and that the improvements therein prayed for be made in accordance with the specifications and plans to be prepared by the County Engineer of Wyandotte County, Kansas, said petition being found to be in due form of law and containing the signatures of more than thirty-five percent of the resident land owners owning fifty-one percent of the land within the benefit district, and

WHEREAS, the Board of County Commissioners had duly caused to be made an accurate survey of said road with a profile thereof and a map of the benefit district and plans and specifications for the improvements and estimates of the cost thereof, which survey, profile, map, plans and specifications and estimates have been duly and legally approved by the State Highway Engineer and filed in the office of the County Clerk of Wyandotte County, Kansas; and

WHEREAS, the improvement of said Walscott Road has been divided into two sections, namely Sections A and B, Section A having heretofore been duly improved and bonds issued to pay therefor, and Section B is now in process of improvement, and

WHEREAS, the estimate of the cost of the improvement of Section B of said Walscott Road is seventy-six thousand, six hundred fifty-six and 50/100 Dollars ($76,560.50); and
WHEREAS, thereafter and on or about the 24th day of April, 1924, there was duly let to the Davidson Construction Company, a corporation, a contract for improving said Walcott Road Section B, according to the plans and specifications, all according to law, at the contract price of Seventy-Six Thousand, Five Hundred Seventeen and 88/100 Dollars, ($76,517.88); and

WHEREAS, for the purpose of paying for said improvements under said contract, State and Federal Aid is expected and the remainder of the total cost will be paid by an issuance of bonds, but in the meantime it is necessary to issue TEMPORARY NOTES of Wyandotte County under the provisions of Section 10-123 Revised Statutes of Kansas 1923, in order to provide necessary funds to pay for the partial and final estimates and other expenses of making said improvement, said notes to be issued from time to time in such amounts as may be necessary but not to exceed in all the total amount of bonds to be issued and State and Federal Aid to be granted. Now therefore be it

RESOLVED, by the Board of County Commissioners of Wyandotte County, Kansas:

Section 1. That under and by virtue of Section 10-123 Revised Statutes of Kansas 1923, Wyandotte County in the State of Kansas, shall issue its negotiable temporary notes in payment of the work done and material furnished in the improvement of the Walcott Road, Section B in Wyandotte County, Kansas.

Section 2. That the total aggregate amount for which said temporary notes shall be issued shall be the total cost of the improvement of said road to pay for which the State and Federal Aid is to be granted and bonds of Wyandotte County are hereafter to be issued.

Section 3. Said temporary notes shall be known and denominated as 2Wyandotte County Road Improvement Temporary Notes, Series 4, Walcott Road, Section B.

Section 4. Said temporary notes shall be numbered consecutively from one to both inclusive, and shall be issued from time to time as the work of such improvement progresses and as partial and final estimates are allowed upon said work, and shall bear interest at the rate of five percent per annum, payable semi-annually upon vouchers duly executed and filed by the registered holder of such temporary notes in the office of the County Clerk.

Section 5. Said temporary notes shall bear the day of their issuance respectively and shall become due and payable on or before two years from the date of issue, and at the rate of interest on said notes, payable semi-annually upon vouchers duly executed and filed by the registered holder of such temporary notes in the office of the County Clerk.

Section 6. Said notes shall be payable at the office of the Treasurer of Wyandotte County, Kansas.

Section 7. Each temporary note shall bear on its face the amount thereof, the rate of interest it bears, the number of such note, the date of issue, for what purpose issued, and shall be signed by the Chairman of the Board of County Commissioners of Wyandotte County, Kansas, and attested by the Clerk of said County, with the impression of the seal of the county thereon.

Section 8. Each of said temporary notes shall, except as to numbers, amounts and dates be in substantially the following form:

Partial Estimate No. ( ); Final Estimate ( ); Engineering ( )

RESOLUTION.

Authorizing the issuance of County Road Improvement TEMPORARY NOTICE of Wyandotte County, Kansas, for the purpose of paying the cost of the permanent improvement of the Fairfax Roads.

BE IT KNOWN that the Board of County Commissioners of Wyandotte County, Kansas, met in regular session at the Court House this 20th day of October, 1924; present: David Ruckland, Chairman, Samuel Clark and Peter H. Kramer, commissioners and William B. Gregory, County Clerk, a full membership of the Board. The following resolution was offered in relation to the issuance of Temporary Notes for the improvement of the Fairfax Roads in Wyandotte County, Kansas, and on motion of Clarke, Commissioner, seconded by Kramer, Commissioner, and carried by the unanimous vote of the Board of County Commissioners, all Commissioners voting Aye, was adopted and ordered spread at large upon the Journal.

WHEREAS, there was filed with the Board of County Commissioners of Wyandotte County, Kansas, on the 3rd day of December, 1923, and on the 17th day of March, 1924, petitions for the improvement of certain public roads situated in Wyandotte County, Kansas, known as the Hallock, Diagonal Way and the Feimer Fairfax Road, the original petitions for each of said three roads having been filed on December 3rd, 1923, and supplemental petitions containing additional signatures having been filed on each of said roads on the 17th day of March, 1924, after which said roads have been collectively dealt with by the Board of County Commissioners under the name of the Fairfax Road, all of said roads being in the Fairfax Drainage District, in Wyandotte County, Kansas, and connecting each to the others, in which said petitions and supplemental petitions the terminal points and other specifically fixed locations of said road were particularly described and so well there was designated therein the lands within the proposed benefit district, but the type of permanent improvement, the width of the roadway, and the number of annual assessments were left to the discretion of the Board of County Commissioners hereafter to be exercised to the approval of the Highway Commission; and

WHEREAS, the Board of County Commissioners thereafter on the 17th day of March, 1924, at a regular meeting of the Board duly constituted and held, did find that the improvement prayed for in said petition was one of public utility, and that said petition was signed by fifty-one percent of the resident land owners owning at least thirty-five percent of the land within the benefit district and also by the owners of more than sixty percent of the land within the benefit district therein described, and that said petition properly designated the roads to be improved by both names and terminal points and by other specifically fixed locations, and that the petition definitely designated the lands within the proposed benefit district, 1iving the type of permanent improvement, the width of the roadway and the number of annual assessments to be levied upon said lands to the discretion of the Board of County Commissioners, subject to the approval of the State Highway Commission, and that said petition was in all respects in compliance with the provisions of the Statutes of the State of Kansas; and

WHEREAS at said meeting the Board of County Commissioners of Wyandotte County, Kansas, fixed the 21st day of March, 1924 at two o'clock P.M. as the time when said Board should meet and consider said petition at the office of the said Board in the Court House in Kansas City, Kansas, and ordered that a notice of said meeting be given to the petitioners and all other persons interested by publishing said resolution in the official county paper at least ten days prior to the date of said meeting, and that each of the signers of said petition and each and every person owning property within the benefit district in said petition described, be further notified of said meeting by a notice thereof sent by United States Mail, of which was accordingly done as in said resolution directed; and at said meeting certain persons appeared in opposition to said improvement, but no persons owning lands within the benefit district appeared and the Board of County Commissioners passed final meeting designating said petition until April 3rd, 1924, and on April 3rd, 1924 again postponed final decision thereon until April 10th, 1924 and on April 12th, 1924 at two o'clock P.M., that being the time to which final action on said matter had been postponed, the Board of County Commissioners met and took final action thereon and ordered and determined that said improvement be made as in the petition prayed and that
said petitions be granted and approved, and that the improvements therein prayed for be made in accordance with the specifications and plans to be prepared therefor by the County Engineer of Wyandotte County, said petitions being found to be in due form of law and containing the signatures of more than thirty-five percent of the resident land owners owning at least fifty-one percent of the lands within the benefit district and also of fifty-one percent of the resident land owners owning at least thirty-five percent of the land within the benefit district, and further more of sixty percent of the land owners within said benefit district; and

WHEREAS, the Board of County Commissioners has duly caused to be made an accurate survey of said road with a profile thereof and a map of the benefit district and plans and specifications for the improvement, and estimates of the cost thereof, which said profile, map, plans and specifications and estimates have been duly and legally approved by the State Highway Engineer, and filed in the office of the County Clerk of Wyandotte County, Kansas; and

WHEREAS, the estimate of the cost of said improvements shows the total approximate cost to be One Hundred Thirty Thousand, Seven Hundred Seventy Five and 55/100 Dollars ($130,775.55) for concrete pavement; and

WHEREAS, thereafter and on or about the 7th day of August, 1934, there was duly let to Tibbetts and Pleasant a contract for the improving of said Fairfax Roads according to the plans and specifications, all according to law at the contract price of One Hundred Fifteen Thousand, Two Hundred Fifty four and 59/100 Dollars, ($115,254.59); and

WHEREAS, for the purpose of paying for said improvement under said contract State and Federal Aid is expected and the remainder of the total cost will be paid by an issuance of bonds, but in the meantime, it is necessary to issue T MORTAR NOTES of Wyandotte County under the provisions of Section 10-123, Revised Statutes of Kansas, 1923 in order to provide necessary funds to pay for the partial and final estimates and other expenses of making said improvement, said notes to be issued from time to time in such amounts as may be necessary but not to exceed in all the total amount of bonds to be issued and State and Federal Aid to be granted; now, therefore, be it

RESOLVED, by the Board of County Commissioners of Wyandotte County, Kansas:

Section 1. That under and by virtue of Section 10-123, Revised Statutes of Kansas 1923, Wyandotte County in the State of Kansas shall issue its negotiable temporary notes in payment of the work done and material furnished in the improvement of the Fairfax Road in Wyandotte County, Kansas.

Section 2. That the total aggregate amount for which said temporary notes shall be issued shall be the total costs of the improvement of said road to pay for which State and Federal Aid is to be granted and bonds of Wyandotte County are hereafter to be issued.

RESOLUTION

Authorizing issuance of County Road Improvement TEMPORARY NOTES of Wyandotte County, Kansas, for the purpose of paying the cost of the permanent improvement of the Parallel Road.

BE IT KNOWN that the Board of County Commissioners of Wyandotte County, Kansas, met in regular session at the Court House this ___ day of October, 1924; present David Buckland, Chairman, Samuel Clarke, Commissioner, and Peter W. Kramer, Commissioner, a full membership of the Board, and William Peggs, County Clerk. The following resolution was offered in relation to the issuance of TEMPORARY NOTES for the improvement of the Parallel Road in Wyandotte County, Kansas, and on motion of Clarke, Commissioner, seconded by Kramer, Commissioner, and carried by the unanimous vote of the Board of County Commissioners, all Commissioners voting Aye, was adopted and ordered spread at length upon the Journal.

WHEREAS, there was filed with the Board of County Commissioners of Wyandotte County, Kansas, on the 17th day of April, 1924, a petition for the permanent improvement of a certain public road situated in Wyandotte County, Kansas, known as the Parallel Road, the terminal points and other specifically fixed points of said road being particularly described in said petition, and as well there was designated therein the lands within the proposed benefit district, the type of permanent improvement and the width of roadway desired and the number of annual assessments to be levied upon the lands in said benefit district to pay for said improvements being left to the discretion of the Board of County Commissioners hereafter to be exercised subject to the approval of the State Highway Commission; and

WHEREAS, the Board of County Commissioners of Wyandotte County, Kansas, thereafter and on the 28th day of May, 1924 at a regular meeting of the Board duly constituted and held did find that the improvement prayed for in said petition was one of public utility, and that said petition was signed by fifty-one per cent of the resident land owners, owning thirty-five per cent of the land within the designated benefit district, and that said petition properly designated the roads to be improved both by name and terminal points and by other specifically fixed locations, and that the petition definitely designated the lands within the proposed benefit district, the type of permanent improvement, and the width of roadway, but left the number of annual assessments to be levied upon said lands in payment of said improvements to the discretion of the Board of County Commissioners hereafter to be exercised subject to the approval of the State Highway Commission, and that said petition was in all respects in compliance with the provisions of the Statutes of the State of Kansas; and

WHEREAS, at said meeting the Board of County Commissioners of Wyandotte County, Kansas, fixed the 29th day of May, 1924, at two o’clock P.M., as the time when said Board should meet and consider said petition at the Office of the said Board in the Court House at Kansas City, Kansas, and ordered that a notice of said meetings be given to the petitioners and all other persons interested by publishing said resolution in the official county paper at least ten days prior to the date of said meeting, and that each of the signers of said petition and each and every person owning property within the benefit district in said petition described be further notified of said meeting by a notice thereof sent by United States mail, all of which
was accordingly done as in said resolution directed; and

WHEREAS, on the 29th day of March, 1924, at two o’clock P.M., the Board of County Commissioners met an in said notice specified at their office in the Court House in Kansas City, Kansas, for the purpose of hearing protests or objections concerning said improvement; at said meeting three protests were offered on account of the cost being too high, but no protests or objections being offered on account of any irregularity in the petition it was by said Board ordered and determined that said improvement be made as in said petition prayed and that said petition be granted and approved and the improvements therein prayed for made in accordance with specifications and plans to be prepared by the County Engineer of Wyandotte County, Kansas, said petition being found to be in due form of law and containing the signatures of more than fifty-one per cent of the resident land owners, owning thirty-five per cent of the land within the benefit district; and

WHEREAS, the Board of County Commissioners has duly caused to be made up an accurate survey of said road with a profile thereof and a map of the benefit district and plans and specifications for the improvement, and estimates of the cost thereof, which said survey, profile, map, plans and specifications and estimates have been duly and legally approved by the State Highway Engineer and filed in the office of the County Clerk of Wyandotte County, Kansas; and

WHEREAS, the estimate of the cost of said improvement shows the total approximate cost to be Twenty-nine Thousand, Eight Hundred Twenty-one and 44/100 Dollars ($29,821.44); and

WHEREAS, thereafter and on or about the 2nd day of September, 1924, there was duly let to Horizontal & Roberts Bros., a contract for improving said Parallel Road according to the plans and specifications, all according to law at the contract price of Twenty-Six Thousand, Eight Hundred Thirty-four and 21/100 Dollars ($26,834.21); and

WHEREAS, for the purpose of paying for said improvement under said contract State and Federal Aid is expected and the remainder of the total cost will be paid by an issuance of bonds, but in the meantime, it is necessary to issue TEMPORARY NOTES of Wyandotte County under the provisions of Section 10-123 Revised Statutes of Kansas, 1923, in order to provide necessary funds to pay for the partial and final estimate and other expenses of making said improvement, said notes to be issued from time to time in such amounts as may be necessary but not to exceed in all the total amount of bonds to be issued and State and Federal Aid to be granted;

NOW, THEREFORE, BE IT RESOLVED, by the Board of County Commissioners of Wyandotte County, Kansas:

Section 1. That under and by virtue of Section 10-123, Revised Statutes of Kansas, 1923, Wyandotte County in the State of Kansas shall issue its negotiable temporary notes in payment of the work done and material furnished in the improvement of the Parallel Road in Wyandotte County, Kansas.

Section 2. That the total aggregate amount for which said temporary notes shall be issued shall be the total costs of the improvement of said road to pay for which State and Federal Aid is to be granted and bonds of Wyandotte County are hereafter to be issued.

Section 3. Said TEMPORARY NOTES shall be known and denominated as WYANDOTTE COUNTY ROAD IMPROVEMENT TEMPORARY NOTES, SERIES 6, PARALLEL ROAD.

Section 4. Said temporary notes shall be numbered consecutively from one to______, both inclusive, and shall be issued from time to time as the work of such improvement progresses and as partial and final estimates are allowed upon said work, and shall bear interest at the rate of five per cent (5%) per annum, payable semi-annually upon vouchers duly executed and filed by the registered holder of such temporary notes in the office of the County Clerk.
SECTION 5. Said Temporary notes shall bear the day of their issuance respectively and shall become due and payable on or before two years thereafter upon notice mailed to the registered holder thereof by the County Clerk.

Section 6. Said notes shall be payable at the office of the Treasurer of Wyandotte County, Kansas.

Section 7. Each Temporary note shall bear on its face the amount thereof, the rate of interest it bears, the number of such note, the date of issue, for what purpose issued, and shall be signed by the Chairman of the Board of County Commissioners of Wyandotte County, Kansas, and attested by the Clerk of said County, with the impression of the seal of the County thereon.

RESOLUTION

Authorizing the issuance of County Road Improvement TEMPORARY NOTES of Wyandotte County, Kansas, for the purpose of paying the cost of the permanent improvement of the Bonner-Piper Road.

BE IT KNOWN that the Board of County Commissioners of Wyandotte County, Kansas, met in regular session at the Court House this ___ day of October, 1924; present David Buckland, Chairman, Samuel Clarke, Commissioner, and Peter H. Kramer, Commissioner, a full membership of the Board, and William Beggs, County Clerk. The following resolution was offered in relation to the issuance of TEMPORARY NOTES for the improvement of Bonner-Piper Road in Wyandotte County, Kansas, and on motion of Clarke, Commissioner, seconded by Kramer, Commissioner, and carried by the unanimous vote of the Board of County Commissioners, all Commissioners voting Aye, was adopted and ordered spread at length upon the Journal.

WHEREAS, there was filed with the Board of County Commissioners of Wyandotte County, Kansas, on the 10th day of July, 1923, a petition, (and on the 16th day of August, 1923, a supplemental petition), for the permanent improvement of a certain public road situated in Wyandotte County, Kansas, known as the Bonner-Piper Road, the terminal points and other specifically fixed points of said road being particularly described in said petition, and as well there was designated therein the lands within the proposed benefit district, the type of permanent improvement, and the width of roadway desired and the number of annual assessments to be levied upon the lands in
said benefit district to pay for said improvements being left to the discretion of the Board of County Commissioners hereafter to be exercised subject to the approval of the State Highway Commission; and

WHEREAS, the Board of County Commissioners of Wyandotte County, Kansas, thereafter and on the 15th day of December, 1923, at a regular meeting of the Board, duly constituted and held, did find that the improvement prayed for in said petition was one of public utility, and that said petition was signed by fifty-one per cent of the resident land owners, owning thirty-five per cent of the land within the designated benefit district, and that said petition properly designated the road to be improved both by name and terminal points and by other specifically fixed locations, and that the petition definitely designated the lands within the proposed benefit district, the type of permanent improvement, and the width of roadway, but left the number of annual assessments to be levied upon said lands in payment of said improvements to the discretion of the Board of County Commissioners hereafter to be exercised subject to the approval of the State Highway Commission, and that said petition was in all respects in compliance with the provisions of the Statutes of the State of Kansas; and

WHEREAS, at said meeting the Board of County Commissioners of Wyandotte County, Kansas, fixed the 31st day of January 1924, at two o'clock P.M. as the time when said Board should meet and consider said petition at the office of the said Board in the Court House at Kansas City, Kansas, and ordered that a notice of said meeting be given to the petitioners and all other persons interested by publishing said resolution in the official county paper at least ten days prior to the date of said meeting, and that each of the signers of said petition and each and every person owning property within the benefit district in said petition described, be further notified of said meeting by a notice thereof sent by United States mail, all of which was accordingly done as in said resolution directed; and

WHEREAS, thereafter and on the 21st day of February 1924, at two o'clock P.M. the Board of County Commissioners met as in said notice specified at their office in the Court House in Kansas City, Kansas, for the purpose of hearing protests or objections concerning said improvement, and there being no protests or objections offered, it was by said Board ordered and determined that said improvement be made as in said petition prayed and that said petition be granted and approved and the improvements therein prayed for made in accordance with specifications and plans to be prepared by the County Engineer of Wyandotte County, Kansas, said petition being found to be in due form of law and containing the signatures of more than fifty-one per cent of the resident land owners, owning thirty-five per cent of the land within the benefit district; and

WHEREAS, the Board of County Commissioners has duly caused to be made an accurate survey of said road with a profile thereof and a map of the benefit district and plans and specifications for the improvement, and estimates of the cost thereof, which said survey, profile, map, plans and specifications and estimates have been duly and legally approved by the State Highway Engineer and filed in the office of the County Clerk of Wyandotte County, Kansas; and

WHEREAS, the estimate of the cost of said improvement shows the total approximate cost to be Eighty-Four Thousand Nine Hundred Forty-Four and 71/100 Dollars ($84,944.71); and

WHEREAS, thereafter and on or about the 3rd day of July 1924, there was duly let to H. A. Kepler a contract for improving said Kanser-Piper Road according to the plans and specifications, all according to law at the contract price of Fifty Two Thousand Seven Hundred Sixty Three and 74/100 Dollars ($52,763.74); and

WHEREAS, for the purpose of paying for said improvement under said contract State and Federal Aid is expected and the remainder of the total cost will be paid by an issuance of bonds, but, in the meantime, it is necessary to issue TEMPORARY NOTES of Wyandotte County, under the provisions of Section 10-123, Revised Statutes of Kansas, 1923, in order to provide necessary funds to pay for the partial and final estimate and other expenses of making said improvement; said notes to be issued from time to time in such amounts as may be necessary but not to exceed in all the total amount of bonds to be issued and State and Federal Aid to be granted;
NOW, THEREFORE, BE IT RESOLVED, by the Board of County Commissioners of Wyandotte County, Kansas:

Section 1. That under and by virtue of Section 10-123, Revised Statutes of Kansas, 1923, Wyandotte County in the State of Kansas shall issue its negotiable temporary notes in payment of the work done and material furnished in the improvement of the Bonner-Piper Road in Wyandotte County, Kansas.

Section 2. That the total aggregate amount for which said temporary notes shall be issued shall be the total costs of the improvement of said road to pay for which State and Federal Aid is to be granted and bonds of Wyandotte County are hereafter to be issued.

Section 3. Said TEMPORARY NOTES shall be known and denominated as 2 WYANDOTTE COUNTY ROAD IMPROVEMENT TEMPORARY NOTES, SERIES 2, BONNER-PIPER ROAD.

Section 4. Said temporary notes shall be numbered consecutively from one to____, both inclusive, and shall be issued from time to time as the work of such improvement progresses and as partial and final estimates are allowed upon said work, and shall bear interest at the rate of five per cent (5%) per annum, payable semi-annually upon vouchers duly executed and filed by the registered holder of such temporary notes in the office of the County Clerk.

Section 5. Said temporary notes shall bear the day of their issuance respectively and shall become due and payable on or before two years thereafter upon notice mailed to the registered holder thereof by the County Clerk.

Section 6. Said notes shall be payable at the office of the Treasurer of Wyandotte County, Kansas.

Section 7. Each temporary note shall bear on its face the amount thereof, the rate of interest it bears, the number of such note, the date of issue, for what purpose issued, and shall be signed by the Chairman of the Board of County Commissioners of Wyandotte County, Kansas, and attested by the Clerk of said County, with the impression of the seal of the County thereon.

Section 8. Each of said temporary notes shall, except as to numbers, amounts and dates, be in substantially the following form:

Partial Estimate No.______( ) ; Final Estimate ( ) ; Engineering ( ).

WYANDOTTE COUNTY, KANSAS
ROAD IMPROVEMENT TEMPORARY NOTE
SERIES, BONNER-PIPER ROAD.

Wyandotte County, Kansas, acknowledges itself to owe, and on or before two years after date, for values received promises to pay to

the principal sum of______

dollars with interest from date until called in for payment as hereinafter provided at the rate of Five per cent (5%) per annum, interest payable semi-annually upon vouchers duly executed and filed by the registered holder thereof.

This TEMPORARY NOTE is TRANSFERABLE AND NEGOTIABLE by an assignment endorsed herein and registered with the County Clerk of Wyandotte County, and not otherwise.

Wyandotte County reserves the right to call in and to pay this note at anytime upon five days written notice sent by registered United States mail to the registered holder hereof by the Clerk of said County, and after the expiration of said five days no further interest shall accrue or be paid hereon.
This TEMPORARY NOTE is issued under Section 10-125, Revised Statutes of Kansas, 1923, for the purpose of providing necessary funds to pay for an improvement duly and regularly authorized prior to the issuance hereof and which said improvement is to be paid for in whole or in part by the issuance of bonds.

AND IT IS HEREBY DECLARED AND CERTIFIED, that all acts, conditions and things required to be done and to exist preceding to and in the issuing of this temporary note have been properly done and performed and do exist in regular and due form as required by the Constitution and Laws of the State of Kansas, and that the total indebtedness of Wyandotte County, including this series of temporary notes, does not exceed any constitutional or statutory limitation.

IN WITNESS WHEREOF, Wyandotte County in the State of Kansas has caused this TEMPORARY NOTE to be signed by the Chairman of its Board of Commissioners and to be attested by the Clerk of the County under the seal of the County, this ___ day of ___ 19__.

Motion by ______________________ seconded by ______________________ that:

WHEREAS, as has come to the attention of the Board of County Commissioners of Wyandotte County, Kansas, that the County Attorney in his collection of delinquent taxes has caused to be sold certain tract of land purporting to belong to the now defunct Kansas City Northwestern Railway Company; and

WHEREAS, as has further come to the attention of the Board that this property was sold for taxes at a sum of money wholly inadequate, and it has further come to the attention of the Board that the suffering and permitting of this property to be sold and the sale confirmed that the County might thereby lose some of its security in the way of personal taxes, which sum is several thousands of dollars;

NOW THEREFORE, BE IT RESOLVED: that the County Clerk be instructed to inform and request the County Attorney of Wyandotte County, Kansas, to file no motion of confirmation with reference to said sale, and further request and instruct the County Attorney to refuse to consummate and complete said sale. The County Clerk is further instructed to advise and request the Sheriff of Wyandotte County, Kansas, not to accept any moneys in the completion of said sale, or if said Sheriff has already accepted said moneys to tender same back to the purchaser or purported purchaser.

It is further resolved that the Board of County Commissioners and all of its agents, servants, and employees, and all officers of the County having to do with the collection of delinquent taxes and the sale of property therefore be requested and commanded not to do anything or to take any steps having to do with the sale or confirmation of a certain sale of land of the Kansas City Northwestern Railway Company for the reason that the purchase price of said property is inadequate and principally that said property is in the hands of the United States District Court and might be considered an action in contempt, and further the relinquishing of this property to a purchaser might be the means of suffering the security to be placed in the hands of innocent holders, on which security the County might, if it seems fit, collect delinquent personal taxes, or might make compromise, or adjustments or settlements on said personal property taxes if said real property heretofore sold was held as security. The County Clerk is further requested and advised and commanded to acquaint himself with the Division of the District Court in which this suit is pending and to file with the Clerk of the District Court a copy of this resolution and request in said Court.

WHEREAS, in the case of M.L. Joachini, Plaintiff, vs The Kansas City Kaw Valley and Western Railway Company, Defendant, Case Numbered 656-W pending in the District Court of the United States for the District of Kansas, First Division, there was issued on the 6th. day of November 1924, an order by the Honorable John G. Pollock, Judge of said Court, authorizing and instructing the receiver in said case to pay to Wyandotte County the personal and property taxes for the year 1923; and

WHEREAS, the real estate taxes in the sum of $80.15 have heretofore been paid; and

WHEREAS, there is due and owing the sum of $4224.63 as and for personal taxes with certain interest and penalties, the order of the court is that the receiver pay the face of the taxes not including any interest and penalties;

NOW, THEREFORE BE IT RESOLVED by the Board of County Commissioners of Wyandotte County, Kansas that the interest and penalties due on the personal property taxes of the Kansas City Kaw Valley and Western Railway Company be remitted and cancelled and the County Treasurer be instructed to said effect; and

BE IT FURTHER RESOLVED that the County Treasurer be empowered and authorized to accept the sum of $4224.63, being the original taxes, less interest and penalties, as and in full for all personal taxes for the year 1923 of the Kansas City Kaw Valley and Western Railway Company; and

BE IT FURTHER RESOLVED that the County Clerk and County Treasurer be instructed to take such steps and do and perform such things as may be necessary to fully comply with the order of the District Court of the United States for the District of Kansas, First Division, and the Honorable Judge thereof, in the above entitled matter.

Adopted by the Board of County Commissioners of Wyandotte County, Kansas, this 13th. day of November, A.D. 1924.

motion by Clarke seconded by Kramer that report of J. E. Wilson Special Investigator appointed by Hon. C. B. Griffith, Attorney General of the books and records of Wyandotte County Kansas from October 1919 to November to November 5th 1924 be received, filed and copied in full on the Journal.

Hon. C. B. Griffith,
Attorney General,
Topeka, Kansas.

Dear Mr. Griffith:

Pursuant to request and instructions, I have examined the books and records of Wyandotte County, Kansas, covering the period from October, 1919, to date for the particular purpose of ascertaining the condition of those books and records as indicated by the report of the State Accountant of the State of Kansas submitted on August 22, 1924. I have not confined my examination, however, to the matters discussed in this report. I have examined the books and records referred to with the additional purpose of ascertaining whether or not the tax payers of Wyandotte County, Kansas, in the period referred to have lost money or been defrauded in any way by the malfeasance or misfeasance of their officers.

In this report, however, I shall first discuss the subjects involved under the same topics as given by the State Accountant in his report. I first refer to his discussion of "BOND RECORDS".

I find myself unable to agree with the report of the State Accountant under this head. The officer just referred to makes specific reference to "Chapter 10-107 of the Revised Statutes of Kansas 1923." There is an error in this citation, for the paragraph referred to does not deal with the question of registration of bonds. The State Accountant evidently had in mind Paragraph 10-107 of the Revised Statutes of Kansas for 1923, which, being brief, is quoted verbatim:

"The clerk, secretary or other recording officer of every municipality shall register said bonds in his office. Such bonds shall also in every case, except city bonds and bonds issued by Boards of Education, be registered by the County Clerk; and such registration shall show the date, number, amount thereof, rate of interest, number of coupons, amount of each, to whom payable, where payable and date of maturity."

Wyandotte County has a bond record of its own bonds consisting of thirteen large books in which a page is devoted to each bond. At the top of the page, the date required in the Statute above quoted is recorded, except the number of coupons; and instead thereof, the due date of each coupon is recorded under the data above given with space for stamping the date of payment of each coupon. This is more than required by the Statute for, as will be easily seen, in regard to the coupons, the Statute requires only that the numbers of coupons shall be indicated on the register. It is true that in filling the forms at the top of the page for some of the data above referred to, the Clerk has filled the form on the first bond in certain issues and thereafter given only on the separate pages the number and dates of maturity of the succeeding bonds; it being plain that the remaining data for bonds succeeding the first one in the same as that found in the first. However, even this is true only in the case of a very few issues, almost all of these containing all the data in full.

The State Accountant says that "it can readily be observed that it would be impossible for the County Clerk to give a correct statement under this act as to the outstanding bonded indebtedness of the County." The assistants of the State Accountant when they examined the books made a complete statement of the bonded indebtedness of Wyandotte County as of April 30, 1924. Mr. W. E. Patterson, an expert accountant employed by the County, had made a statement of the same nature as of the same date. I am inclined to think that the statement made by the assistants of the State Accountant was copied from Mr. Patterson's statement.

However, that is not the case now that a statement of the bonded indebtedness of the County could be made and was made. Moreover, the County Clerk has in obedience to law made a sworn statement of the outstanding bonded indebtedness of this county each year, including the year 1924. In my humble judgment, any one with a common school education and ordinary intelligence could examine this bond register of Wyandotte County and make an accurate and correct statement of the bonded indebtedness of the County.
Every bond that has been either paid or purchased has been marked "CANCELLED" upon this record; and in instances where the bond was bought, this fact is indicated also. From this register, it appears, as above indicated, that the coupons on the bonds of the various issues fall due at different dates; i.e., six months apart. In some four or five issues, I found that the coupons coming due on July 1, August 1, or October 1, 1924, showed no stamp of the date of payment of the coupon. Upon inquiry, I found that those coming due at the later dates had not yet been returned to the County Treasurer by the Fiscal Agency. A small number had been returned and not yet recorded for lack of time, this being the time of year that the Clerk's office is particularly busy in preparing the tax roll; and in this particular year, in preparing for a national, state, county and township election, all of which requires a very large amount of work in a county of the size of Wyandotte County. Moreover, as I have already said, the Statute does not require at all that this record of the coupons be kept.

I find further that throughout the history of the matter, the Treasurer has, when bonds or coupons were maturing, remitted to the Fiscal Agency and kept a proper record of his remittances; and the County Clerk has likewise kept a record of such payments. The account books of the County, therefore, which are the all important records in this regard, have been properly kept; and as far as I am able to find, Wyandotte County has never lost one cent by dishonesty or negligence of its officers in this regard; nor has any bond-holder been maltreated in any way.

In order that I may be entirely accurate, it may be well to say that in the registry of coupons as above indicated, there are a very few coupons in all these fourteen volumes for which there is no stamp showing payment. These are doublets coupons that were never presented by the holder thereof, and it is natural that this would happen in a few instances.

The State Accountant says that the County Treasurer did from time to time remit for bonds and coupons to the Fiscal Agency; and that when the same were returned to him, he passed them into a box in the office without stamping the date of payment on either bonds or coupons. In the first place, if the Treasurer had done this, no harm would be done if his books of accounts had a proper record of the payment. Many of the best business men when they pay a note tear it up or burn it; and if these bonds or coupons had been destroyed entirely the minute they were returned to the County Treasurer, nobody could possibly have been injured; but the statement is unquestionably incorrect; for the bond register showing payment of bonds and coupons as it does could not have been kept so accurately if this had been done. I see no reason whatever to require the Treasurer to turn over bonds and coupons daily to the County Clerk. I think this is being done in Wyandotte County now; and it may be well to do it out of superabundance of caution.

The bonds and coupons in masks in the Clerk's office referred to by the State Accountant are not bonds and coupons of the payment of which no record had been made, but are exactly the opposite. They are bonds and coupons of which the Clerk has made his record in the bond register; and has then carefully placed them in these masks. They may as well be destroyed; much will be their fate some time.

It might be well to remark that when these bonds and coupons are returned by the Fiscal Agency, they are so thoroughly stamped and perforated with records of payment and so forth that there could be no possibility of anyone practicing any fraud by their use.

The State Accountant remarks that there should be a law making it compulsory to keep bond records up to date so that it would be possible for the correct tax levy to be made each year. The Statute herebefore quoted is just such a law, except as to coupons. To be sure, there is no penalty placed upon the failure of the County Clerk to obey it. As far as I could ascertain, there is no need of such penalty in Wyandotte County.

The State Accountant next takes up the subject, "BONDS PAID IN LIEU OF WARRANTS." In this, I quote the State Accountant verbatim as follows:
In the years 1921 and 1922, when bonds were selling below par, the County Commissioners caused to be delivered to contractors, then building roads for the county, road bonds of the county in payment for road constructions and in lieu of warrants. These bonds were delivered by the County Clerk, and a receipt taken by him for such bonds as were delivered. The County Treasurer should have handled these transactions, but upon orders from the County Counselor, the County Clerk delivered the Bonds. This procedure is contrary to the Statutes.

"After several thousands of dollars in bonds had been delivered in lieu of warrants, then the practice of drawing warrants in such cases was stopped and the result of this was, no entries were made on the books of accounts to show that such bonds had been delivered and that certain road work had been paid for.

"In 1923, on January 19, a special auditor for the County Commissioners discovered that such entries had not been made; and upon his instructions, an entry was made charging the accounts with $84,751.70, the amount of the bonds which had been paid to contractors by the County Clerk and no disbursements shown on the books by the County Treasurer. The road vouchers showing that certain amounts were paid in bonds did not reveal any information as to what bonds were delivered to contractors, therefore making it impossible to trace the disposition of the entire bond issue to any certainty."

Upon investigation, I find these statements to be true. The report of the State Accountant itself as just quoted shows that the situation was properly remedied. To be sure, it was irregular, if not unlawful, for the County Clerk to deliver bonds direct to a contractor without the same having passed through the hands of a County Treasurer, when the transaction constituted a payment or disbursement for it is the mandate of the law that the County disbursements shall be made through the office of the County Treasurer. The County Counselor explains to me that he did make the statement to the County Clerk that he, the County Clerk, should deliver bonds to contractors in payment of money owing to said contractors; but that he did not mean that the County Clerk should do so to the exclusion of the function of the office of County Treasurer; that he meant only to convey the advice that bonds should be delivered to the contractors instead of warrants, and had no thought but that bonds would follow the usual channel of disbursement.

But, whatever may be the facts in this regard, I am not sure that your office or anyone is particularly concerned with the matter at this time. The Special Accountant, Mr. Patterson, by diligent inquiry and search identified the bonds which had been handled in this matter and ascertained the exact amount to a cent which had been paid to contractors in this way; and the books of accounts now show the matter complete. The conditions of the bond market have changed entirely so that bonds are bringing more than par, and this practice is no longer followed. I cannot find that Wyandotte County suffered any loss whatever, or that anyone did anything intentionally wrong.

It may be well to remark now that County officers are not usually voted for by the average voter because of their expert ability, but rather because the voter has confidence in a particular candidate, and because the candidate is amiable and likable in his disposition. I therefore advice that this matter just discussed be treated as entirely closed.

Making reference now to the subject of "FEDERAL AID ROAD PROJECTS":

I am unable again to say that the State Accountant is entirely correct. I cannot say that there has been any real confusion in the handling of these matters. Petitions were filed containing the requisite number of qualified land owners with the requisite signature. The law was substantially followed in granting the petitions and ordering the improvements. Surveys, plots and maps, plans, specifications and estimates were made in the manner prescribed by law. Advertisement for bids and the notice thereof and the letting of contracts seem to have been regular. These processes, were, of course, all supervised by the Highway Commission and its Chief Engineer. no legal tax levy was ever made to meet the expense of these roads until the year 1924. In this lies the violation of law.

Of shall be the duty of the proper officers charged with the levying of taxes to levy in each year a sum sufficient to pay the interest on such bonds and the bonds falling due in that year; and any such officer failing to make such levy shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of One Hundred Dollars."

(Paragraph 164-113 Revised Statutes of Kansas 1923)
Such contracts were let and bonds were issued to pay for the expense of the roads for several years prior to 1924. No regular tax levies were made until August, 1924. This is a technical violation of law and the taxpayers of Wyandotte County have just some money, the amount of which is unnecessary for me to state exactly, by reason of the fact that these bonds have been drawing interest when there should have been tax levies to meet that interest when it was due. I am convinced, however, in this instance at least, that in handling a large amount of business, the officers inadvertently violated the law in this respect. However, the crime being one defined by lawyers as "palsmo prohibitum", the element of evil intent is unnecessary to make the act or omission a crime.

I have set out the facts and given my opinion of the attitude of the officers. I might say that under such circumstances, from my experience as a prosecutor, I would have no hope of getting a jury to convict. However, you may take such steps as you deem best.

It should be said, however, that in the case of at least two of these roads, prior to 1924 the amount to be paid by the benefit districts had been ascertained and apportioned and as soon as the Commissioners discovered the error they were committing, they caused a special accountant to ascertain all the necessary facts and a levy made in 1924 to cover past indefeasibility of this kind; and a schedule was prepared showing the Commissioners the exact amount to be charged against the owners of land in the benefit districts and theretofore charged, and the exact amount which must be levied each year during the terms of the bonds for the purpose of meeting the interest and the payment of the principal as the same becomes due.

The fact that the Commissioners and the Clerk permitted these matters to go on so long without proper attention might justify the statement of the State Accountant that there was great confusion. There is no question but that each year the County Clerk should have ascertained and reported to the County Commissioners the exact amount due in the current tax year in the way of interest and principal on the various issues of bonds, and levies should have been made accordingly. The County officers explained that the amount to be assessed against the owners of land in the benefit districts, as well as the total amounts to be assessed against every one under the law, could not be ascertained for the reason that there were immaterial delays in the construction of the roads. However, as will be hereinafter noted, whatever may have been the facts in that regard, the bonds were issued; and provisions for their payment, as well as the payment of accruing interest, should have been made.

The statement of the State Accountant that in some instances bonds were due and payable before a tax levy could be made and collected is true. In these instances, the County Treasurer, having money in his hands for the sale of such bonds, has paid the interest as well as maturing bonds out of the funds received from the sale of such bonds. This is irregular but not criminal. It was the wise thing to do from a business standpoint for the reason that the roads in question had not sufficiently progressed in construction to consume the issues of bonds in payment for construction; and without reference to any technical legal phases, it was well that the Treasurer stopped the piling up of interest by paying the coupons and the bonds. The Commissioners made a mistake in practice by issuing bonds which would mature before a tax could be levied and collected to pay the same; but this is no absolute violation of law.

The officers deny the statement that the disbursements on road contracts were not audited by the County Auditor's office. It is true that the payments which by contract were to be made on estimates of the County Engineer were handled as such matters were always handled. The estimates were approved by the Engineer of the State Highway Commission also, by the County Engineer; and, usually, by the Superintendent of Construction; but in most instances, they show no stamp of approval by the County Auditor. However, the County Auditor, as prescribed by law, immediately prior to the meeting of the Commissioners for the payment of bills prepares what he calls a docket which contains a statement of each claim in the month involved, giving the date, amount, and the name of the claimant; and this docket shows whether or not the claims were approved by the Auditor. Moreover, the Auditor invariably sits in
person with the County Commissioners when they are allowing bills; and each claim is discussed as required. The Commissioners do not at any time allow any claim until so advised by the Auditor. In my judgment, it is not legally necessary that the voucher or the estimate on which the case may be, should show the stamp of approval by the Auditor, although this would be a much better practice that otherwise, especially for record purposes. If the Auditor has prepared his certificate which in Wyandotte County is called a docket, showing his action on the various claims, and if he has actually approved or disapproved a claim, he has performed his said legal duty without showing a visible stamp or of approval upon the voucher or estimate.

By reason of the large number of warrants which must be drawn every month and the hasty demand of the claimants for immediate delivery, the Clerk, being limited in help, causes someone in his office each month just prior to the allowance of bills to write the warrants ready for the signatures of the required officers. In some instances, the claims are not allowed as expected, and such warrants must be destroyed. The State Accountant refers to an incident of this kind involving a warrant, the payment of $11,262.63. This was a warrant to a contractor on Project 50-A-act 50-B as given in the State Accountant’s report, Fort-to-Fort Highway. The estimate upon which this warrant was drawn was first approved by the Engineer of the State Highway Commission; and upon first examination, the County Engineer approved it. When it reached the Auditor and Commissioners, some discussion arose and it was found that this claim was for work for which Leavenworth County was obligated in the major portion. At times, these two Counties in such instances had followed the practice whereby the County to which the claim was first made should pay the entire claim and bill the other County for its portion; but in this instance, as well as some others, Wyandotte County decided to allow only its portion of the estimate, which was $3,239.73. The estimate, therefore, for the full amount was disallowed and the warrant which, by the practice of the County Clerk just herebefore indicated, had been drawn was not signed by the Chairman of the County Commissioners, could never have been cashed by anyone, and was marked void. The failure of the payment of this large warrant was, therefore, not because of a lack of funds, but for the reasons herebefore explained.

There might be some question as to the advisability of the practice of the County Clerk in drawing warrants before claims are allowed; but when one observes from day to day the amount of work the County Clerk of Wyandotte County has to do and realizes from experience the unpleasant importance of people who claim warrants are to be delivered, one is entirely unable to criticize such a practice. Precaution should be taken, and, I think, in taking in Wyandotte County that such warrants should not be fully signed by the required officers until the claims have been allowed.

Referring again to the system used by this County of paying for the construction of improved roads, it might be well to suggest that the statute is in such matters until recently provided three methods. If the County in possession of the funds in its general road fund, the expense of such construction may be paid from the general road fund as other roads. Wyandotte County was not in a position to do this. A second method was provided by law whereby the County Commissioners could create the fiction of a special fund without any money in the fund; warrants could be issued against this fund and carried as evidence of indebtedness. Then the project was completed and all payments made, bonds could be issued to meet the amount due. Upon the advice of the County Counselor, Wyandotte County chose not to follow this method. The other method provided by law in the case used by Wyandotte County, namely, the issuance of bonds as the work progresses. In Wyandotte County, the Board usually issued bonds to cover the entire expense of a road when the same was begun. The road construction was often delayed and this caused the payment of unnecessary interest. Upon the completion of the roads or before, it was often found that the County received federal aid, state aid, or other contributions which reduced the amount for which bonds should have been issued, thus making excess issues. This was severely condemned in the report of Mr. E. E. Patterson, Special Accountant, who was employed by the Board of County Commissioners in January 1923, and who filed his first report in March of that year. Upon the advice of Mr. Patterson, the Board by formal resolution canceled all excess bonds and the record is now entirely clear on that point. The law now provides for the issuance of short-term, negotiable notes in the payment of indebtedness of the character until the
projects can be completed and the full amount ascertained and all credits from contributions given, at which time bond issues can be made for the exact amount really to be raised. Wyandotte County is now using this means of financing the road projects as contemplated by the statute referred to, 10-125, R.S.

Kansas 1903.

It perhaps should be added before discussing this topic that the law providing for the construction of improved roads also makes it mandatory for the County Commissioners to levy a tax to pay the accruing interest and maturing bonds from year to year.

I now refer to the topic which the State Accountant entitled "Pay Roll - Warrants Assigned." While I did not make an exact count, I rather think that the statement of the State Accountant is true that a majority of these warrants are assigned to Thos. J. Barker's Sons. It is certainly true that a majority of them are assigned to this firm or to one of several other persons, firms and corporations which seem to have received some of them. The practice of assigning warrants, or rather claims, may possibly give some additional opportunity for speculation; but I know of no way to prevent it. It is a legal and legitimate practice. The State Accountant in this matter does not mean assigning of warrants; he refers to the assignment of claims evidenced by vouchers. A warrant is a negotiable instrument and can be passed either by delivery or endorsement; and I am very sure the State Accountant would not be so absurd as to complain of such a use of a negotiable instrument. I take it, therefore, as I have said, that he refers to the assignment of claims. A claim is what is known in common law as a chose in action, and is assignable. Each and every person to whom the County owes a debt has the perfect right to assign that debt to some one else, and that some one else may by such an assignment just what the assignor had and no more. Thos. J. Barker's Sons is a respectable firm of high financial rating. They do a legitimate business. Since they purchase a good many of these claims, naturally they have cause to be printed a form which they use. Many of the employees of the County cannot afford to wait a month for their pay. The County pays only once a month. This is in keeping with the law. It is practically necessary, therefore, that some of these laborers sell their claims. The assignee delivers the printed assignment, after it has been signed, to the County Clerk. The County Clerk issues the warrant to the payee of the voucher. The assignee appears at the Clerk's desk and presents the warrant for his assignment and signs the warrant record to indicate this receipt. Sometimes the assignee sends one person from his firm and some another. Different persons therefore appear on the warrant record as having received these warrants, even though they may have been delivered to the same assignee. In unassigned claims, the warrant is sometime delivered by the Clerk to someone whom the claimant has sent to receive it. The claimant is probably busy at work. The County Clerk's office is open from eight in the morning until five in the afternoon. These are the hours that laborers work. To use their time for coming to the County Clerk's office to collect a small warrant is a loss which these laborers cannot undergo without sacrifice. The County Clerk, therefore, does not undertake to refuse to deliver a warrant to any one except the claimant; but assumes that the person calling for the warrant is authorized to receive the same. In many instances, the County Clerk happens to know the person calling for the warrant in the assignee or some member of the assignee's firm. In many other instances, the County Clerk knows the person calling for the warrants and knows personally that they are reliable, and are not trying to defraud the County or the claimant. Whether the County Clerk is possessed of any of this knowledge or not, I am convinced from my experience with County matters and my study of the situation in Wyandotte County that for obvious reasons the County Clerk cannot make the rigid requirement that the claimant must call for the warrant and sign the warrant record.

The vouchers referred to are all approved by the persons in charge of the departments in which the claim is presented. The Auditor refuses to approve the claim and the Commissioners refuse to allow the same until this requirement is met. In road matters, the Superintendent of Roads must approve the claim. Mr. R. L. Cahill is the Superintendent of Roads in Wyandotte County, and has been for
many years, I have made careful and elaborate inquiry and I find that Mr. Cahill's reputation for honesty is above reproach; that he has served in this capacity many years; and that no one would be placed in his hands the effect that he will not approve claims that are not accurate, or that amount to or false. I also conferred with Mr. Cahill and he informs me that he approves no claims except such as he knows from personal observations are correct. He tells me that it is his practice weekly, or more frequently if necessary, to make out the vouchers for laborers on road work himself and hand each man's voucher to him. The claimant then takes this voucher to some one who has the right to administer oaths and signs and swears to the same. It is immaterial to the law whether this someone is the County Clerk, a Notary Public, Justice of the Peace, Clerk of the Court, Probate Judge, or anyone of several other officers who are authorized by law to administer oaths, It seems that Thos J. Barker's Sons have a Notary Public in their office whose name is Barker. As far as I am informed, this fact does not disqualify him from acting as a Notary Public and administering the oaths to these claimants; and many of the claim or vouchers which I examined contained the name of this Notary Public.

Mr. Cahill explained to me further that it had been his practice for years, in the case of the regular employees on road work who are paid by the month, to make out the voucher of the employee, cause him to sign the same out or the works, and Mr. Cahill has certified these vouchers thus signed to the County Clerk, who, without the presence of the claimant, has acknowledged the signature and placed his jurat and seal on the voucher. Of course, the County Clerk knows these employees and knows their signatures. We therefore felt that he was warranted in doing this. I advised Mr. Cahill and the County Clerk that this must be stopped; that the law of this State does not permit any officer to evidence the oath of anyone without having seen the act of signing in his presence and having administered the oath to the signer in person. I am thoroughly convinced that this culpable practice which I have just outlined has not at any time caused the County any loss. I am, moreover, convinced beyond doubt that both Mr. Cahill, and the County Clerk, or his Deputy, were acting in good faith with the best of intentions, and with the thought of helping someone in an unselfish manner.

Referring again to the question of assignment of these claims, I might suggest that I have advised the County Clerk in my judgment, a better practice than that above indicated would be to attach the assignment slip to the voucher in every instance prior to delivering the voucher to the Auditor to obtain the approval of the Auditor after such assignment and the allowance of the claim by the Commissioners to the assignee and not the original claimant. However, this method also has its objectionable features.

It is useless to decry this practice of assignment for, as I have said, it is legal and legitimate. There is but one thing to do, and that is to use all possible caution to see that no fraud be practised. I cannot find any instance in which Wyandotte County has paid one cent of money for which no work was done or no material furnished or delivered. I see no reason, therefore, to make serious complaint.

The State Accountant says that these claims are not all signed in the handwriting of the claimant. This is true. In many instances, the claimant authorizes Mr. Cahill or someone else who is handling the voucher to sign his name, which is also legal, legitimate, and binding. This is true even if the signature is signed in type. The law is concerned with the mental act of the person to be bound. The signature is but the visible evidence of such mental act. To prevent counterfeiting or forgery, a written signature is better; but this typewritten signature is just as binding. The instances of typewritten signatures, however, either on voucher or assignment in Wyandotte County are rare indeed.

The State Accountant submits with his report eleven photostatic copies of vouchers intended to illustrate some of the complaints he makes. I have examined these photostatic copies and the originals from which they were taken. There are four of them that are entirely correct in every way except that the name of the claimant and affiant is not placed in the body of the affidavit of verification. This is not absolutely necessary although, of course, it should have been done. The other six photostatic copies show the same difficulty and defect; and, likewise, show that there is an absence of the jurat and seal of any officer with power to administer an oath. In each of the cases of these six photostatic copies, I have examined
the original vouchers; and I find that each original voucher contains the Jurat of the County Clerk by one of his Deputies and the seal, but the Jurat has no date. The latter is not absolutely essential. I cannot believe that the State Accountant took photostat copies of vouchers leaving off Jurat and seal which were present at that time. These apparent requirements, however, are but evidences of the actual administration of the oath; and if the oath was actually administered at the proper time and especially if the affidavit was signed as was unquestionably done in all these cases, our Supreme Court has held that the Jurat and seal may afterwards be lawfully attached as the evidence of the act of the officer who did administer the oath. The photostat copies, therefore, submitted by the State Accountant display no real violation of law.

Moreover, these photostat copies are taken from eleven vouchers of February, March, April, and May, 1924; in which months, there were some four thousand vouchers filed and passed upon. It would not be surprising if County Officers, who are only human, should make seven errors in handling four thousand vouchers.

In this connection, I have examined approximately six thousand of the vouchers filed in Wyandotte County in the last two years; and in this number, I found eight hundred forty-six (846) that did not contain the stamp of approval by the County Auditor, twenty-seven (27) without signatures, or one hundred nineteen (119) without Jurat, fifty-six (56) without seal, six hundred fifty (650) that were signed by firm names only, and eight (8) that had no stamp of the Clerk's filing. Referring to these vouchers having no stamp of the Auditor's approval, I call your attention to what I have herebefore said. I think for record purposes, the Auditor should place his stamp of approval or disapproval upon each voucher as he has done upon the great majority of them. But if he has given his approval undated the same to the Board of Commissioners, as herebefore disapproved, that is probably sufficient. It would be unfair to the County Auditor while referring to this if I fail to say that upon examining all these vouchers, I have found very great evidence of painstaking effort on the part of the Auditor and his office forces. There were many notations made on vouchers which indicate plainly the great scrutiny to which the vouchers were subjected by the Auditor.

In the case of the twenty-six (26) vouchers that contain no signatures whatever, I am of the opinion that the Commissioners are guilty of a technical violation of the law in allowing the claim evidenced by such vouchers without any signatures, for such is essential to an affidavit of verification. Section 19-242 Revised Statutes of Kansas 1925 provides in part as follows:

...and no County warrant or order shall be issued unless an account containing the several items thereof, verified by affidavit, setting forth that the same is just and correct and remains due and unpaid, and that the amount claimed thereon is actually due according to the legal or ordinary price for the services rendered or materials furnished, as the case may be, shall have first been presented to the Board of County Commissioners and allowed as herebefore provided.

Section 19-243 of the same compilation therein provides in substance that if the County Commissioners violate the section just quoted, or the County Clerk, he or they shall be deemed guilty of a misdemeanor and subject to a fine of not less than Ten Dollars ($10) nor more than Two Thousand Dollars ($2,000), and shall be removed from office.

The County Commissioners, therefore, in this substance are technically guilty of a crime and subject to a fine; but the ordinary human being would not expect that a jury would convict when out of six thousand vouchers, only twenty-six (26) fail to contain the essential feature of an affidavit of verification, to wit: the signature.

I am inclined to think that the sixty-five (65) vouchers above referred to as being signed by firm names only are technically without signature; for a firm, as such, cannot take an oath. But doubtless, the County Commissioners had no
such thought. In dealing with these County officers and attempting to ascertain the facts in all these matters, I have followed the advice of experience and taken into account the personal equation; and I am glad to say that the attitude of all these officers is such that one could have no suspicion of any one of them having any real desire to do a wrong thing or a right thing in a wrong manner. However, I again leave this matter to your good judgment. I have just indicated that there is in this instance a technical violation of a statute carrying a double penalty. The disposition of the matter is in your discretion.

I cannot agree with the State Accountant that there have been any forgeries in the matter of handling these vouchers, warrants, and assignments. My difference of opinion from that of the State Accountant may come from our different understanding of what constitutes forgery. He defines it as the signing of any instrument not in the hand-writing of the signer or signed by mark in the presence of witnesses. In this, the State Accountant is entirely in error. Forgery consists of the unauthorized signing of an instrument by some one not the person to be bound, which unauthorized signing is done for personal gain. The signing of the name of another at the instance or upon the authority of the latter is never forgery; and this is the extent of the irregularity found in any of these matters.

I have indicated the extent to which the law has been violated in these matters, and it will be seen that the statement of the State Accountant that the law has been violated thousands of times is without authority in fact. It is grossly wrong, in my judgment, for the State Accountant to say that there are not words in the English language that will properly describe the deplorable condition of records in Wyandotte County. He proves this by reference to the photostat copies hereinafter discussed. You will see that the photostat copies prove no such thing. Moreover, I have found in general that the records of Wyandotte County in all these matters, considering the immense volume of business handled, the method of election of officers under our system of government, and the human limitations which have been made errors common in all the affairs of men, are in rather extraordinarily good condition.

The State Accountant next discusses a topic which he entitled "Special Audit Expense." He makes his discussion brief, and I will do likewise. I have not taken the trouble to ascertain the exact amount paid to Mr. H. E. Patterson for special work for the County on the special audit referred to by the State Accountant. Mr. Patterson was paid by agreement Ten Dollars ($10) per day and actual expenses, and was given such clerical and other assistance as he needed to do his work.

Mr. Patterson's own personal charge was approximately Sixteen Hundred Dollars ($1600). The other expenses connected with this audit brings the total up to about thirty-five hundred dollars ($3500). Mr. Patterson was employed after this special audit to give the County officers careful instruction in the manner of handling their affairs; has more recently been employed to prepare, and is yet laboring on the preparation of a statement of uncollectible personal property taxes covering the period from October, 1919, up to the present time. This statement is for submission to the State Auditor as provided by law for the purpose of preparing a return to Wyandotte County of over-payed taxes to the State Treasury. It now seems evident that by this work, Mr. Patterson will be able to recover for Wyandotte County a sum of Six Thousand Dollars ($6000). His compensation for the work is only a small part of that; and a part of it is included in the Five Thousand Dollars ($5000) referred to by the State Accountant.

Samuel Stewart, who was Treasurer of Wyandotte County beginning October 15, 1919, died on January 12, 1923. Mr. Stewart was a man well known for his honesty and affability; but he was not particularly well trained in the duties of the Treasurer's office. His deputy, Benj. Schnierle, was on the 18th day of January, 1923, appointed and qualified to serve the unexpired term of Mr. Stewart. The County Commissioners wisely thought it best to have a complete audit made covering the records in the offices of County Treasurer and County Clerk, and covering the entire period of Mr. Stewart's official service. Mr. H. E. Patterson was employed to do this; and on the 8th day of February, 1924, he filed his report. On the 30th day of February, 1924, he filed a supplemental report covering this period as well as that of Benj. Schnierle. These constitute one report, which is now a part of the records of the office of the County Clerk.

This report is a masterpiece of its kind; a real work or art in the field of accounting. It exhibits on the part of its author the most superb ability and painstaking effort. It is Upon verification, I have found every statement in his
report with which I have been concerned to be true and accurate. In my judgment, the expense of this audit was legitimate and based upon the best of wisdom.

Having as we do in this government a continuously changing personnel in county offices and, as I have said, having all the time many officers who are not experts in their line, in my humble opinion, it would be well if every county in this State would cause an expert audit of its books and records once a year. The County Commissioners are by law made the guardians and custodians of the expenses of the several counties. They are by statute authorized to incur and pay extraordinary expense when in their judgment it is wise and proper. It would be fatal if there were not someone authorized to attend to the business of counties in somewhat the fashion fashion that large private concerns are handled; and I think the County Commissioners to a very large extent have such authority, and in this instance they used it wisely indeed.

In the matter of NEW COURT HOUSE EXPENDITURES, the State Accountant enumerates the following items:

The State Accountant then proceeds to discuss some immensurate the items of site, advising architect, stenographers, appraisals and traveling expenses. The items of repairs, typewriter rental and telegrams are not discussed by the State Accountant, and are so small that I have made no investigation as to these items.

The item of office furniture, $99.00 was incurred in this manner. The qualified electors of Wyandotte County voted a bond issue of approximately One Million Dollars to build a new Court House. The County Commissioners, realizing the great need of a good Court House in Wyandotte County and the heavy responsibility placed upon them in this expenditure of so large a sum for a permanent improvement of this kind, very wisely decided to ask a committee of the most able and eminent citizens of the County to assist them in their plans for this purpose. They therefore invited Messrs. Fred Robertson, F. W. Goebel, W. T. Maudner, C. C. Nealsbrode, and J.A. Cussey to act as such Committee; all of whom gladly consented. This Committee has already had, and will have many long and busy sessions. As a meeting place for this Committee and such as should work with them, the County Commissioners rented a small room adjoining the office of the County Auditor and purchased simple furniture to the extent of Ninety-Nine Dollars (99.00). Through kindness of the County Commissioners, I have been permitted to use the same room for many of my work in this investigation; and I assure you that there was no extravagance used in furnishing this room. The expense was legitimate and proper.

The expense of advertising was the usual expense in matters of condemnation, and is not excessive.

The insurance was incurred in the handling of properties condemned.

It is to me inconceivable that anyone should criticize the Commissioners of Wyandotte County for expending some public money in a trip made for the purpose of examining other Court Houses. These Commissioners are not by training Court House experts. To expend One Million Dollars in the building of a Court House for one of the largest Counties of this State without examining some other structures of that kind in this County would have been reprehensible indeed. This trip, as stated by the State Accountant, cost the County Two Hundred Thirty and Twenty-five one-hundredths Dollars ($235.25). The personnel of the embassy included David Buckland, Samuel Clarke and Peter H Kramer, County Commissioners; also, Henry Meade, County Auditor, who acted as secretary, recording the data and observations gathered
and made. Ten days were consumed, and Court Houses at St. Paul, Minneapolis, Sioux City, Omaha, St. Cloud and Mankato were examined. It is to me a marvel that the expense was not much more than this. These men explained that they economized for the County by traveling in one Automobile mainly at night and doing their work in the day time. Certainly, they economized in some way. Upon their return, they published a report long and elaborate which was considered of such value that the Chamber of Commerce of Kansas City, Kansas, requested extra copies and commented very favorably.

Referring to the items of stenographer expense, I am unable to ascertain how the State Accountant reached the exact figure which he gives, but this is not important. For some time prior to April 11, 1924, Jessie I. Kendig, referred to in the Accountant's report, did various kinds of work for the County in her line as stenographer. From month to month, she submitted vouchers giving an itemized statement of the various pieces and parcels of work done. I have examined these vouchers and find that the expense was legitimate and not excessive. On one of these vouchers, under date of February 26, 1923, Miss Kendig lists an item of sending telegram to the firm of Wood & Oakley, lawyers in Chicago. Three assistants of the State Accountant called upon the Assistant County Auditor and tried to get him to make some comment upon the item and upon the general work of Miss Kendig. The Assistant to the County Auditor refused to make any comment. Some one or more of these assistants to the State Accountant made some remark concerning this item, and the State Accountant makes the following statement in his report.

"I then asked the Assistant to the County Auditor for a detail of Jessie I. Kendig's services, she could remember of sending one telegram."

This situation has just been explained. The assistant to the County Auditor absolutely and positively denies that he ever questioned Miss Kendig's bills in any way or that he ever asked for a detail of her services. He says the statement in the report of the State Accountant is entirely untrue; but that some conversation occurred as above given between himself and three of the assistants of the State Accountant in which they insisted on his saying something about this matter, and he refused to do so.

I have examined the vouchers and the claims of Eleanor Wade who did special work as stenographer for the County Commissioners and the County Auditor. All services were rendered; the expense legitimate and not excessive.

Some of the claims to which I have just referred were noted on the docket in lead pencil as stated by the State Accountant; but I cannot find that this was done after the County Commissioners had approved the docket. At all hazards, they were approved and allowed. The claims and expenses do not lack in wisdom so far as I can see. Moreover, the Assistant to the County Auditor informs me positively that he did not at any time object to any of these claims, and that the statement to that effect in the State Accountant's report is untrue. I find absolutely no reason for raising any complaint whatever as to the expense of stenographers referred to in the Accountant's report.

The State Accountant complains of the payment of Three Thousand Dollars ($3000) to the advising architect, and states that the latter is working on a contract for the year 1924; that consequently, he was over-paid when more than half of the Five Thousand Dollars ($5000) for the year was paid prior to the middle of the year. The contract between the Board of County Commissioners and the advising architect, Mr. William I. Steele, of Sioux City, Iowa, is in writing and was executed on the 27th day of March, 1924. I have examined this contract which the State Accountant evidently didn't do. There is no time limit or period of service fixed in this contract. The sum of Five Thousand Dollars ($5000) for the services of the advising architect is agreed upon, and the County Commissioners agree to pay in addition there to all expenditures on the part of the architect such as telegrams, telephone calls, postage, express and freight charges, traveling expenses (including railroad and pullman fares), hotel bills, and subsistence while away from home in the discharge of his duties in connection with said contract. The contract further provides "payments on account hereof to be made from time to time as the work progresses. Reimbursement for expenditures, as hereinbefore set forth, shall be made from time to time as the professional adviser bills the items until all such have been repaid to him." Under this contract, there can be no
complaint that the County Commissioners have paid Mr. Steele the sum of Three Thousand Dollars ($3000) on compensation, and the sum of One Hundred Sixty-six and Thirty-four and one-hundredths Dollars ($166.34) as reimbursement for expenditures.

The item of $38.15 traveling expense for Henry Meade was incurred by a trip of Mr. Meade's to Sioux City to confer with this architect which saved a trip of the architect to Kansas City. I think Mr. Meade made the trip for less expense than the architect would have made it. The item should cause no comment or complaint.

I find myself at a greater loss to discuss the item of expense for appraisals. This item consisted somewhat of the payment of regular appraisers appointed by the County in the condemnation of a part of the site. A large portion of it consists of expense incurred at the instance of the County Counselor. Knowing that the city had designated the general location which has been chosen for the new Court House as a civic center, and understanding the natural disposition of humanity, the County Counselor well understood that as soon as the County Proceeded to condemn land for the Court House site, the same in the estimate of its owners would begin to have an inflated value. He foresaw, as any good lawyer would see, that some of the owners of land condemned would appeal to the District Court from the allowance of appraisers. The outcome of such appeals when tried to a jury depends, of course, upon the evidence; much of which consists of the opinions of so-called experts on the value of real property. These experts are not necessarily dishonest, but may be influenced by the persons or parties who first see them or who call them as witnesses. With all this in mind, Mr. Brady, the County Counselor, called in two prominent real estate men to act as captains and engaged these men to call other real estate dealers to their assistance for the purpose of making a quiet examination of each of the premises involved; and, further, to be ready to testify as to the actual value of the premises immediately prior to the condemnation. There have been several appeals to the District Court from condemnation proceedings in this matter, and Mr. Brady feels that his precaution in this way has enabled him to settle practically all of these appeals to the great advantage of the County and has thus saved the County thousands of dollars. The procedure is not novel in handling private business, but rather unusual in public business. These professional and unofficial appraisers were paid substantial sums; the two captains being paid Fifty Dollars each. Judged from the highest standard of casuistry in public affairs, this may be open to some criticism.

It is an expense not specifically provided for by law, but the real estate agents involved performed a service for the County; and they filed their vouchers under oath that the charges made were reasonable for such services. The County Auditor and the County Counselor, as well as the County Commissioners, believed this to be true, and allowed the claims. I am unable to say that there is any violation of law in this process although there will doubtless be those who criticize.

These items of expense which I have discussed were all charged to the general Fund for there was no other place to charge them unless the County issued bonds separate from the Court House site bonds. The money raised for the Court House site could not be used for these items, unless it would be the item of appraisal; and there is some question as to whether this could be done. If a bond issue has been made, there being much delay foreseen in the building of the Court House, it is likely that some useless interest would have been paid. The same taxpayers must pay the bill anyway in the same proportion, and I see no objection to the fact that these items were charged to the General Fund.

The State Accountant is notoriously wrong in his statement that the item of $85,000 paid for a part of the site is charged to the General Fund. This is not true. This item is not charged to the General Fund on any book of account in the office of Treasurer or the Clerk. It is charged to the Court House Site Fund, which is carried on every book of account in the office of the Treasurer and Clerk and has been so carried since the month of May, 1923. Several other items are charged to this account for other parts of the site, but no items are charged to it which should not be.
The State Accountant is further grossly wrong in his statement that no bonds issued for the payment of the Court House site have ever been sold. I cannot understand how he and his assistants made this pedagogical error. Bonds for the payment of the Court House site to the extent of $175,900.00 were sold on May 15, 1933, to A. M. Gillis & Co. and every possible sort of a record of this sale is made. Receipts, deposit slip, account books, ledgers, cash books, day books—everything in the way of a record in the two offices show this transaction. The bonds were sold for par $175,900.00 plus a premium of $148,900 and accrued interest amounting at that time of $25,900. A special fund was created on all the books, and this account has been carried that way ever since. The bonds were entered on the bond register in the regular way. I have examined all these books and have talked to Mr. Gillis who bought the bonds; all of which information was easily available to the State Accountant at the time of his examination.

This seems to dispose of the State Accountant's topic: "NEW COURT HOUSE EXP MNTS"

Under the head of "RECORDS AND FILING SYSTEM," the State Accountant is so dramatic in his criticism as to charge the officers with criminal negligence in the matter of the conditions of their records. I cannot say positively what the condition may have been when the State Accountant made his examination. Moreover, your office is not particularly concerned whether a County Clerk permits a record book to rest on the floor or on a shelf. I have examined the offices and in my judgment, the records are as well cared for as could be expected in an old Court House, dirty with age and cramped for room. The space available seems to be economized at the present as well as could be.

The improvement in the records themselves referred to by the State Accountant is not so much the result of the efforts of the bookkeeper in the County Clerk's office as it has been the result of the instruction by Mr. Patterson hereinbefore referred to. In the official term of Samuel Stewart, beginning October 14th, 1919, and ending at his death January 12th, 1923, there was much lack of care and regularity in the cooperation contemplated by law between the offices of the County Clerk and the County Treasurer whereby each office should have its check on the other as to the financial transactions of the County. The Treasurer was the more negligent of the two. The Clerk seemed to be trying to perform his duty, but was unable to get the records from the Treasurer's office daily in such manner as would enable a complete compliance with the law. There was no suspicion that the Treasurer was dishonest, but he failed to keep a daily balance, would not make trial balances, had his own peculiar and sometimes unlawful system of keeping certain details of the accounting; all of which made it impossible for the Clerk to get a proper check on the Treasurer's office.

It would require too much space to go into detail regarding these transactions, but one incident will serve as an illustration. By reason of inaccuracy of the helpers in the Treasurer's office, taxpayers often paid more taxes than were due on specific items. The same thing occurred in payment for automobile licenses. There were over-payments in other matters. Occasionally two persons paid the tax on the same property. These things will occur in the office of any County Treasurer as well as in many other offices that require correction. The proper procedure, of course, is to obtain a refund order from the Commissioners and keep a complete record which should be checked every day with the record of the County Clerk; and there should be a double record of every such transaction. In the term of Mr. Stewart and Mr. Schnierle, his successor, this was not done. These officers issued the County Treasurer's check to persons who had been overcharged or double charged, and a large number of items of this kind accrued. Many times a person to whom a refund was due did not call for it; and these matters accumulated. This was irregular and unlawful, but Mr. Stewart is dead and very little space should be given to the consideration of what he did unless the County has suffered loss. Moreover, Mr. Schnierle retired from office in October, 1935; and what he did is of little importance now unless the County has lost.

The record shows that by reason of the failure to check and cooperate, as I have indicated, at the close of Mr. Stewart's service, the two offices failed to balance to the extent of $177,900. The County Clerk's office appeared to be correct. Mr. Schnierle, who was Mr. Stewart's deputy, succeeded Mr. Stewart and served the unexpired portion of Mr. Stewart's term. Mr. Schnierle assumed $51,200 of this difference. The balance was paid by persons who were interested in seeing that the services of Mr. Stewart were made satisfactory. The County, therefore, has lost nothing as to this period.
At the close of Mr. Schnierle's service in 1923, a difference in the accounts of the two offices again existed in the sum of $11.12. So far as I am able to learn, this difference has never been adjusted, and seems to be against the County Treasurer, Mr. Schnierle.

In the period of Mr. Stewart's incumbency, the total receipts of his office were approximately Seventeen and One-Fourth Million Dollars. A difference, therefore, of $177.90 in so large a sum covering a period of almost four years is not serious. During the services of Mr. Schnierle from January to October, 1923, the total receipts were almost six and One-half Million Dollars. A difference, therefore, of $11.12 does not seem serious.

As I have indicated, Mr. Schnierle assumed $31.38 of the difference existing at the end of Mr. Stewart's term of service. However, Mr. Schnierle always felt that he was not personally responsible for this sum. When he retired from office, therefore, he cashed four checks belonging to different individuals who failed to call for their refunds as hereinbefore set out. These four checks totaled $31.65, He paid Twenty-eight cents (28¢) in money to the new Treasurer; which, together with the $31.38 referred to, equals the $31.65 total of the four checks. These checks did not belong to the County, but were for overpayments or double payments as indicated. One of them, in the sum of $1.24, belonged to P. Mets; one, in the sum of $4.75 to N P McMillen; and one, in the sum of 75¢ without name. It will be seen that this act on the part of Mr. Schnierle, the County lost nothing unless these four individuals demand each amount as above indicated, to which he is entitled from the County. If that is ever done, Mr. Schnierle should be compelled to reimburse the County to the extent of its loss. His act in taking these checks was unlawful.

The County has charged Mr. Schnierle, under his own assumption as above indicated, with three items shown on the books: one an item in the sum of $29.40 which Mr. Stewart had advanced as expenses of one Mr. Robbins on a trip to Topeka; and which the County Commissioners refused to pay; another being an item in the sum of $2.25 which had been advanced to one Joe Hoffman by Mr. Stewart, and which the Commissioners refused to pay; another being an item of $1.75, being a check returned unpaid for insufficient funds for which the Commissioners refused to credit Mr. Stewart. These items total the $31.38 above referred to.

Other than these transactions just recited, I can find no financial losses; and in these, I find that the County has lost only $11.12, unless the individuals call for the amounts above referred to.

Section 19-312, Revised Statutes of Kansas 1923, sets out in detail the items with which the County Clerk on his books must charge the Treasurer, and the items with which he must credit the Treasurer. Section 19-522 of the same compilation prescribes the duties of the County Clerk in keeping the accounts of his office and that of the Treasurer with the depository banks and the fiscal agency. Section 19-555 prescribes the duties of the County Clerk in the matter of charging the Treasurer with checks and drafts, and crediting the bank therewith, and charging the Treasurer with all moneys disbursed by the fiscal agent, and crediting such agent therewith. Section 19-555 provides the manner of handling the tax receipts as connected with the two offices. Section 19-537 provides that the willful failure of the County Clerk or Treasurer to comply with any of these requirements as given in the sections heretofore cited shall constitute a misdemeanor, and the offending officer shall be fined in any sum not exceeding Five Hundred Dollars and shall be removed from office.

I am convinced that these sections were not carefully complied with during the periods of time hereinbefore referred to; but I am not convinced that anyone willfully failed to perform his duty. As I have already stated in this report, after the Special Accountant filed his first report in March, 1923, upon the orders of the County Commissioners, he carefully instructed the officers in the proper method of
handling the various details of their respective offices; and his instructions since they have been complied with to a remarkable degree. I find that since that time, and especially since the present Treasurer, George I. Griffith, took office in 1923, there has been a most commendable care taken and accuracy accomplished in the manner in which these two offices handle the business of the County. A daily balance is prepared by the Treasurer and checked with the office of the County Clerk; and thus far, only minor differences have ever been found, and these were immediately traced and corrected. The readiness with which the officers labored to follow the instructions of a competent person when they had the opportunity of receiving such instructions convinces me that no wilful delinquency ever occurred.

While there were technical violations of the statutes which I have cited, I would not advise prosecution or ouster. Mr. Stewart, as I have said, has passed away; Mr. Schierle is out of office; and Mr. Griffith, the present Treasurer, is doing excellent and accurate work indeed. The same County Clerk Mr. Beggs, has served throughout this period. He is not an expert accountant or office man, but shows every element of a disposition to do his work correctly to the best of his ability. Considerable credit is given by the State Accountant to a certain book-keeper in the office of the County Clerk. This credit, in my opinion, belongs to the expert Accountant, to the officers themselves, and to all the assistants. The Book-keeper referred to is a highly competent and painstaking servant of the County and is very valuable in his efforts to keep the new system working perfectly.

I now give my attention to the subject entitled "FIELD NOTES, ASSESSMENT ROLLS AND TAX ROLLS."

Under this heading the State Accountant speaks in his first paragraph as follows:

"In checking the posting from field notes to the assessment rolls it was found that there were hundreds of errors, in posting, and in some instances the field notes were not posted at all, and were never entered on the rolls."

I assume that the State Accountant refers to the assessment rolls of 1922, 1923, and 1924. 1922 was a regular assessment year for real property. Section 79-408 R. S. 1922 provides that in such assessment year the County Clerk shall make out the assessment roll, giving the description of the various pieces and parcels of real property to be assessed. The County Clerk of Wyandotte County did this in 1922 with entire care as far as I can find. The Assessor, together with his deputies, placed assessments of valuation on these parcels of real property, the assessment roll or rolls were turned over to the Assessor, and these valuations were recorded. I think it is true that some of the field notes of 1922 have been lost. I can not find any substantial errors in transcribing those that are still in possession of the Assessor.

I have found a vast number of errors in the notes of the State Accountant in this connection as well as in his suggestion as to the discrepancy between the field notes and the assessment rolls of 1923 and 1924. Moreover I find that many parcels of real estate have been replatted and the assessment which he says is missing is found in other parts of the book. Some of the valuations were changed in 1923 and 1924 by the Board of Equalization and the State Accountant seems to have failed to see these changes. There were some errors, presumably because of error. It is not surprising that in handling over one hundred thousand tax items the officers should make some errors. Moreover there are some properties valued on the assessment roll and not in the notes, which apparent discrepancy arises from the fact that the Clerk, following the law prescribed in such matter, placed these on the assessment roll upon information which he obtained himself. (Section 79-417 R. S. 1923). I have found in many instances that the descriptions given by the Assessor of the State Accountant were incorrect and upon search I found that the valuations were placed opposite the correct description. My investigation did not enable me to discover some irregularities and mistaken ideas of the law on the part of the office or the Clerk, some of which were not mentioned by the State Accountant. It often happens that between the assessment periods a property owner sells a part of a tract. In many instances of this kind the two owners have come to the Clerk and he has divided the tract accordingly and attempted to change the assessment, which, in my judgment, can be done only as prescribed by Section 79-425 S. 1923, and can not be done by the Clerk at all. In some other instances improvements are destroyed or removed between assessment periods and the Clerk upon report to him by the owner has stricken off the value of the improvements. This
can be done only by the order of the Board of County Commissioners or the State Tax Commission as set out in Section 79-1701. In other instances it has been reported to the Clerk between assessment periods that a property exempt from taxes has been assessed, and the Clerk without authority from the Board of Tax Commission, but being fully informed on the facts, has stricken such property from the roll. This can be done only upon the order of the Board of County Commissioners of State Tax Commission as given in the last citation. The books have been changed in many ways which are specifically legal. Sections 79-404 and 79-424 R.S. 1923 provide that when property has been divided by reaping the Clerk may change the roll accordingly. It has been done in a great many instances. Section 79-433 R.S. 1923 provides that where improvements are added the Deputy Assessors may catch the same on off years and place the valuations on the rolls providing the improvement is valued at not less than $200.00. In many of the instances wherein to a state accountant complains that the assessment roll does not contain the assessment provided by the field note the valuation was less than $200.00 and of course was not brought on the assessment roll. As indicated above in some instances real property has been assessed by the Clerk upon information which he obtained himself. (Section 79-417 and 79-418 R.S. 1923 and Section 79-514 R.S. 1923). The Clerk is authorized also to correct errors in descriptions (Sections 79-410 and 79-416 R.S. 1923) and this has been done in many instances. The law for properties by partition and the description corrected on the assessment roll accordingly. (Section 79-419 R.S. 1923). The assessment roll shows no order of the Court in many instances but I presume that some of the changes are due to this sort of a situation.

Section 79-1701 R.S. 1923 provides for a general correction of irregularities and this has doubtless been done in many instances.

Except as above stated, a careful examination therof has developed the fact that there are no substantial irregularities, it might well be added that the field notes of 1923 and 1924 contain a very large percentage of property descriptions with no valuations, in which instances of course no valuation was brought upon the assessment roll. This arose in this way. As an aid to gathering such information in the off years the Deputy Assessors obtained from the city records the description of all parcels of real property upon which the city had given building permits but found that in many instances no buildings had been constructed at all and in some only repairs had been made. It follows, therefore, that there were no valuations of additional improvements to be placed opposite many of the descriptions in the field notes.

The State Accountant calls attention to one or two examples of apparently a very serious nature in which he complains that the valuation of certain parcels of real property on the assessment roll, as shown after equalization, differ from the equalized valuations shown in the minutes or journal of the Board of County Commissioners, who, of course, constitute the Board of Equalization. The note of the State Accountant contained hundreds of instances of this kind. I have examined them all carefully and I find that in a majority of instances the State Accountant is correct as far as he carried his investigation. The Journal of the Board of County Commissioners, however, is not the original record on this matter of equalization. In 1922, which was the year involved, there was a vast number of complaints on valuations of property for taxation by the Assessors. I am reliably informed that probably ten thousand property owners made complaints to the Board of Equalization. It is the practice of the Clerk, as soon as the assessment roll is delivered to him, to send to each owner of real property a card informing all of the amount at which his property has been assessed. The property owners brought these cards with them upon their claim to the Board of Equalization. The Board in making changes noted the change on these cards and the cards were retained. The Journal was made up from these cards, and as I have said, many errors occurred for which no reasonable extenuation can be offered. These errors should yet be corrected, but they are the mistake of some one who was evidently trying to act correctly. Fortunately the assessment roll was changed upon equalization. From the information examined on the cards, and out of hundreds of such changes I found only one error on this is of too small an amount to warrant discussion. The practice of equalizing on the cards was varied in the case of property on Minnesota Avenue in the business section. There was such terrific cramming as to the valuation of these properties and the properties were of such importance as tax items, that the Board took the assessment roll with them and made a personal view of these properties when considered for equalization. The changed valuations placed by the Board on equalization were noted in the book in lead pencil. The Clerk erased these lead pencil marks as they were really made as a
memorandum and placed the new valuations in the right column in red ink. Many of these old valuations that were erased can yet be discovered by careful examination and in all these instances it is found that the Clerk copied correctly. The large items referred to specifically by the State Accountant come in this class. The property assessed by the Deputy Assessor at $122,500.00, which is the property known as the Brotherhood Block, on High and Minnesota Avenue, was equalized by the Board to a valuation of $80,000.00. This refers only to the real estate property itself. The annexations to this on to the Commissioners Journal copied the item as a reduction of $6,250.00 when the reduction by the Board was in truth $62,500.00 as will be seen by the figures given. The equalization was doubtless a fair one for it exactly corresponds with adjoining property values. It will be seen, therefore, that in this item so vigorously complained of by the State Accountant no one has been injured and entire justice has been done. The Clerk followed the memoranda of the County Commissioners or Board of Equalization. Some assistant who made up the Journal made the error but this had no effect on the tax roll. There is, therefore, in this item no arbitrary reduction of $50,000.00 as charged by the State Accountant. The history of the item of $30,000.00 deduction is exactly the same, but of course upon another piece of property. There is, therefore, nothing either of a radical or wrong. I would recommend, as I have said, that the Commissioners Journal be carefully corrected to correspond to the original sources from which it was made up.

This covers the specific discussions of the State Accountant's report. As I have said, he delivered to me a very large volume of detailed matter to which I have made elaborate reference. I have found among these seven paragraphs raising questions as to possible irregularities in the office of the Clerk or the District Court, the maintenance of private telephones for the use at the jail and the Poor Commissioners at his residence, the possible permission of delinquency in remission of fees by the Clerk of the South City Court, the suggested irregularity of the choice and expense of a special auditor, the question of the gasoline account for the use of county cars and trucks, the inventory of cars, trucks and other road utensils received from the Government, and the budget of expense for the assistant of the County Engineer. As I have said the State Accountant does not charge positively any irregularity with these matters, but merely raises the question of a possibility of such irregularity. I have examined carefully the matters referred to in this document which I found and I find there are no irregularities. As I have said the State Accountant does not charge positively any irregularity in these matters, but merely raises the question of a possibility of such irregularity. I have examined carefully the matters referred to in this document which I found and I find there are no irregularities. The condition of the various matters referred to are so utterly in the clear and in full compliance with law and public integrity, as well as good management, that I shall take no time in discussing these queries in detail.

You will note that in this report I have pointed out certain technical violations of law, but in each instance have from careful inquiries and investigations found that the irregularities and violations are innocent of any wrong attitude or disposition to defraud. I must, therefore, in conclusion differ from the State Accountant in his statement that it is a crime against the tax payers of Wyandotte County to have the County business run on the check basis to which he refers. I think the Kansas Statutes are adequate to cover the situation in county offices. I do think, in fact, I know, that as long as this government chooses to pick its county officers by a popular vote, and even nominate them on party tickets by such method, we will always have county officers some of whom are not by any means expert in the line of work which they undertake.

I am glad to have to state that my conclusion in that the officers of Wyandotte County and the official business of the County are being conducted with the utmost honesty and with intelligence and accuracy above the average.

Respectfully submitted,

(Signed) J. P. Wilson

Board of Commissioners,

I have the honor to furnish you in more detail the State of Boga Road, Section "A" Improvement.

It is not possible at this time to give you the final figures on the project as it is not finally completed.

However, I wish to advise you of the following items as of this date:

The estimate for survey and plans is approximately $15,000 per mile, if not amended by an added expense of $1,000 for this item alone. This is due to the accompanying right of way at a greater increased cost than the plans provided for similarly.

Another item of approximately $25,000 was added by selecting the road from Hill Bottom to Hill Bottom, which editing was ordered by you in response to recommendations made to you under date of Aug. 13, 1926. Proceeding as before, submit a recommendation for public works pavement as suggested not only by the State Highway Department, but the Highway and Vegetable Department as well. Endorsing no construction of road 80 feet north in the Ransom County District, as well as the remainder north from this Improvement, until the city limits of Kansas City, Kansas.

In the above may be added some additional expense for lining of road on some additional expense for construction of these improvements, but points of these two projects cannot be determined at this time, as an effort to add to all above, however, there still would be some reduction (in cost of surveying and by would reduce) so that eventually the $60,000 overrun may compete the job.

Yours very truly,

Kansas City, Kan., Dec. 30th, 1924.

The Board of Commissioners

of Wyandotte County, Kansas.

Gentlemen:

As you no doubt know, through the newspapers, Judge Stone on today indicated what his findings would be on the Kansas City Street Railway's Receivership. In handing down his opinion he stated, in substance, that he hoped that the party litigants would be able to get together with the County of Wyandotte and work out this claim on a partial payment plan as outlined in Judge Pollock's decree and judgment.

Judge Stone further requested that the party litigants at once draft a petition in foreclosure and that the County of Wyandotte join as to their claim with these litigants and if for any reason that the County and the litigants could not get together the matter would again be submitted to the court.

Anticipating, in the very near future, a meeting with the receivers, bond holders and litigants in order to work out this claim, it will be necessary that we have computed the exact amount due together with all interest on all matters pertaining thereto. This is a tremendous undertaking and I am requesting you secure for me at once the service of Mr. H. E. Patterson to assist me in the compilation in order that I may intelligently and properly present Wyandotte County's claim in all of its most favorable aspects. This claim now amounts to more than $1,000,000.00 and has to do with all of the bridges over the Kaw River.

I would, therefore, request that you make an order employing Mr. Patterson at once in this matter.

Respectfully submitted,

J. E. Brady, County Counsellor

To The Honorable Board of County Commissioners of Wyandotte County, Kansas.

Gentlemen,

Your petitioner respectfully represents and shows to your Honorable Board that heretofore, to wit, on the 11th day of April 1923, it purchased from Laura W Witmer and W L Witmer, her husband, Lots 1-2-3-4-5-6 in Block 2 in Witmer's Add to Kansas City, Kansas Wyandotte County, as marked and designated on the recorded plat thereof by Warranty Deed, dated April 11th, 1923 filed for record in the office of the Register of Deeds of Wyandotte County, Kansas on April 12th, 1923 and recorded in Volume 566 at page 545 in said office.

That at the time said property was purchased by the undersigned as aforesaid, the taxes for the year 1922 were due and unpaid, which taxes your petitioner agreed to pay and is now ready, willing and able to pay the same.

Your petitioner further represents and shows to your Honorable Board that immediately upon the purchase of said property, they went into the possession of the same and the same has since the date of recording of said deed been used exclusively for church purposes and for no other purpose. That notwithstanding said deed was recorded on April 12 1923, said property, through inadvertence, was extended on the tax rolls for the years 1923-1924 and 1925, and the same have been assessed against said property for said years.

Your petitioner further represents and shows to this Honorable Board that under the statutes of the State of Kansas, church property is exempt from taxation, whereas your petitioner respectfully prays this Honorable Board that it enter an order on the Journal of said Board exempting said property from the payment of Taxes for the years 1923-1924 and 1925 and cancelling and holding for naught any taxes that have been assessed against the above described premises for said last mentioned years.

The Trinity Evangelical Lutheran Church of Kansas City, Kansas.
By C C Schaub, Chairman of the Board of Directors of said Church.

State of Kansas,
County of Wyandotte SS

C C Schaub, being first duly sworn, upon oath, says that he has read the foregoing petition, knows the contents thereof and the purposes for which the same is to be used that he is the Chairman of the Board of Trustees of said Trinity Evangelical Lutheran Church and has authority to execute the foregoing petition and to verify the same that all the allegations and averments in said petition are true.

To The Board of County Commissioners
Wyandotte County, Kansas.

Gentlemen:

At your request and at the request of the County Clerk, this office has compiled and apportioned the Primary and General Election Expenses of Wyandotte County for the year 1924, as required by Chapter 25, Article 1, Section 109 of the Revised Statutes of Kansas, annotated 1923.

Exhibit "A" attached hereto, gives the total cost of the Primary Election of 1924 how expended and when allowed.

Exhibit "B" attached hereto, gives the total cost of the General Election of 1924 how expended and when allowed.

Exhibit "C" gives the total vote of the County at the 1922 General election to be 25,605 gives the vote of the Cities and Townships separately, shows the cost of both Primary and General Elections of 1924 based on the General Election vote of 1922 is $1.90 per vote, and gives the total to be charged each municipality.

These statements are correct and complete and I suggest, as soon as this report is adopted by your Honorable Body, that the County Clerk be instructed to immediately to notify the County Treasurer to charge the respective sums for which each municipality is liable to the General Fund of such municipality and to further instruct the County Clerk immediately to notify the proper official in each municipality of the action taken by your Honorable Body and the amounts so charged in each case against its general fund.

Respectfully Submitted,

Benj. Schnell, Auditor of Wyandotte County.

The above and foregoing has been approved and also respectfully submitted to the undersigned.

William Segge, County Clerk Wyandotte County.

RESOLUTION.

WHEREAS, the Road known as the Parallel or Fort-to-Fort Road in Wyandotte County, Kansas, is a County Road, and

WHEREAS, it is deemed necessary to improve certain portions of said road, by grading, draining and surfacing the same with concrete, or asphalt on concrete base or rock asphalt on macadam base for a width of eighteen feet and building all necessary culverts under the provisions of the laws of Kansas for 1925, Now therefore be it RES

RESOLVED by the Board of County Commissioners of Wyandotte County, Kansas, in regular meeting assembled, that the Parallel or Fort to Fort Road between the terminal points hereinbefore specifically described, by grading, draining and surfacing the same with concrete or Rock and asphalt on concrete base or Rock asphalt on macadam base for a width of eighteen feet, and building all necessary culverts and that said improvement be made by the use of State Aid Funds of the County and that the benefit district be designated for special assessments.

1. The road to be improved is known and designated as Parallel or Fort-to-Fort Road and that portion to be improved is described as follows:

"Beginning at the southwest corner of section Thirty Three (33) Township Ten (10) and Range twenty three (23); thence one mile to the southwest corner of section thirty four (34) Township Ten (10) Range twenty three (23).

2. The type of improvement shall include grading, draining, and surfacing of said road for a width of sixteen feet, with concrete or rock asphalt on concrete base or rock asphalt on macadam base and building all necessary culverts in accordance with plans specifications and estimates to be prepared by O. W. Williamson, the County Engineer of Wyandotte County Kansas subject to the approval of the State Highway Engineer and the engineers of the department of Agriculture of the United States in the event Federal Aid is granted therefor.

3. There is hereby designated a benefit district, all the land within which is hereby declared to be benefited by said improvement and shall be assessed for twenty-five percent of the cost of said improvement, after deducting Federal Aid, State Aid and donations; said benefit district lying within three and one-quarter miles on either side of said road, and being particularly described as follows:

"Beginning at the southwest corner of section thirty three (33) township ten (10) Range twenty three (23) thence north one mile; thence one mile, thence south one mile, more or less, thence west one mile, thence north one-half mile more or less to beginning and including the following described lots, streets, places and parcel of land, to wit: All of south one quarter of section thirty three (33) Township ten (10) Range twenty three (23); the northeast quarter of section Three (3) Township eleven (11) Range twenty three (23), lying west of the prolongation of the east line of section thirty three (33) Township ten (10) Range twenty three (23); also the northeast quarter of section Four (4) Township eleven (11) and Range twenty three (23) also that portion of the northwest quarter of section four (4) Township eleven (11) Range twenty three (23) lying east of the prolongation of the west line of section thirty three (33) Township ten (10) and Range twenty three (23), but not including any lands within the limits of incorporated cities.

4. The number of annual assessments to be levied against said lots and tracts of lands within said benefit district shall be fifteen (15).

5. It is hereby found and determined by the Board of County Commissioners of Wyandotte County, Kansas that the improvements hereby contemplated and described will fill the gap existing between the ends of two permanently improved highways, and will fill a gap between existing streets in the city of Kansas City, a permanently improved highway and a permanently improved street in the city of Merriam, and that said improvements are necessary and for the public welfare and for the public convenience, and that the said road is a legally established County Road.

6. It is further RESOLVED and hereby ORDERED that said improvements be made in the manner above described and under the terms and provisions of House Bill #406 and the law of Kansas for 1925 and that said improvements be made under the direction of the County Engineer of said county for 1925 and that said improvements be made under the direction of the County Engineer of said county for 1925.
to be made of said road, together with plans and specifications for the improvement herein ordered, with a profile.

Board of County Commissioners:

Gentlemen:

It has come to my attention that aloha for the past two years we have been
making a levy for a maintenance fund for our improved roads that at the present time this
fund remains virtually intact.

This is not due to any lack of maintenance, but is due to the fact that said
maintenance has been paid from the general road fund of the County.

I have consulted the County Counsellor with reference to our legal right to
transfer this fund to the general road fund for reimbursement for this maintenance expense
and he holds that it is entirely proper to transfer this fund to the amount of mainte-
inance work done conditioned upon a further finding that the maintenance work for which
fund was created has been done.

As this maintenance has been done to the entire satisfaction of the State High-
way Authorities who have made an inspection of our maintenance and as this maintenance
has been so much more extensive than necessary and has cost at least twice as much as the
amount of maintenance fund I would suggest that the County Counsellor be requested to
transfer from the Improved Road Fund the sum of $30,000.00 (this being the approximate
amount of this fund at this time) to the General Road Fund of the County.

Yours very truly,

O.K. Williamson, County Engineer.

RESOLUTION.

WHEREAS, the following named County Officers, County Clerk, County Treasurer and Register of Deeds, have exhausted or practically exhausted, the amounts allowed them by the Statutes as and for clerk hire, and

WHEREAS, the reason for said funds for said offices being depleted is that the legislature from time to time has increased the duties and burdens of the various offices without making appropriation for additional clerk hire; and

WHEREAS, the various offices herein named have been called upon to and necessarily have to render additional and further service than contemplated at the time of the passage of the fee and salary acts; and

WHEREAS, said acts provide an insufficient sum to hire necessary and competent clerks: Now therefore be it

RESOLVED, that an emergency and necessity exists to secure additional money for the payment of deputies in said respective offices and be it further

RESOLVED, that the sum of $1,000.00 is herewith and herein set aside and made a part of the fund as an emergency, for the payment of clerk hire in each of said offices.

NOTICE AND RESOLUTION.
To condemn Land in reference to the widening, altering, straightening and re-locating of the Antone Road and acquiring additional right of way.

In the matter of the improvement of the Antone Road the County Engineer reports that all efforts necessary to obtain the necessary additional land for altering the road by donation or purchase have failed and that it is not possible to obtain said land and additional right of way either by donation or purchase and that said land will have to be acquired by condemnation. And the land owners who own property along said Antone Road affected by the changes in said road as shown on the plans and specifications on file in the office of the County Clerk being present: to wit: Leo Brus--Lois Brus, the Board of County Commissioners endeavored to negotiate with them for the purchase or donation of the necessary land for altering said road, but the owners refused to sell or donate the same to the County for
RESOLUTION.

WHEREAS, on the 30th day of June, A.D. 1924, a petition was filed in the County Clerk's Office praying for the improvement of the Antone Road in Wyandotte County Kansas between the terminal points mentioned by grading, draining and paving the same; and

WHEREAS, said petition has been duly and regularly granted in the manner provided by law and said improvement declared and found to be of public utility and ordered made by paving said road between said terminal points with concrete and the County Engineer was designated and appointed to take charge of said work and to make an accurate survey of said road and the benefit district and to make a map thereof with a profile of said road and plans and specifications for damages and estimates of the cost thereof and after having the same approved by the State Highway Engineer to file the same with the County Clerk; and

WHEREAS, said map, profile, plans, specifications and estimates have been accordingly made, approved and filed, and have been approved by this Board; from which this Board finds that said Antone Road has been legally established as a public road between the terminal points mentioned in said petition, but additional right of way is necessary for the construction of the type of road specified in said petition and impermeable obstacles in the route of said road as hereinafter laid out and described in said petition are encountered, and it is necessary to relocate the portion of said road and to widen, alter, straighten and relocate a portion of said road in order to make the improvements on said road as prayed for in said petition; and

WHEREAS, the Board of County Commissioners has endeavored to acquire the additional land required for the widening and altering of said road by donation and purchase but the owner of said land have refused to either donate said land or to sell the same to the County for such purposes and it, therefore, is necessary to acquire the same by condemnation and to exercise the right of eminent domain. Now therefore, be it

RESOLVED, and it is hereby ordered:

1. That it is necessary for the construction of the type of road mentioned in the petition filed in this matter for the improvement of the Antone Road and for the purpose of overcoming impermeable obstacles on the road described in said petition, and for the purpose of making the improvement prayed for in said petition to widen, alter, straighten and relocate some portions of said road and to acquire additional land and right of way for the purpose.

2. That said road shall be widened, straightened, altered and relocated as shown by the map, plans, profile and specifications of the County Engineer as approved by the State Highway Engineer and filed with the County Clerk.

3. That it is hereby determined by the Board of County Commissioners that the nature of the changes required and to be made in said road are as follows:

Said road shall be widened at the southerly end of said project and at the juncture of said road with Southwest Boulevard. Said road shall be altered, and the route, source, width and boundaries thereof changed, varied and altered so as to comply with and conform to the map, profile, plans and specifications prepared therefor by the County Engineer, approved by the State Highway Engineer and filed with the County Clerk.

4. It is hereby determined by the Board of County Commissioners that the approximate amount and location of land to be taken for said purposes is as follows: Beginning at the intersection north line of Southwest Boulevard and Antone Road or Southwest corner of land known as Eru property situated between Antone Road and Southwest boulevard, Section Thirty Two (32), Township eleven (11), Range Twenty five (25), Wyandotte County Kansas, then westerly along north right of way line of southwest boulevard for a distance of one hundred (100) feet, thence for a distance of twenty (20) feet at right angles to north right of way line of southwest boulevard, thence in a southeasterly direction parallel and adjacent to the north right of way line of southwest boulevard to a point of intersection with a line parallel to and fifteen (15) feet east and adjacent to the easterly line of the Antone Road right of way, thence in a northerly direction on a line fifteen (15) feet distant and east and parallel to east right of way line of Antone Road to the intersection of the north line of the land known as the Eru property. Containing thirty two hundredths, 30

acres more or less.
5. And it is hereby determined by the Board of County Commissioners that Samuel Clark, Dave Espenlaub and Peter H Kramer shall act as viewers to view said road and the land to be taken for such changes and to appraise the value of the land so taken and to assess damages by reason of the taking thereof and that said viewers shall meet for the purpose of so viewing said road and appraising said land and assessing damages on Wednesday, the third day of June, A.D. 1925, at ten o'clock A.M. at the present intersection of the Antone Road and southwest boulevard and will thereupon proceed to view said road and the changes to be made and will view all lands required to be taken and the relocation laying out or altering of said highway for the purpose aforesaid and to appraise the value thereof and assess damages therefor, and if said work shall not be completed on said day they will adjourn from day to day without further notice until their labors in said behalf are fully completed.

6. That this resolution shall be published in the official county paper in one addition thereof not less than fifteen days nor more than twenty-five days before the view as aforesaid, and that a similar notice be served upon each of the owners of the land affected by said changes by the Sheriff of Wyandotte County, Kansas, at least ten days before such view. The notice to be served upon said land owners shall be by a copy of this resolution and said land owners shall take notice of the provisions of this order and resolution, of the time and place said Commissioners shall begin to view said road and the changes required and all persons will be given a hearing.

7. The County Engineer is hereby directed to meet with said Board of County Commissioners at said time and place for such view.

8. All persons claiming or to claim damages by reason of the proceedings and actions of the Board of County Commissioners in reference to said view and the changes to be made in said Antone Road are hereby notified and required to file their applications therefor in writing with the County Clerk of Wyandotte County, Kansas, on or before the first day of the next regular meeting of the Board of County Commissioners which meets on Monday and Thursday of each week at 2:00 o'clock P.M. following the filing of their report of their findings upon such view and at such regular session of said Board, the Board will finally determine upon the amount to be paid as damages to any owner or owners of any land.

9. The County Clerk will spread this resolution and order at length upon the Journal.

Insert of letters and resolution of Board relating to taxes $21,250.84. -

July 2nd, 1925.

The Board of County Commissioners,
Wyandotte County,
Kansas.

Gentlemen:

At a recent meeting of your Honorabe Board you requested of me a written opinion relative to the validity of the last half of the 1921 taxes for the Kansas City, Missouri Water Works, and also requested an opinion as to the advisability of accepting the offer of the Kansas City, Missouri Water Works to pay the face of the taxes namely $21,250.84.

I wish to submit the following, together with a letter from Mr. A. L. Cooper, who in 1921 and subsequent thereto, was the City Counsellor of Kansas City, Missouri, and a letter from Mr. E. F. Halstead, the now Assistant City Counsellor of Kansas City, Missouri.

The Cooper letter has to do with certain arrangements had between the then Board of Commissioners and the then Water Board of Kansas City, Missouri, and it appears, and I was a party at said conference, that the first half of the 1921 taxes were paid with the understanding that due to the fact that a compact or treaty had been entered into between the states of Kansas and Missouri mutually exempting from taxation their respective water works properties that the last half of the 1921 taxes would be permitted to remain unpaid—not for the reason that the city did not have the money but for the reason that it was tacitly understood, at least, that the act of exemption, when passed, would prohibit such assessment or levy of said taxes and annul the collection thereof.

For your information, in order that this be made a matter of record, I will state that the State of Kansas passed the said exemption law March 18th, 1921, and that the Missouri Legislature passed its exemption act at the same session on or about April 15th, 1921, which reciprocal acts
Board of Commissioners—2—

exempted the respective properties.

About the time this compact or treaty was entered into it was by all parties discussed, and it was finally deemed expedient, because of the constitutional provisions, that Congress ratify this contract between Kansas and Missouri, and therefore, in due time, namely, in September of the 1922 session, The Congress of the United States, by due and proper act, ratified the reciprocal acts or statutes of Kansas and Missouri, exempting their respective properties as hereinafter stated or set forth.

Coupled with the above and foregoing, and after the passage of the various acts of Kansas and Missouri, it was deemed wise to test said law, so suit was instituted in the name of the State, ex re, David (the then County Attorney of Wyandotte County Kansas) vs Joslin (the then County Assessor) to test this law exempting said taxes. This case, alike and akin to many others, was in due time presented to the District Court of this County and to our Supreme Court, and a decision was had by the Supreme Court of Kansas, holding that said acts were valid and binding.

I might further call t your attention the fact that the original act provided in part, as follows:

"Neither the State of Kansas or any County, Township or municipality located within said state, shall ever assess, levy or collect any taxes, assessments or imposts of any kind or character whatsoever, on the portion of the water works plant of the municipality of Kansas City, Missouri, now or hereafter located within the state of Kansas."

I call to your attention this phraseology in that the wording of the statute might be interpreted to mean, or it might be well and successfully urged and argued that the statute had in mind a prohibition of ever collecting taxes from the water works of Kansas City, Missouri, inasmuch as this statute was passed and signed by the Governor at the session of the legislature in 1921, and further inasmuch as the Supreme Court of Kansas, in a recent decision, originating from this county, in which your honorable Board was a party defendant, held and laid down the law to be (in the case of the Trinity Evangelical Lutheran Church of Kansas City, Kansas vs the Board of County Commissioners of Wyandotte County Kansas, et al.) exemptions date and are applicable and enforceable from the time that the tax lien becomes effectual or effective, namely, November 1st of each year.

Therefore, using said decision as an indication of the Supreme Court's opinion in such matters, to my mind, it would raise a serious doubt as to whether, if litigation was had, the Supreme Court might not hold (the Kansas statute having been passed in the spring of 1921 exempting the water works, and the Missouri statute likewise being passed shortly thereafter) that the lien would and could not become effectual or effective until November of that year, thus in litigation be it had, defeating Wyandotte County out of the amount Kansas City, we now propose to pay, namely the face value of the taxes or $21,256.84.

I recommend that a resolution be passed by your Honorable Board at once accepting the sum of $21,256.84 in full payment of any and all taxes now due on the Kansas City, Missouri Water Works Plant now located in Wyandotte County Kansas.

Respectfully submitted, J.H. Brady, County Commissioner.
In Re: Taxation of the Quindaro Water plant of Kansas City, Mo.

Honorable Board of County Commissioners,
Wyandotte County, Kansas.
and J. H. Brady,
County Counsellor.

Gentlemen:

According to our information, your tax records show taxes against the Quindaro Water Works Plant belonging to Kansas City, Missouri, which, upon the face of your records, constitute a lien against the property as follows:
Last half of 1921, amounting to $21,250.84, exclusive of interest and penalties.
All of the 1922 taxes.
All of the 1923 taxes.
I understand the 1924 taxes were not spread upon the books, but I have not verified this information.

You will recall that the compact between the states of Kansas and Missouri, relating to these taxes was approved by the Kansas legislature on March 18, 1921, and approved by the Missouri Legislature on April 15th, 1921.

This compact provided, among other things that:
"Neither the State of Kansas nor any county township or municipality located within said state, or any official thereof, shall ever assess or levy or collect any taxes, assessments or imposts of any kind or character whatsoever, on the portion of the water works plant of Kansas City, Missouri, now or hereafter located within the territory of the State of Kansas."

After this date, the taxes in question were assessed against the property for the years 1921, 1922 and 1923, and the city paid the first half of the 1921 taxes.

The compact between the states was ratified by Congress in September 1922. Under this state of facts, I believe that all parties are agreed there can be no question that the 1922, 1923 taxes be stricken from the books.

Under the decision in the case of the State ex rel Baird vs Joslin, which validated the compact between the states, and under the provisions of Section 79-1804 Revised Statutes of the State of Kansas 1933, together with the recent decision of your Supreme Court holding that taxes do become a lien until November 1st, it appears that the courts would possibly or indeed very probably hold that the last half of taxes for 1921 are exempt from collection. We realize, however, that the case of State ex rel Baird vs Joslin, has not fully determined this question in all its phases and in order that the litigation may be fully settled the Board of Fire and Water Commissioners of Kansas City, Missouri, is willing to pay the last half of 1921, amounting to $21,250.84; and from the conference held yesterday between the Board of Commissioners and the Fire and Water Commissioners, I understand that this settlement will meet the approval of all parties concerned.

If this is agreeable, I wish that you would have the required order prepared, striking these taxes for the last half of 1921 and all of 1922 and 1923 from the books, and I will appear before the next meeting of your commission, Thursday afternoon July 2nd, with a warrant for that amount.
Continuation of insert from Selon F. Gilmore:

Yours very truly,

E. F. Halstead
Ass't City Counsellor.

Law offices of Cooper and Neal
334 Main and Perry Bldg.
Kansas City, Missouri.

July 1st, 1921.

Honorable J. H. Brady,
County Counsellor,
Kansas City, Kansas.

Dear Sir:

IN RE: TAXES ON THE QUINNARO WATER PLANT OWNED BY KANSAS CITY, MISSOURI, FOR THE LAST HALF OF 1921, AND SUBSEQUENT YEARS.

You will recall that about the time the compact or treaty was entered into between the States of Kansas and Missouri, mutually exempting from taxation their respective water works properties, the question arose with respect to the payment of the real estate taxes on the Quinnaro plant for the last half of 1921. I discussed the matter with you and somewhat with Wm. J. S. Mooney with the result that it was arranged between you and me that the taxes need not then be paid, but that the property be permitted to go to tax sale and that the situation thus created would be taken care of subsequently. It was your thought and mine at the time that the taxes could not be legally collected by Wyandotte County, or Kansas City, Kansas, in view of the compact or treaty aforesaid. Pursuant to this arrangement the taxes were not paid and the property was permitted to go to tax sale. This was not because of the inability of Kansas City Missouri, to pay the taxes, but solely resulted from the situation above mentioned, and the collateral situations connected therewith. Moreover, there was a discussion of the same general character with the Board of County Commissioners. Consequently the condition that exists was an arrangement participated in by the tax officials of your county and the then Board of Water Commissioners of this city.

From a legal standpoint, it is the opinion both of Judge E. P. Halstead, Assistant City Counsellor and myself, that Kansas City is not liable for the taxes for the last half of 1921 nor for subsequent years. As to such subsequent years, the law is of course very clear that no liability exists. For the year 1921, the question may be more or less debatable, but the recent decision of the Supreme Court of Kansas, taken together with your statutory provision and the general law relating to exempt property, seem to us to clearly indicate that these taxes are not legally collectible.

In this connection you must bear closely in mind that the inhibition of the contract or treaty is not only against the levying of taxes but also against their collection. However the officials of Kansas City Missouri are keenly appreciative of the general attitude which has been manifested by the officials of Wyandotte County and by the State of Kansas itself, and is, therefore, quite willing to pay the taxes for the last half of 1921, amounting to $21,236.84, without interest, penalties or costs, and it is respectfully and urgently suggested that appropriate steps be taken by the Board of County Commissioners of your County to enable the payment of these taxes instantaneously. At the same time, an order should be made withdrawing the Quinnaro plant.
property from the tax rolls and also expunging all subsequent taxes.

The suggestion of payment, as aforesaid, should in no sense
be regarded as a compromise. It was thought by all of us that the
decision of the Supreme Court of Kansas in the case of the State ex rel
Baird vs Joslin, settled the status of the water works property, but
from a consideration of the entire question it has seemed proper for
us to pay the taxes for the last half of 1921, as would have been done
originally, except for the conditions referred to above.

Respectfully yours
Signed: A.L. Cooper

Resolution.

Be it known, that the Board of County Commissioners of Wyandotte
County met in regular session at the Court House this day of July 2nd
A.D. 1925. Present: Samuel Clarke, Chairman, David Espenlaub, and
Peter H. Kramer, Commissioners.

made, seconded and unanimously carried, all Commissioners voting, Ayes, was
adopted and ordered spread at length upon the Journal.

Whereas, there is now, and has been for some time, a
controversy existing between Kansas City, Missouri and the Board of
County Commissioners of Wyandotte County, Kansas; said controversy and
incidents thereto being more fully set out in correspondence between the
then City Counsellor of Kansas City Missouri, Mr A.L. Cooper and the now
Assistant City Counsellor Mr E.L. Halstead, and the Board of County Commissioners
of Wyandotte County, Kansas, which said correspondence is all on file and a
matter of record in the Office of the County Clerk of Wyandotte County Kansas and;

Whereas, the City of Kansas City, Missouri purposes to pay as
and for the taxes on said Water Works the sum of $21,256.84, omitting all the
interest and penalties; and,

Whereas, the County Counsellor of Wyandotte County, Kansas has
heretofore in his written opinions recommended said acceptance of said sum of $21,256.84

NOW, THEREFORE BE IT RESOLVED by the Board of Commissioners of
Wyandotte County Kansas that said sum of $21,256.84 be accepted in full payment
of any and all taxes now due and owing from Kansas City, Missouri to Wyandotte
County Kansas and for taxes on the water works of Kansas City Missouri now
located in Wyandotte County Kansas.

BE IT FURTHER RESOLVED that any and all taxes subsequent to the year
of 1921, because of the various exemption laws of Missouri and Kansas and the Act of
Congress, be cancelled annulled and held for naught and that the County Treasurer
shall furnish to the County Commissioners of Wyandotte County be furnished with a copy of this resolution and forthwith
shall enter the same on his books and to carry this order out in detail.

Adopted by the Board of County Commissioners of Wyandotte County,
this 2nd day of July A.D. 1925.

Motion carried all voting aye.

RESOLUTION AND PROTECT OF WYANDOTTE COUNTY, KANSAS.

Wyandotte County, Kansas by and through its Commissioners, hereby protest the action of the Commissioners of Johnson County and the State Highway Commission of Kansas in locating the point of control of the Kansas City Short Line Road in Johnson County, Kansas at 5300 State Line for the following reasons:

This is a Kansas Road and ought to enter Wyandotte County, Kansas thereby connecting this County directly with Miami County, Kansas.

This road comes directly north towards Wyandotte County and has been switched almost at right angles into Kansas City, Missouri a mile south of the south boundary of Wyandotte County, Kansas.

This is a Federal Aid Road and for military reasons ought to come into Wyandotte County, Kansas by way of Mission Road thereby making direct connections with the essential industries in case of war.

This road if built to 53rd and State Line would come against a restricted fire homes district in Kansas City, Missouri, making it necessary for heavy traffic to come into the business centers of the two cities by way of roads that are not direct routes.

That if said fire homes district should be opened up to heavy traffic it means a financial loss to the business located in Wyandotte County. That said route diverts trade of the State of Kansas from Wyandotte County and Kansas City, Kansas located therein.

That turning this road into Missouri at 53rd and State Line serves no purpose except to aid a small district located at 4700 Will Creek Blvd. Kansas City, Missouri; that said route damages old established trade centers in the two Cities.

That turning this road into Missouri at 53rd and State Line and away from Wyandotte County, Kansas is damaging to the State of Kansas and to the business interests located in the boundaries of Wyandotte County, since said district pays enormous taxes to the support of the State.

Therefore this county resolves that the State Highway Commission and the officials of Johnson County ought to reconsider this road matter and take the necessary action to bring said Road into Wyandotte County by way of Mission Road.

Signed: Commissioners of Wyandotte County, Kansas.
Resolution of the Commissioners, adopted by them, pursuant to recommendation of the
County Treasurer, made date of August 9th, the County Clerk be instructed to issue
revenue certificates in the sum of $1,500, in favor of John A. Wemyss, Account of
John Wemyss, Poughkeepsie, New York.

NOTICE AND RESOLUTION.

To condemn land in reference to the widening, altering, straightening and relocating of the S. S. Sharpe Road and acquiring additional right-of-way;

in the matter of improvements of the S. S. Sharpe Road, the County Engineer reports that all efforts necessary to obtain the additional necessary land for altering the road by donation or purchase have failed and it is not possible to obtain said land and additional right-of-way either by donation or purchase, and that said land will have to be acquired by condemnation.

And all of the land owners who own property along said S. S. Sharpe Road affected by the changes in said road as shown on the plans and specifications on file in the office of the County Clerk, being present to-wit-

Clyde W. Kirkham, George H. Smith, and Annie Smith.
The Board endeavored to negotiate with them for the purchase or donation of the necessary additional land for altering said road, but the owners of said land refused to sell or donate the same to the County for the purpose stated. On motion duly made, seconded and unanimously carried, it was ordered that the Board of County Commissioners exercise the right of eminent domain for the purpose of acquiring the necessary additional land to widen, straighten and alter the said S.S. Sharpe Road between the terminal points mentioned in the petition for the improvement thereof.

And, thereupon the following resolution was offered by Commissioner Espanola, County Commissioner, and on motion duly made seconded and unanimously carried, all Commissioners voting aye, was adopted.

RESOLUTION.

In reference to the widening, straightening, and altering and relocation of the S.S. Sharpe Road and acquiring additional right-of-way;

Whereas, a petition was filed in the County Clerk's office praying for the improvement of the S.S. Sharpe Road in Wyandotte County, Kansas between the terminal points therein mentioned by grading, draining and paving same, and,

Whereas, said petition has been duly and regularly granted in the manner provided by law and said improvement declared and found to be of public utility and ordered made by paving said road between terminal points with waterbound macadam, and the County Engineer was designated and appointed to make an accurate survey of said road and the benefit district and to make a map thereof with a profile of said road and plans thereof and specifications and estimates of the cost and after having same approved by the State Highway Engineer to file same with the County Clerk, and,

Whereas, said map, plans, profile, plans, specifications and estimates have been accordingly made, approved and filed and have been approved by this Board, from which this Board finds that said S. S. Sharpe Road has been legally established as a public road between the terminal points mentioned in said petition, but additional right-of-way is necessary for the construction of the type of road specified in said petition and unsurmountable obstacles in the route of said road as heretofore laid out and described in said petition are encountered, and it is necessary to relocate a portion of said road in order to make the improvements as prayed for in the petition and,

Whereas, the Board of County Commissioners have endeavored to acquire the additional land required for widening, and altering of said road by donation or purchase but the owners of said land have refused to donate or sell the same to the County for such purpose, and it therefore is necessary to acquire same by condemnation and to exercise the right of eminent domain.

NOW THEREFORE BE IT RESOLVED AND IT IS HEREBY ORDERED:

1. That it is necessary for the construction of the type road mentioned in the petition filed in this matter for the improvement of the S. S. Sharpe Road and for the purpose of overcoming unsurmountable obstacles on the road described in said petition and for the purpose of making the improvements prayed for in the petition to widen, alter, straighten and relocate new portions of said road and to acquire additional land and right of way for such purpose.

2. That said road shall be widened, altered, straightened and relocated as shown by the map, plans, profile and specifications of the County Engineer as approved by the State Highway Engineer and filed with the County Clerk.

3. That it is hereby determined by the Board of County Commissioners, that the nature of said changes required and to be made in said road are as follows:

Said road shall be widened at the westerly end of said project and said road shall be altered and the route, course, width and boundaries thereof changed, varied and altered so as to comply with and conform to the map, profile, plans and specifications prepared therefor by the County Engineer and approved by the State Highway Engineer and filed with the County Clerk.

4. It is determined by the Board of County Commissioners that the approximate amount and location of land to be taken for said purpose is as follows:

Beginning at the northwest corner of lot 40 Sunset Ridge, thence southeasterly to a point 100 feet south and 40 feet east of said northwest corner of lot 40, thence south 75 feet, thence northerly to a point 20 feet north of the southeast corner of said lot 40 thence south to
the southeast corner of said lot 40, thence west to the southwest corner of lot 40, thence north to the northwest corner of lot 40, same being point of beginning and containing 3/10 acres more or less.

6. And it is here by determined by the Board of County Commissioners that Samuel Clarke, David Espenlaub and Peter H. Kramer shall act as viewers to make said view of said land and to assess damages by reason of the taking thereof and said viewers will meet for the purpose of said view and appraisal of said land and assessing damages on said account on Wednesday, September 21st and will thereupon proceed to view said land and the changes as required and will view all lands required to be taken and the relocation and laying out or altering of said highway for the purpose aforesaid and appraise the value thereof and assess the damages thereof, and if said work shall not be completed on said day they will meet from day to day without further notice until their labors in said behalf are fully completed.

7. That this resolution shall be published in the official County Paper in one edition thereof not less than fifteen days nor more than twentyfive days before the view as aforesaid, and that a similar notice be served on the owners of said land affected by said view, by the Sheriff of Wyandotte County, Kansas, at least ten days before such view, the notice served upon said landowners may be a copy of this resolution and said landowners shall take notice of the provisions of this order and resolution of the time and place said Commissioners shall begin to view said land and the changes required and all persons will be given a hearing.

8. All persons claiming or to claim damages by reason of the proceedings and actions of the Board of Commissioners in reference to said view and changes to be made in said S. S. Sharp road are hereby notified and required to make and file their applications therefor in writing with the Clerk of Wyandotte County, Kansas on or before the first day of the next regular session of the Board of County Commissioners which meets on Monday and Thursday of each week at 1:00 P.M., following the report of their findings upon such view and at such regular session of such Board, the Board will finally determine upon the amount to be paid as damages to any owner or owners of any land.

9. The County Clerk will cause this resolution and order to be entered upon the Journal.

By order of the Board of County Commissioners,

STATE OF KANSAS
COUNTY OF WYANDOTTE
SS

R. M. Ends, of lawful age, being first duly sworn on oath, according to law, deposes and says,

That, He is well and personally acquainted with the property known and situated at 1142 Sandusky Ave; Being Lot 10 & west 1/2 of Lot 11, Block 1 Woods Add, to Gray and Woods Central Addition, now in and a part of Kansas City, Kansas.
That, on December 6th, 1904, William Johnson was the owner of said property and that on said date he paid to the County Treasurer of Wyandotte County, Kansas, the full amount of the 1904 taxes on said property which was then due and payable or demanded by the said County Treasurer, and now has in his possession the County Treasurer's receipted statement therefor.

That at a later date after having paid the above-mentioned taxes on said property in full to the County Treasurer and received his receipted statement therefore, the said William Johnson, the then owner of said property was informed that there was some additional taxes due and unpaid against the above described lots in the amount of $66.00.

That this additional tax was claimed to be assessed for additional valuation on account of a new house being built on said lots.

But this is a mistake on the part of the assessors or some deputy in his office. That on March 1st, 1904, and for some months thereafter this was vacant property, but that in the early summer of 1904 there was a house moved onto said lot, and that the house was not completed or occupied until late in the fall of the year 1904, and should not have been assessed for taxes as on said lot for 1904 owing to the fact that it was not on the lot until March 1st and for some months thereafter.

And further affidavit sayeth not.

Signed: R. M. Riley.

Subscribed and sworn to before the undersigned, a Notary Public in and for the above named county and state by the said R. M. Riley, my office in Kansas City, Kansas this 26th day of Sept., 1905.

RESOLUTION WOESTEMEYER ROAD,

To condemn land in reference to the widening, altering, straightening, and relocation of the Woestemeyer Road and acquiring additional right of way.

Pursuant to adjournment taken upon Oct 15th, 1935, the Board of County Commissioners met for the transaction of business.

Members present: Samuel Clarke Chairman, Dave Espenlaub and Peter R. Kramer Commissioners and William Beggs, County Clerk.

In the matter of the improvement of the Woestemeyer Road, the County Engineer reports that all efforts necessary to obtain additional land for altering the Road by donation or purchase have failed and that it is not possible for to obtain said land and additional right of way either by donation or purchase and that said land will have to be acquired by condemnation.

And the land owners who own property along said Woestemeyer Road affected by the change of said road as shown on the plans and specifications on file in the office of County Clerk, being present, to-wit:

The Board endeavored to negotiate with them for the purchase or donation of the necessary additional land for altering said road, but the owners of said land refused to sell or donate the same to the County for the purpose stated. On motion duly made seconded and unanimously carried it was ordered that the Board of County Commissioners exercise the right of eminent domain for the purpose of acquiring the necessary additional land to widen, straighten and alter said Woestemeyer Road between the terminal points mentioned in the petition for the improvement therefor.

And, thereupon the following resolution was offered by David Espenlaub, Commissioner and carried:

Motion duly made seconded and unanimously carried, all voting ayes were adopted.

In reference to the widening, altering, straightening and relocating of the Woestemeyer road and acquiring the additional right of way.

Whereas, a petition was filed in the County Clerk's office praying for the improvement of the Woestemeyer Road in Wyandotte County, Kansas between the terminal points therein mentioned, by grading, draining and paving the same; and

Whereas, said petition has been duly and regularly granted in the manner provided by law and said improvement declared and found to be of Public utility and ordered made by grading said road between said terminal points, and the County Engineer was appointed and designated to take charge of said work and to make an accurately survey of said road and to lay out a benefit district and to make a map thereof with a profile of said road and plans and specifications for damages for damages and the estimates of the cost thereof and after having the same approved by the State highway Engineer to file same with the County Clerk and,

Whereas, said map profile and plans and specifications and the estimate have been accordingly made, approved and filed and have been approved by this Board.
from which this Board finds that said Woestemeyer Road has been legally established as a public road between the terminal points mentioned in the petition, but the additional right of way is necessary for the construction of the type of road specified by said petition and insurmountable obstacles have been encountered in the route of said road as hereinafore laid out and described in said petition and it is necessary to relocate the portion of said road in order to make the improvements on said road as prayed for in said petition; and

Whereas, the Board of County Commissioners have endeavored to acquire the additional land required for the widening and altering of said road by donation and purchase but the owners of said land have refused to donate or to sell to the same to the county for such purposes and it therefore is necessary to acquire the same by condemnation and to exercise the right of eminent domain.

NOW, THEREFORE, I RESOLVE AND IS HEREBY ORDERED:

1. That it is necessary for the construction of the type of road mentioned in the petition filed in this matter for the improvement of the Woestemeyer road and for the purpose of overcoming the insurmountable obstacles on the road described in the petition, and for the purpose of making the improvement prayed for in said petition to widen, alter, straighten and relocate some portion of said road and to acquire the additional right of way, for the purpose;

2. That said road shall be widened, straightened and altered and relocated as shown by the map, profile, plans and specifications of the County Engineer, as approved by the State Highway Engineer, and filed with the County Clerk;

3. That it is hereby determined by the Board of County Commissioners that the nature of the changes required and to be made in said road are as follows:

   Said road shall be widened and altered and thereafter, course and width and boundaries thereof changed, varied and altered as to comply with and conform to the map, profile, plans and specifications prepared therefor by the County Engineer, approved by the State Highway Engineer, and filed with the County Clerk;

4. That it is hereby determined by the Board of County Commissioners that the approximate amount and location of land to be taken for said purpose are as follows:

   (Greenfield) at the southeast corner of the southwest one quarter of the
   north half of Sec 33 Township 10 Range 24 Thence north 787.7 ft. Thence west 30
   ft. Thence south a distance of 311.3 ft. To a point, thence in a southerly direction
   on a curve with a radius of 386.0 ft. a distance of 353.33 ft. to a point, thence
   in a southwesterly direction tangent to last described curve a distance of 150 ft. To a point, thence southerly on a curve with a radius of 146.8 ft. A distance of 156 ft. To a point, thence south 30 ft. Thence easy
   to point of beginning. Containing exclusive of these portions hereinafore used for public road purposes (being portions of the Parallel and Woestemeyer roads) one half more or less and conforming to plans for the improvement of the Woestemeyer Road.

5. It is hereby determined by the Board of County Commissioners that Samuel Clarke, David Rosemuhl, and Peter H. Kramer shall act as viewers to view said road and the land to be taken for such changes and to appraise the value of the land so taken, and to assess damages by reason of the taking thereof and that said viewers will meet for the purpose of so viewing said road and appraising said land and assaying said damages on said account on Thursday, Nov. 3, 1935 and will thereupon proceed to view said road and changes so required and will view all lands required to be taken and the relocation laying out and altering of said highway for the purpose stated and to appraise value thereof and assess damages thereto, and if said work shall not be completed or said day they will adjourn from day to day without notice until their labors in said behalf are fully completed.
6. That this resolution shall be published in the official county paper in one edition thereof not less than fifteen days nor more than twenty-five days before said view and that a similar notice be served upon each of the owners of the land affected by said changes by the sheriff of Wyandotte County Kansas at least ten days before such view, and the notice to be served upon such landowners may be a copy of this resolution and said landowners shall take notice of the provisions of this order and resolution of the time and place said Commissioners shall begin to view said road and the changes required and all persons shall be given a hearing.

7. The County Engineer is hereby directed to meet with said Board of County Commissioners at said time and place for such view.

8. County Clerk

NOTICE AND RESOLUTION,

To condemn land in reference to the widening, altering, straightening and relocating of the Bonner-Piper Road and acquiring additional right of way.

Pursuant to adjournment taken October 8th the Board of County Commissioners met for the transaction of business.

Present Samuel Clarke Chairman, Dave Espenlaub and Peter H. Kramer Commissioners and William Baggs County Clerk.

In the matter of the Improvement of the Bonner - Piper Road, the County Engineer reports that all efforts necessary to obtain additional land for altering the road by donation or purchase have failed and that it is not possible to obtain said land and additional right of way either by donation or purchase, and that said land will have to be acquired by condemnation.

And the land holders who own property along the Bonner-Piper Road affected by the change of said road as shown by the plans and specifications on file in the office of County Clerk being present to wit:

Geo Smith: -

the Board endeavored to negotiate with them for the purchase or donation of the necessary additional land for altering said road, but the owners of said land refused to sell or donate same to the County for the purpose stated. On motion duly made, seconded and unanimously carried, it was ordered that the Board of County Commissioners exercise the right of eminent domain for the purpose of acquiring the necessary additional land to widen, straighten, and alter said Bonner-Piper Road between the terminal points mentioned in the petition for the improvement thereof.

And thereupon the following resolution was offered by Dave Espenlaub, Commissioner, and on motion duly made, seconded and carried, all voting aye was adopted,
RESOLUTION

In reference to the widening, altering, straightening, and relocating of the Bonner-Piper Rd. and acquiring additional right of way.

Whereas, a petition was filed in the County Clerk's office praying for the improvements of the Bonner-Piper road in Wyandotte County Kansas between the terminal points therein mentioned by grading, draining the same and,

Whereas, said petition has been duly and regularly granted in the manner provided by law and said improvement declared and found to be of public utility and ordered made by grading said road between the terminal points, and the County Engineer was designated and appointed to take charge of the work and to make an accurate survey of said road and the benefit district and to make a map thereof with a profile of said road and plans and specifications for damage and the estimates of the cost thereof and after having same approved by the State Highway Commission Engineer to file same with the County Clerk and,

Whereas, said map, plans, profile, specification and estimates have been accordingly made approved and filed and have been approved by this Board from which this Board finds that said Bonner-Piper road has been legally established as a public road between the terminal points mentioned in the petition, but the additional right of way is necessary for the construction of the type of road specified by said petition and unsurmountable obstacles in the route of said road as heretofore laid out and described in said petition are encountered and it is necessary to relocate the portion of said road in order to make the improvements on said road as prayed for in said petition and,

Whereas, the Board of County Commissioners have endeavored to acquire the additional land required for the widening and altering of said road by donation and purchase but the owners of said land have refused to either donate or sell said to the County for such purpose and it is therefore necessary to acquire same by condemnation and to exercise the right of eminent domain.

NOW THEREFORE BE IT RESOLVED AND IT IS HEREBY ORDERED:

1. That it is necessary for the construction of the type of road mentioned in the petition filed in this matter for the improvement of the Bonner-Piper road and for the purpose of overcoming unsurmountable obstacles on the road described in the petition, and for the purpose of making the improvement prayed for in said petition to widen, alter, straighten and relocate the portion of said road and to acquire additional land and right of way for the purpose.

2. That said road shall be widened, straightened, altered and relocated as shown by the map, plans, profile and specifications of the County Engineer as approved by the State Highway Engineer and filed with the County Clerk.

3. That it is hereby determined by the Board of County Commissioners that the nature of the changes required and to be made in said road are as follows;

   Said road shall be widened and altered and the route, course, width and boundaries thereof changed, varied and altered as to comply with and conform to the map, profile, plans and specifications prepared therefor by the County Engineer, approved by the State Highway Engineer, and filed with the County Clerk.

4. That it is hereby determined by the Board of County Commissioners that the approximate and location of land to be taken for said purposes are as follows:

   The following being a description of a strip of land sixty feet wide, 50 ft on each side of a center line described as follows:

   Beginning at a point 273.2 feet south of the northwest corner of the S.E. 1/4 of Section 17, Township 11 South, Range 23 East, thence in a northeasterly direction on a curve of a radius of 560 and 31/100 for a distance of 476 and 6/10 ft. thence northeasterly direction on a straight line tangent to the radius of the aforesaid curve at the last mentioned point for a distance of 471 and 3/10 ft. to a point thence to the right and in a northeast direction
on a curve of a radius of 560 and 52/100 ft for a distance of 202 and 3/10 ft. to a point on the north line of the n. E. 1/4 of Sec. 17 Twp 11 south range 23 east said point being 853 and 7/10 ft east of the N. W. Corner of the northeast 1/4 of Sec 17 Twp 11 range 23 the above description meaning to describe a center line of a strip of land 60 ft. wide 30 ft. Equidistant from the above described center line, lying across the N. W. Portion of the Geo. Smith property in the N. E. 1/4 of sec 17-11-23 meaning also for the above described center line to conform to the revised plans for the improvement of the Bonner-Piper road across the Geo. Smith property said right of way as described containing 1.22 acres more or less.

5. It is hereby determined by the Board of County Commissioners that Samuel Clarke, Dave Kesenbach and Peter H. Kramar shall act as viewers to view said road and the land taken for such changes and to appraise the value of the land so taken and to assess damages by reason of the taking thereof and that said viewers will meet for the purpose of viewing said road and appraising said land, and assessing damages on said account on Thursday Nov. 3 1905, and will thereafter proceed to view said road and assess the damages so required and will view all land required to be taken and the relocation laying out and altering of said high way for the purpose aforesaid and appraise the value thereof and assess damages thereon and if said work shall not be completed then said day they will adjourn from day to day without notice until their labor in said behalf are fully completed.

6. That this resolution shall be published in the official County paper in one edition thereof not less than fifteen nor more than twenty-five days before the view aforesaid and that a similar notice be served upon each of the owners of the land affected by said changes by the Sheriff of Wyandotte County Kansas not less than ten days before said view, the notice to be served upon said land owners may be a copy of this resolution and said land owners shall take notice of the provisions of this order and resolution of the time and place said commissioners shall begin to view said road and the changes required and all persons shall be given a hearing.

7. The County Engineer is hereby directed to meet with said Board of County Commissioners and at said time and place for such view.

8. All persons claiming or to claim damages by reason of the proceedings and the action of said Board of County Commissioners in reference to said view and said changes to be made in the Bonner-Piper Road are hereby notified and required to file their applications therefor in writing with the County Clerk of Wyandotte County, Kansas on or before the first day of the next regular session of the Board of County Commissioners which meet on Monday and Thursday of each week at 2 P.M. following the filing of the report of their findings upon said view and at such regular session of such Board the Board will finally determine the the amount to be paid as damages to any owner or owners of the land.

9. The County Clerk will spread this resolution and order at length upon the Journal. The Board Adjourned to meet at 2 P.M. Monday October 19th.

RESOLUTION.

BE IT REMEMBERED, That the Board of County Commissioners of Wyandotte County, Kansas, met in regular session at the Court House on Thursday, November 12, 1923; present, Samuel Clarke, Chairman, and Peter H. Kramer and David Espenlaub, Commissioners, a full membership of the Board, and William Beggs, County Clerk. The following resolution in relation to the approval of plans and specifications and advertising for bids for the construction of the new Wyandotte County Court House was offered by Kramer, Commissioner, and on motion of Kramer, Commissioner, seconded by Espenlaub, Commissioner, and carried by the unanimous vote of the membership, all members voting "aye", was unanimously carried and adopted and ordered spread at length upon the Journal:

RESOLUTION APPROVING PLANS AND SPECIFICATIONS
AND ORDERING ADVERTISEMENT FOR BIDS FOR THE
CONSTRUCTION OF THE NEW WYANDOTTE COUNTY COURT
HOUSE.

WHEREAS, the Board of County Commissioners of Wyandotte County
have heretofore employed architects to prepare the plans and specifications and to
superintend the erection and construction of a new Court House in Wyandotte County, and,

WHEREAS, such architects have filed said plans and specifications, together with an
estimate of the cost thereof, under oath, in the office of the Clerk of Wyandotte County, and

WHEREAS, the Board of County Commissioners have carefully considered said plans and
specifications, and find the same to be in all respects the plans and specifications desired
by the Board of County Commissioners for the construction of a new Court House, and believe
the same should be approved and an advertisement for bids published in the official county
paper for contractors to build said Court House in accordance with said plans and specifications.

NOW THEREFORE, BE IT RESOLVED, and it is hereby found, determined and ordered by the Board
of County Commissioners of Wyandotte County, Kansas that the plans and specifications and
instructions to bidders, as prepared and filed by Wight & Wight, Architects, in the office of
the County Clerk of Wyandotte County, be and the same are hereby approved by the Board of
County Commissioners, and it is ordered that such Court House be forthwith constructed in
accordance therewith.

BE IT FURTHER RESOLVED, and it is now here ordered that an advertisement be printed in the
official county paper for three consecutive weeks for sealed proposals for doing all such work,
and the building of such new Court House in accordance with the plans and specifications
thereof, in the following form, to-wit;

*NOTICE TO BUILDING CONTRACTORS*

Notice is hereby given that sealed proposals for the furnishing of the material and doing
all of the work for the erection and construction of the new Court House in Wyandotte County,
Kansas will be received at the office of the County Clerk in the Court House in Kansas City,
Kansas, until twelve o'clock noon of Thursday, the 10th day of December, 1905, and then will be
publicly opened.

The proposed work is described in the plans and specifications and instructions to bidders
therefor prepared by Wight & Wight, Architects, and on file in the office of the County Clerk
of Wyandotte County, Kansas. Detailed information of the work to be done and material to be
furnished may be had by an examination of the plans and specifications on file in the office of
the County Clerk, and the work is to be done and the material is to be furnished in strict
accordance therewith.

Proposals will be received for the doing of the whole of the work specified in the plans and
specifications by one general contractor, and in the alternative for the doing of said work
in parcels and portions as follows;

(a) The heating, oil burning and refrigeration.
(b) The plumbing, drainage and gas fitting.
(c) The conduit and electrical wiring.
(d) All the remainder of the work as covered
   by the plans and specifications and instructions
   to bidders over and above and exclusive of that
   embraced in the three topics (a), (b) and (c)
   above

The Board of County Commissioners reserves the right to award and let contracts under
said proposals either for the construction of the work as a whole to one general contractor
or to several contractors on the several proposals for portions of said work, as shall in the
judgment and determination of the Board of County Commissioners be an award of the work as
a whole to the lowest and best bidder.

The Board of County Commissioners reserves the right to reject and and all to waive
technicalities, and if deemed advantageous to the County to cancel the letting all together, and
readvertise for bids, or otherwise proceed in said manner.

Each bidder must accompany his bid with a certified check for five percent (5%) of
his bid, payable to the Chairman of the Board of County Commissioners as a guaranty that if the
contract is awarded to him, he will enter into a contract with the Board of County Commissioners
to perform the same; and if such bidder shall fail to enter into such contract when awarded to him, and furnish good and sufficient bonds as required by law and the plans and specifications and instructions to bidders and this advertisement acceptable to the Board of County Commissioners of Wyandotte County, Kansas within ten days following said award, the amount deposited, or as much thereof as shall equal five per cent (5%) of the bid, shall be and become the property of the County, as its liquidated damages in the premises, and shall be paid into the general revenue fund of the County.

All of the work contemplated is to be done in strict accordance with the plans and specifications and instructions to bidders on file in the office of the County Clerk of Wyandotte County, Kansas, and the contractor will be required to secure the performance thereof by a bond as required by law, and as mentioned in the plans and specifications and instructions to bidders, and in addition will be required to give a statutory bond in the amount of the contract for the payment of all labor and material bills.

All bonds furnished on this work must be signed by at least two surety companies, authorized to do business in the State of Kansas, and acceptable to the Board of County Commissioners of Wyandotte County, Kansas.

All bids for the doing of much work will be presented simultaneously to the Board of County Commissioners of Wyandotte County, Kansas, and be publicly opened by such Board on Thursday, December 10th, 1925, at Twelve o'clock, Noon. All bids filed will be considered and accepted or rejected, and the contract will be awarded to the lowest and best responsible bidder or bidders, or the Board of County Commissioners may, if it deems the proposals too high, or otherwise disadvantageous, reject all bids and readvertise said work, or otherwise proceed in the premises.

All proposals shall be made on the form provided, and all blank spaces in the form shall be fully filled. All numbers shall be stated both in writing and in figures. The signatures shall be in long hand, and the completed form shall be without interlinearizations, alterations, or erasures.

Proposals shall not contain any recapitulation of the work to be done and no oral, telegraphic, or telephoned proposals or modifications will be considered. All proposals must be closed up and sealed in an opaque envelope, containing the name and address of the bidder and no other writing on the outside thereof, and this envelope enclosed and sealed in a second opaque envelope, without writing of any kind whatsoever on the outside, and filed with the County Clerk of Wyandotte County, Kansas.

By the order of the Board of County Commissioners of Wyandotte, County, Kansas.

WILLIAM BECGGS,
COUNTY CLERK.

Dated November 12th, 1925.

BE IT FURTHER RESOLVED that such advertisement for bids be printed for three consecutive weeks in the Kansas City "Weekly Press", the official county paper, in accordance with the statute in such cases made and provided, and in addition thereto it shall be printed in the official state paper and in the _______ hereafter mentioned in order to give the greatest possible publicity to such advertisement for bids.

BE IT FURTHER RESOLVED that such advertisement shall fix the time for the award and opening of bids as Thursday, the 10th day of December, A.D. 1925 at 12 o'clock noon, at the office of the Board of County Commissioners in Wyandotte County, Kansas.
The Board of County Commissioners reserves the right to award and let contracts under said proposals either for the construction of the work as a whole to one general contractor, or to several contractors on the several proposals for portions of said work, as shall in the judgment and determination of the Board of County Commissioners be an award of the work as a whole to the lowest and best bidder.

BE IT FURTHER RESOLVED that this resolution be spread at length upon the Journal.

COMMUNICATION.

Board of Commissioners.

Gentlemen:-

In making up the assessment for the Gibbes Road, we found that Edward Steele owned a tract of approximately seven acres, four of which lies within the benefit district and the remainder outside of said district.

This entire tract was platted and is known as Steele's Subdivision and contains seven separate tracts.

Tracts one, two, three and four are within the Gibbes Road district while five, six, and seven lie outside.

Through some over sight in our office the tax for tracts 1-2-3-4 were charged against tracts 5-6 tract never having been left out and rightly so.

The County Clerk should be instructed to correct the tax rolls as follows:

Tract 1, $4.00; Tract 2, $1.40; Tract 3, $2.50; Tract 4 $2.00 and remove the amounts charged against five and six.

I understand Mr. Steele has paid these taxes against tracts five and six and as the amounts are identical there will be no financial correction to make, but the books should be corrected for future taxation.

S. H. Williamson County Engineer.

Motion by Kramer, seconded by Clarke, that resolution reference the paving of Nettleton Ave, Bonner Springs, be received and adopt and spread at length in the Journal.

Motion carried all voting aye.

**RESOLUTION.**

A resolution relating to and declaring it expedient and a public necessity to improve Nettleton Ave, in the City of Bonner Springs, Kansas, from the north line of Kump Ave, where the concrete paving ends, thence north to the city limits of said city to connect with the Emmett road which runs North to the Port to Port Road.

Be it resolved by the Mayor and Councilmen of Bonner Springs, Kansas:

That the judgment of the Mayor and Councilmen of the City of Bonner Springs, Kansas, it has become expedient and a public necessity to improve Nettleton Ave, in the City of Bonner Springs, Kansas, from the north line of Kump Ave, where it is improved and paved with Portland cement concrete; thence north to the city limits of said city, to connect with the Emmett Road which runs north to the Port to Port Road, and that said improvement be as follows, to wit:

To pave that part of Nettleton Ave from the north line of Kump Ave to the north line of Morse Ave with portland cement concrete or brick on a macadam base for a width of 40 ft, from curb to curb, the width of the present roadway, and to pave that part of said street from the north line of Morse Ave to the City Limit with Portland Cement concrete or brick on a macadam base for a width of 30 ft, from curb to curb, the width of the road way and by the construction of Portland Cement Cobblestone Curbs on each side of the road way from the north line of Morse Ave, to the city limits, together with all the necessary grading excavation and back filling to place said pavement properly on grade, and that such paving and curbing be constructed on the established grade of said street.

That said improvement of said Nettleton Ave, as aforesaid, be and is hereby found and declared to be expedient and necessary and a public necessity.

That the benefit district for said improvement shall be as follows to wit:

1. From the north line of Kump Ave to the north line of Morse Ave the benefit district liable to special assessments to pay forty percent of the cost of said improvement shall extend to the middle of each block on each side of Nettleton Ave.

2. From the north line of Morse Ave to the city limits the benefit district liable to special assessments to pay forty percent of the cost of said improvement shall be as follows: on the west side of said street it shall extend a distance of 300 ft. back from said street, and on the east side of said street from Morse Ave to Glenwood Ave it shall extend back to the center of the dividing line through block 21 which divides the lots in said block, and from Glenwood north to the city limits it shall extend a distance of 300 ft back from said street.
That this resolution be submitted to the Board of County Commissioners of Wyandotte County Kansas, for its adoption according to law.

Adopted by the Mayor and Councilmen December 1st, 1905.

Attest A. G. Parker

City Clerk of Bonner Springs, Kansas.

Chairman

Friday, December 8, 1925.

Present: to call the meeting, the Board of County Commissioners met at 3:30 P.M.

For the purpose of deciding the contract for the construction of the new Oswego County Courthouse.

Present: present, Samuel Edwards, Chairman, Lora Beesley, and Peter H. Kramer, Commissioner, and William Beesley, County Clerk.

By P.M. 1925, the Board of County Commissioners of Oswego County, Kansas met in special session on the Court House this 8th day of December, 1925, upon the call of the Chairman. Herein the following resolution was adopted with reference to the execution of the new Oswego County Courthouse.

WHEREAS, the Board of County Commissioners of Oswego County, Kansas in resolution adopted to be published and advertised for four weeks in the "Journal," the official county publication of Oswego County Kansas, have advertised for bids for the construction of a new court house to be located at and for the Oswego County Commission, with the request that said architects and engineers shall prepare and submit the plans and specifications of Wright & Hight architects, of Oswego City, Kansas, which plans, specifications, and proposals, were to be opened and read on the 8th day of December, 1925, the Board of County Commissioners of Oswego County, Kansas, with the request that said architects and engineers shall prepare and submit the plans and specifications of Wright & Hight architects, which plans, specifications, and proposals, were to be opened and read on the 8th day of December, 1925.

WHEREAS, said Wright & Hight and said G. V. Williamson, County Engineer of Oswego County, Kansas, have on this date in writing informed and acknowledged to the Board of County Commissioners of Oswego County, Kansas, that the contract for the execution of the new building to be located at and for the Oswego County Commission has been awarded to the Graham Construction Company as being the lowest bid and most reasonable proposal, and

WHEREAS, the architect and engineers named to be filled at the estimate of the court of said Oswego County Court House, which contract was in the sum of $245,000,000 and the same, together with the above and appending the Board of County Commissioners of Oswego County, Kansas, together with the architect and engineer submitted the various bids, plans, and specifications of which is known as the Collins Committee composed of W. W. Bade,
President and Chairman, Fred Robertson, J. A. Clancey, W. T. Maunder and C. C. Nesselrode, said committee having heretofore been selected and appointed as an advisory committee to the said Board of County Commissioners of Wyandotte County, Kansas; and

Whereas, the said Citizens Committee, by and through its President and Chairman, P. W. Goebel, has caused to be delivered to the said Board of County Commissioners of Wyandotte County, Kansas, the following communication:

"Samuel Clarke, Chairman
Dave Espeauba
Peter H. Kramer,
Honorable Board of County Commissioners
Wyandotte County, Kansas.

Gentlemen:

It was the unanimous opinion of your advisory committee that the entire contract for the Court House, including lighting, heating, plumbing and general construction should be let to one contractor.

Respectfully,

Signed. P.W. Goebel.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Wyandotte County, Kansas, sitting this 18th day of December, A. D. 1925, that the Swenson Constr. Company is the lowest, best and most responsible bidder of all the various and sundry bidders submitting proposals and for said Court House.

BE IT FURTHER RESOLVED BY THE Board of County Commissioners of Wyandotte County, Kansas, sitting this day 18th of December 1925, that the contract for the erection and completion of the Wyandotte County Court House on the site purchased therefor on 7th Street between Ann and Barnett Avenues in Kansas City, Wyandotte County, Kansas, be awarded to the Swenson Construction Company for the sum of $212,019.50 as per plans and specifications and approved alternates of the Architects Wight & Wight.

Motion by Kramer, seconded by Espeauba that the above and foregoing resolutions be adopted.

All Commissioners voted aye.

BE IT FURTHER RESOLVED that the above and foregoing be spread at length upon the Journal.

Attest William Beggs County Clerk

Signed Samuel Clarke Chairman

Dave Espeauba Commissioner

Peter H. Kramer, Commissioner

Motion by Espelelbs, seconded by Kramer, that resolution from Chamber of Commerce be received and spread at length on Journal.

Motion carried all voting aye.

RESOLUTION

By the adoption of this resolution the Board of Directors of the Chamber of Commerce of Kansas City, Kansas, express to the Board of County Commissioners of Wyandotte County Kansas, consisting of Samuel Clarke, Chairman, Dave Espelelbs, and Peter H. Kramer, and to Judge Joseph E. Brady, County Counselor, and to Henry Meade, Probate Judge, their deep appreciation for the service they have rendered the public and the high achievement attained in all matters relating to the building of the New Court House.

It is our belief that no great public building project has been preceded by so much conscientious and unselfish work in an endeavor to attain for the public a sight and building in every way adequate for future needs, and at a cost that is the minimum for the results.

The results of their efforts in providing for the funds with which to pay for the work, selecting the architect and letting the contract for the Court House will stand as an example for future officials to follow.

We believe that when the building is finally completed and furnished, it will stand as a monument of public duty rendered by these unselfish officials, and an achievement that will ever be a source of pride in what can be done by those serving the public for the County's lasting good.

Attest: William Jackson, County Clerk. Samuel Clarke, Chairman.
Pursuant to order of Chairman, Samuel Clarke, a
SPECIAL MEETING CALLED TO ORDER FOR THE PURPOSE OF APPROVING BOND AND CONTRACT OF THE SWENSON CONSTRUCTION COMPANY FOR THE CONSTRUCTION OF THE NEW WYANDOTTE COUNTY COURT HOUSE.

Members present, Samuel Clarke, Chairman, Dave Espenlaub and Peter H. Kramer, Commissioners, and William Baggs, County Clerk.

First was presented the following contract, to wit;

BUILDING CONTRACT.

WHEREAS, The Board of County Commissioners of Wyandotte County, Kansas, has determined to build a new Court house; and

WHEREAS, Plans and specifications therefor have been prepared by Wight & Wight, Architects selected by the Board of County Commissioners for that purpose, which plans and specifications have been approved by the Board of County Commissioners, and in pursuance thereof the Board of County Commissioners have advertised for bids for the doing of all the work and the furnishing of all materials for the building of such court house, and the Swenson Construction Company, a corporation hereinafter referred to as a party of the second part, in pursuance of said advertisement, have filed a bid and proposal and have been found and determined the lowest, best and most responsible bidder, and have been awarded the contract for the building of said new Wyandotte County Court House, as per plans, specifications and alternates herefore adopted;

Now, therefore, THIS AGREEMENT_, made and entered into the 15th day of December in the year of our Lord, Nineteen Hundred Twenty Five by and between the County Of Wyandotte, in the State of Kansas, by and through its Board of County Commissioners (hereinafter referred to as the Owner), party of the first part, and the Swenson Construction Company, a corporation, (hereinafter referred to as the Contractor), party of the second part.

WITNESSETH:

ARTICLE 1.

For the consideration of the sum of $912, 019.50, to be paid to the contractor as hereinafter provided, the Contractor shall and will provide all the materials and perform all of the work and furnish and perform everything of every sort which may be necessary for the proper execution of the work included in this contract according to the true intent and meaning of the drawings, plans, specifications, and alternates, herefore adopted and approved by the Board of County Commissioners of Wyandotte County Commissioners, whether the same may or may not be described therein, for the complete building, erection and construction of the proposed new Wyandotte County Courthouse on the site acquired by the County therefor between Ann Ave. and Barnett Ave., and extending west from Seventh St, to approximately the center of said block, all as shown on the drawings and described in the plans, specifications and alternates prepared by Wight & Wight, Architects for the party of the first part. The general drawings and plans, Sheets A, B and 1 to 24 both inclusive; structural drawings, sheets E-1 to E-9 both inclusive; electric wiring drawings, sheets B, 1 to 9 both inclusive and 12; heating and ventilating drawings, sheets 1 to 7 both inclusive; plumbing drawings, sheets B,1 to 9 both inclusive, 12 and 23, and the specifications which are identified by the inscription, Identified and acknowledged part of contract dated December 15, 1925," and signed by the Contractor, together with all alternates and such detailed and explanatory drawings herefore made or approved by the Architects as may be deemed necessary and required by the Architects for the proper execution of the work contracted to be done, (whether signed by the Contractor or not) are referred to and made a part of this contract. It is likewise understood and agreed by that the advertisement, proposal and bid and the contractor's bond referred to in this contract or of which this contract is the result, are all essential to this contract and are a part hereof, and shall likewise be construed and considered in connection herewith, with the same
effect as if copied herein., in full.

**ARTICLE II**

It is understood and agreed by and between the parties hereto that the work included under this contract is to be done under the direction of said Architects, and that their decision as to the true construction and meaning of the drawings specifications and alternates shall be final. It is also understood and agreed by and between the parties hereto that such additional drawings and explanations as may be necessary to detail and illustrate the work to be done are to be furnished by said architects, and they agree to conform to and abide by the same so far as they may be consistent with the purpose and intent of the said original drawings, specifications and alternates.

It is further understood and agreed by the parties hereto that any and all drawings and specifications prepared for the purpose of this contract by the said Architects are and remain their property, and that all charges for the services of said architects are to be paid by the said owner.

**ARTICLE III**

No alteration or adding to the work as shown or described in the drawings, specifications or alternates shall be made except upon written order pursuant to resolution of the Board of County Commissioners of Wyandotte County Kansas, duly passed, and by the County Clerk certified; the amount of the work to be paid by the owner or allowed by the contractor by virtue of any such alteration or additions shall be stated in said order. Should the Owner and Contractor not agree as to the amount to be paid or allowed, the work shall go on under the order required above, and in case of failure to agree, a determination of said amount shall be referred to arbitration as hereinafter provided for. However, the owner, without invalidating the contract, may make changes by altering or adding to or taking from such work, the contract sum being adjusted accordingly. All such work shall be executed under the conditions of the original contract, plans, specifications and alternates, except that any claim for extension of time caused thereby shall be adjusted at the time of ordering said change.

**ARTICLE IV**

The Contractor shall provide sufficient, safe and proper facilities at all times for the inspection of the work by the Owner and Architects. He shall, within twenty four hours after receiving written notice from the Owner or Architects to that effect, proceed to remove from the ground all buildings and material condemned by them whether worked or unworked, and to take down all portions of the work which by like written notice condemned as unsound or improper, or said in any way failing to conform to the drawings and specifications, and shall make good all work damaged or destroyed thereby.

**ARTICLE V**

Should the Contractor at any time refuse or neglect to supply a sufficient of properly skilled workmen or of materials of the proper quality, or fail in any respect to prosecute the work with promptness and diligence, or fail in the performance of any of the agreements herein contained, such refusal, neglect or failure being certified by the Architects, or made known by the Owner as herein after provided, the Owner shall be at liberty, after three days written notice to the Contractor, to provide any such labor or materials and deduct the cost thereof from any money then due or thereafter to become due to the Contractor under this contract; and if the Architects shall certify, or the Owner, as hereinafter specified, shall find that such refusal, neglect or failure is sufficient ground for such action, the Owner shall
also be at liberty to terminate the employment of the Contractor for the said work, and to enter upon the premises and take possession for the purpose of completing the work included under this contract, of all materials, tools, and appliances thereon, and to employ any other person or persons to finish the work, and to provide the materials therefor; and in case of such discontinuance of said employment of the Contractor, he shall not be entitled to receive any further payment under this contract until the said work shall be wholly finished, at which time, if the unpaid balance or the amount at be paid under this contract shall exceed the expense incurred in completing said work, such excess shall be paid by the Owner to the Contractor; but if such expense shall exceed such unpaid balance the Contractor shall pay the difference to the Owner. The expense incurred by the Owner as herein provided, either for furnishing materials or completing the work, and any damage incurred through such default, shall be audited and certified by the Architect whose certificate thereof shall be conclusive upon the parties.

If the Owner, by act of the Board of County Commissioners of Wyandotte County, should find and at once notify the Contractor and Architect that in their opinion the said Architect should have certified that the Contractor has refused or neglected to supply a sufficiency of properly skilled workmen or of materials of proper quality, or has in any respect prosecuted the work with promptness and diligence, or failed in the performance of any of the agreements herein contained, and said Architect have failed and neglected to do so, or if the owner by act of the Board of County Commissioners of said Wyandotte County should find and at once notify the Contractor and the Architect, the Architect having failed to so certify that the said Architect should, in their opinion, have certified that such refusal, neglect or failure of the Contractor mentioned aforesaid is sufficient ground for the Owner to terminate the employment of the contractor for the said work, and to enter upon the premises and take possession for the purpose of completing the work included under this contract, also of all materials, tools and appliances thereon and to employ any other person or persons required to finish the work, and to provide the materials thereafter, or if said Board of County Commissioners should find and give notice in both of said cases aforesaid, then in any such case or cases the question of whether such default or defaults, as the case may be, of the Contractor exists, shall be submitted to and determined by arbitration as provided for in respect of other matters in Article XII hereof. Any decision thus made shall be final and binding upon all parties.

Article VI.

The contractor shall and will proceed with the said work, and every part and detail thereof, in a prompt and diligent manner, it being understood that time is of the essence of this contract, and shall complete the several portions; and the whole of the work comprehended in this agreement, within the first four hundred fifty working days from the date of this contract. The Architect shall have the authority to suspend the work wholly or in part for such period or periods as they may deem necessary due to unsuitable weather or such conditions as are considered unfavorable, for the suitable prosecution of the work, or for such time as is necessary due to the failure on the part of the contractor to carry out orders given or perform any or all provisions of the contract. The contractor shall not suspend the work without written authority. In event the work shall be suspended as herein provided, the time during which it is so suspended shall not be computed in determining the expiration of the 450 working days above referred to.

Article XII.

Should the contractor be delayed in the prosecution or performance of the work, neglect or default of the owner, or of the Architect, or by any damage caused by fire, lightning, earthquake, cyclone, flood or other casualty, for which the contractor is not responsible, or by strikes or lockouts caused by acts of employers, then the time herein for the completion of the work shall be extended equivalent to the time lost by reason
of any or all of the causes aforesaid, which extended period shall be determined and fixed by the Architects; but no such allowance shall be made unless a claim therefor is presented in writing to the Architects within forty-eight hours of the occurrence of such delay, and approved by the Owner.

**Article VIII**

It is hereby mutually agreed between the party hereof that the sum to be paid by the owner to said contractor for said work, and for the complete and full execution of this contract according to the plans, specifications and alternates, shall be nine hundred and twelve thousand nineteen dollars and fifty cents. Such sum shall be paid by the owner to the contractor in current funds, on the 1st Monday of each month, on monthly estimates of the Architects, duly certified and sworn to, and not otherwise.

On or about the fifteenth day of each month during the time that the work herein provided for is in progress the contractor shall submit to the Architects an application for payment on account of his contract. The Architect shall, within ten days after the receipt of such application, examine the same, and if found correct shall approve such application or such amount of same as they decide to be properly due. The contractor shall submit to the Owner such approved application for payment, duly sworn to; and the owner shall pay such sum to the contractor in current funds. Such monthly applications for payment, and payments, shall be for a sum equivalent to ninety percent of the work done or material furnished and delivered on the ground for which the owner has not paid the contractor on the date of said respective applications, and in no event more than that.

The contractor shall receive and accept the compensation as herein provided in full payment for furnishing all materials, labor, tools and equipment, for performing all the work and labor contemplated and embraced under this contract and contemplated by the plans, specifications and alternates, and also for all loss or damage arising out of the nature of the work, until its final acceptance by the Architects and the Owner, and for all risk of every description connected with the prosecution of the work; also for all expense incurred by or in consequence of the suspension or discontinuance of the work as herein specified, and for completing the structure and whole thereof in an acceptable manner, according to the plans, specifications and alternates.

The payment of any current or final estimate or any retained percentage, shall in no way and/or in no degree prejudice affect the obligation of the contractor at his own cost and expense to repair, correct, renew, or replace any defects, and all imperfections in the construction of and/or of the strength of the quality of materials used in and about the construction, as well as all damage due or attributable to such defects, which defects, imperfections or damages shall be discoverable on or before the final inspection and acceptance of the work, as per plans, specifications and alternates; and of such defects, imperfections and damages the architect shall be the judge, and the said contractor shall be liable to the owner for the failure so to do. No monies payable under this contract or any part thereof, except the estimate for the first month, shall become due and payable, if the Owner so elects, until the contractor shall satisfy the Owner that he has fully settled or paid for all materials and equipment used in or upon the work and the labor done in connection therewith, and the owner, if it so elects may pay any or all such bills wholly or in part and deduct the amount so paid from any monthly or final estimate except the first estimate.

Whenever in the opinion of the Architects, the contractor shall have completed the proposed construction in an acceptable manner, in accordance with the
terms of the contract, the plans, specifications and alternates, the Architects shall make
an inspection of the entire work, and upon completion of all necessary repairs and renewals
if any, shall certify to the owner in writing under oath as to said completion, and shall
therefore likewise certify as to the entire amount of all classes of work performed and as to
the value thereof.

The contractor shall furnish the owner a sworn statement that he has fully
settled and paid for all materials and equipment used in and upon the work and labor done
in connection therewith. The final payment shall be made within thirty days after the com-
pletion of the work or filing of the Architects certificate as above set out, with the sworn
statement of the contractor and the acceptance and approval of the work by the Owner.
Neither the final certificate nor payment nor any provision in the contract documents shall
relieve of responsibility for faulty materials or workmanship, not in accordance with the
plans, specification and alternates; and he shall remedy any defects due thereto and shall
pay for any damage and other work resulting therefrom, which shall appear within a period
of six months from the final acceptance and approval of the work by the owner, except as
otherwise provided in the plans, specification and alternates. The owner shall give notice of
observed defects with reasonable promptness.

If at any time any legal claim shall be filed with the owner arising
out of this contract, the owner shall have the right to retain out of any payment then due
or thereafter to become due and amount sufficient to pay and discharge such claim. The Con-
tractor, if the owner requires it, in addition to the sworn statement above referred to, shall
deliver to the owner a complete release and receipt for all labor and all materials used and
furnished in the prosecution of this contract.

Article IX

No certificate given or payment made under this contract, except the final
certificate or final payment or partial or entire use or occupancy of the work by the
owner shall be conclusive evidence of the performance of this contract either wholly or in
part, and no certificate or payment shall be construed to be an acceptance of defective work
or improper material.

Article X

The owner shall not be answerable or accountable for any loss or damage that
shall or may happen to the said work or any part thereof respectively, or for any of the
materials or other things used or employed in finishing and completing said work or for
injury to any person or persons either workman or the public or for damage to the adjoining
property, for any cause which might have been prevented by the contractor or his workman
or by any one employed by him, against all which injuries and damages to persons and property
the contractor having control over such work must properly guard against, and must make
good all damage from whatever cause, being strictly responsible for the same.

Article XI

The owner shall during the progress of the work, maintain insurance on said work
to 90% of the insurable value thereof, in his own name and the name of the Contractor, against
loss by damage by fire, lightning, earthquakes, cyclones or other casualty, including damage
suffered on account of explosions within or without the structure, malicious mischief and all
other unknown causes. The policies to cover all work incorporated in the building and all
materials for same in or about the premises, and shall be made payable to the parties hereto
as their interests may appear.

Article XII

In case the owner and contractor fail to agree in relation to matters of
payment, allowances or loss referred to in this contract, or shall either of them dissent
from any appealable decision of the architects referred to in this contract, which dissent
shall have been filed in writing with the architects with in ten days of the announcement of
such decision, then the matter shall be referred to a Board of Arbitration consisting of one person selected by the owner, and one by the contractor, those two to select a third. The decision of any two of this Board shall be final and binding on both parties hereto. In the event of the death or inability to serve of the party named in behalf of the owner, then the owner shall select a person in his place; in event of the death or inability to serve of the party named in behalf of the contractor, then the contractor shall select a person in his place; in event of the death or inability to serve of the third party then the remaining arbitrator shall select a person in his place. Each party shall pay one half of the expense of such reference.

XIII.

The contractor hereby declares and agrees that he shall be accountable for the full performance hereof, and by the signing hereof admits that he fully understands and comprehends the plans, specifications, particular and alternates hereinbefore referred to, and has given due consideration thereto, and that without any additional or extra work other than the work set forth thereby or necessarily inferred to be done from the general nature and tendency of the plans and descriptions aforesaid.

Article XIV.

The contractor shall observe the provisions of the law in reference to the hours of labor, and eight hours shall constitute a day's work for laborers, workmen, mechanics or other persons employed in the prosecution of the work as provided by the Statutes of Kansas.

Any foreman or workman employed by the contractor who, in the opinion of the architect, shall not perform his work in a proper or skillful manner, or shall be disrespectful, intemperate, disorderly, or otherwise objectionable, shall, at the written request of the Architect be forthwith discharged by the Contractor and shall not be employed again on any portion of the work provided by these plans, specifications and alternates, without the written consent of the Architects.

The contractor shall carry liability insurance to protect the public from injuries by reason of the carrying on of the work to which this contract applies, and to protect the owner from all liability on account of injuries to workmen as provided by the workmen's Compensation act of the State of Kansas.

There is assumed by the Contractor the risk and liability for all inconvenience, delay, and expense that may be occasioned to him in any way by public utilities or other property within the limits of the proposed improvement, such as communication and transmission lines, pipes, pipelines, conduits, drains, sewers, etc..

Article XV.

The contractor and owner herein referred to are treated throughout this contract as if each were of the singular number and masculine gender.

Article XVI.

The Contractor shall strictly observe all laws of the City, State and Nation and amendments thereto, during the progress of the work.

Article XVII.

Wherever in this contract or in any document referred to by this contract the word "alternates" is used, such terms shall be construed to mean
(a) in the general work alternates Nos. 9, 21, 26, and 27.
(b) in the plumbing, drainage and gasfitting alternates Nos. 2, 3, 5.
(c) in the conduit and electric wiring alternates Nos. 1, and 2
(d) in the heating and ventilation, alternates Nos. 3, 4a, for main building 5, 11, 12 and 17.
Article XVIII

The term "work" of the contractor includes labor of every kind or character.

This contract shall not be effective unless or until there be given, approved an
on file the bonds required of the Contractor by the laws of Kansas, particular reference being
made in that regard to sections 19-214 and 60-1413 and 60-1414 of the revised statutes of Kansas
for the Year 1923 and amendments thereof.

If the contractor claims that any instructions by drawing s or written orders of the
Board of County Commissioners involve extra cost, under the contract, he shall give the owner
written notice thereof before proceeding to execute the work.

No notice by the contractor given to the owner shall be effectual or binding unless
in writing and filed with the County Clerk of Wyandotte County Kansas.

The architect may withhold, or, on account of subsequently discovered evidence,
nullify the whole or a part of any certificate for payment to such extent as may be necessary
to protect the owner from loss of account of

(a) defective work not remedied.
(b) legal claims filed or reasonable evidence indicating probable filing of claims.
(c) failure of the contractor to make payments properly to sub-contractors or for
material or labor.

(d) a reasonable doubt that the contracts can be completed for the balance then unpaid.

When all the above grounds are removed certificates shall at once be issued for amounts with
held because of them.

Neither party to this contract shall assign the same without the written consent
of the other, nor shall the contractor assign any monies due to become due to him hereunder,
without the previous written consent of the owner.

Article XIX

The owner may, during the progress of the work, install such fixtures as he may
desire, said installation not to delay or interfere with the contractor.

In testimony thereof, the party of the first part, the Board of County Commis-
sioners of Wyandotte County, Kansas, in pursuance of lawful action authorizing the same, has
caused these presents to be signed by the Chairman of the Board of County Commissioners and by
Each separate member of the Board of County Commissioners, and to be attested by the County

Notice and Resolution.

To condemn lands in reference to the widening, altering and relocating of the Green-Powell Road and acquire the additional right of way.

Pursuant to adjournment taken January 28th, 1926, the Board of County Commissioners met for the transaction of business. Present Dave Esperzab, Chairman, Samuel Clarke, Commissioner Peter H. Kramer, Commissioner and William Baggs County Clerk.

In the matter of the improvement of the Green-Powell Road, the County Engineer reports that all efforts necessary to obtain additional land for altering the road by donation or by purchase have failed and that it is not possible to obtain said land and additional right of way either by donation or purchase and that said land will have to be acquired by condemnation.

And the landowners who own property along said Green-Powell Road affected by the change of said road as shown on the plans and specifications on file in the office of County Clerk being present, to-wit:

U. S. Brenner
O. A. Hittle
Otto Brenner

the Board endeavored to negotiate with them for the purchase or donation of the necessary additional land for the altering of said road but the owners of said land refused to sell or donate same to the County for the purpose stated. On motion duly made and seconded and unanimously carried it was ordered that the Board of County Commissioners exercise the right of eminent domain for the purpose of acquiring the necessary additional land to widen, straighten and reclaim between the terminal points mentioned in the petition for the improvement thereof.

And thereupon the following resolution was offered by Samuel Clarke, Commissioner and on motion duly made, seconded and unanimously carried all voting aye was adopted.

RESOLUTION

In reference to the widening, altering, straightening, and relocating of the Green-Powell Road and acquiring additional right-of-way.

WHEREAS, a petition was filed in the County Clerk's office praying for the improvement of the Green-Powell Road in Wyandotte County, Kansas between the terminal points therein mentioned by grading, draining, and paving the same; and

WHEREAS said petition has been duly and regularly granted in the manner provide
by law and said improvement declared and found to be of public utility and ordered made by grading and using said road and the County Engineer was designated and appointed to take charge of work and to make an accurate survey of said road and the benefit district and to make a map thereof with a profile of said road and the specifications and estimates of the cost thereof.

WHEREAS said map, profile, plans, specifications and estimates have been accordingly made, approved and filed and have been approved by this Board from which tolled-on-finds that said Green-Powell Road has been legally established as a public road between the terminal points mentioned in the petition but the additional right of way is necessary for the construction of the type of road specified by said petition and unsurmountable obstacles in the route of said road as heretofore laid out and described in said petition are encountered, and it is necessary to relocate the portion of said road in order to make the improvements on said road that are for in the petition, and

WHEREAS the Board of County Commissioners have endeavored to acquire the additional land for the widening and altering of said road by donation or purchase but the owners of said lands have refused either to donate or sell same to the County for such purposes and it is therefore necessary to acquire same by condemnation and to exercise the right of eminent domain.

NOW THEREFORE BE IT RESOLVED AND IT IS HEREBY ORDERED,

1. That it is necessary for the construction of the type of road mentioned in the petition filed in this matter for the improvement of the Green-Powell Road and for the purpose of overcoming unsurmountable obstacles on the road described and for the purpose of making the improvements to widen, alter, straighten and relocate a portion of said road and to acquire additional land and right-of-way.

2. That said road shall be widened, straightened and relocated as shown by the map profiles and road between said terminal points as approved by the State Highway Engineer and filed with the County Clerk.

3. It is hereby determined by the Board of County Commissioners that Samuel Clarke, Lake Exper, plans and specifiers, Kramer shall act as viewers to view said road and the land to be taken for such changes and to appraise the value of the land so taken and to assess damages by the reas on of the taking thereof and that the viewers will set for the purpose of viewing said land, and assessing the damages thereto on Tuesday February 15th, 1926, and will thereupon proceed to view said road and the changes so required and also view all land required to be taken and the relocation laying out and of said road and to appraise the value thereof and assess damages thereto and if said work shall not be completed on said day they will adjourn from day to day without notice until their labors in said behalf are fully completed.

6. That this resolution shall be published in the Official County Paper in one edition thereof not less than fifteen days nor more than twenty-five days before the view aforesaid and that in similar petition be served upon each of the owners of the land affected by said changes by the Sheriff of Wyandotte County, Kansas at least ten days before such view, and the notice be served upon said landowners may be a copy of this resolution and said land owners shall take notice thereof of the provisions of this order and resolution of the time and place said Commissioners shall begin to view said road and the changes required and all persons will be given a hearing.

7. The County Engineer is hereby directed to meet with said Board of County Commissioners at said time and place of said view.

8. All persons claiming or to claim damages by reason of the proceedings and actions of the Board of County Commissioners in reference to said view and changes to be made in the Green-Powell Road are hereby notified and required to file their application therefore in writing to the County Clerk of Wyandotte County Kansas on or before the first day of the next regular session of the Board of County Commissioners and on Monday and Thursday of each week at 9 o'clock E. D. time filing the filing of their report of their findings upon such view and at such regular session of such Board.

The Board will finally determine upon the amount to be paid as damages to any owner or owners of the land.

9. The County Clerk will spread this order and resolution at length upon the Journal.

RESOLUTION.

AUTHORIZING THE ISSUANCE OF WYANDOTTE COUNTY COURT HOUSE TEMPORARY NOTES.

BE IT KNOWN, that the Board of County Commissioners of Wyandotte County, Kansas met in regular session at the Court House this 8th day of March, A. D. 1926; Present Dave Espenlaub, Chairman, Samuel Clarke, Commissioner, Peter H. Kramer, Commissioner, a full membership of the Board, and William Peggs, County Clerk.

The following resolution was offered in relation to the issuance of temporary notes for the construction of the new Court House in Wyandotte County, Kansas, and on motion of Clarke, Commissioner, seconded by Kramer, Commissioner, and carried by the unanimous vote of the Board all Commissioners voting "aye" was adopted and spread at length on the Journal:

WHEREAS, by Chapter 155, Laws of Kansas, 1921, Wyandotte County, Kansas, being a County having a population in excess of 110,000, was authorized and empowered to erect a new court house, at a cost not to exceed $1,000,000.00 and to issue its bonds therefor without a vote of the electors; and

WHEREAS, on the 16th day of April, 1921, under the provisions of said Chapter 155, Laws of Kansas, 1921, and by the authority thereby conferred, the Board of County
Commissioners, of Wyandotte County duly adopted and promulgated a resolution and order to build a new court house on the site of the present Court House, and determined and fixed the cost thereof at one million dollars; and

WHEREAS, thereafter in an action duly instituted, tried and decided, entitled Ethel M. Harling against the Board of County Commissioners, 110 Kans., page 542, it was decided by the Supreme Court of the State of Kansas that said law was valid, constitutional, and the proceedings of the Board of County Commissioners under it were held valid and were approved and thereupon, upon the request of many citizens and civic organizations the Board of County Commissioners submitted the question of a change of location of the Court house to a vote of the people from its present site to a new site in the Civic Center, so-called, between Seventh and Ninth Streets and Ann Ave and Taurumee Avenue, which was accordingly done at the general election held in November 1922, at which election the majority of the votes cast upon said question were in favor of changing the site of said court house and thereon after the 11th day of January 1923, the Board of County Commissioners, by resolution duly promulgated and passed in the exercise of its discretion, according to law, determined to locate the new court house in accordance with such vote and such election, following which the legislature of the State of Kansas passed an act, being Senate Bill No. 256 of the session of 1923, authorizing the Board of County Commissioners to acquire a new court house site either by purchase or donation, or by condemnation if necessary, and the Board of County Commissioners thereafter did acquire, by condemnation and purchase, a new site for the court house within the boundaries of the district submitted to the vote of the people at the general election as aforesaid being the East Half (more or less) of Block 150 in Wyandotte City, bounded on the East by Seventh Street, on the North by Ann Avenue on the South by Barnett Avenue, and running part way back toward Eighty Street, in said block and being more particularly described as follows;

Beginning at the southeast corner of block 150 Wyandotte City; thence west 325 feet; thence north 279 feet; thence east 175 feet; thence south 128 feet; thence east 150 feet; thence south 151 feet to beginning;

and

WHEREAS, the Board of County Commissioners of Wyandotte County Kansas, under and in pursuance of the provisions of Chapter 155, of the laws of Kansas for 1921 and amendments thereto have duly employed an Architect to prepare the plans and specifications and to superintend the erection and construction of such court house, to be paid out of the Proceeds of bonds issued on account of the costs thereof, and such architect hereinafter prepared and filed in the office of the County Clerk of Wyandotte County Kansas, the plans and specifications for said new court house, together with an estimate of the cost thereof being the sum of $943,000.00; and the Board of County Commissioners of Wyandotte County Kansas, after considering and approving said plans and specifications, duly advertised for three consecutive weeks in the Official County Paper, namely the Kansas City Weekly Press, for sealed proposals for the doing of such work in accordance with the plans and specifications therefor, fixing Thursday, the 10th day of December, 1925, at 12 o'clock noon, as the time when such bids were to be publicly opened, and on said date in accordance with said advertisement and notice, bids for such work were duly received, filed and publicly opened and a contract awarded therefor to Swenson Construction Company which was found and determined to be the lowest, best and most responsible bidder, at and for the total price and sum of Nine Hundred Twelve Thousand Nineteen Dollars and Fifty Cents ($912,019.50) and a contract was duly made and entered into and executed between the Board of County Commissioners of Wyandotte County and Swenson Construction Company in pursuance thereof on the 10th day of December, 1925; and

WHEREAS, said contractor has given good and sufficient bond as required and fixed by the Board of County Commissioners and caused same to be filed and recorded in the office of the
County Clerk, conditioned according to law, and has actually started on the construc-
tion of said new court house and is actually engaged in the prosecution of the work
under said contract; and

WHEREAS, for the purpose of paying the cost and expense of said new court house
under said contract, and under the contract employing the architect to prepare the
plans and specifications and to superintend the erection thereof, Wyandotte County
Kansas will eventually issue its bonds, and the total cost of the erection and construc-
tion of said building will be paid by the issue of said bonds, but in the meantime,
it is necessary to issue TEMPORARY NOTES of Wyandotte County, Kansas under the prov-
isions of Section10-123 Revised Statutes of Kansas, 1923, in order to provide the
necessary funds, pay for the partial and final estimate and other items of cost and
expense of making said improvement, said notes to be issued from time to time in such
amounts as may be necessary, but not to exceed in all the total amount of the bonds to
be issued, in payment of the cost and expense of constructing said new court house;

NOW THEREFORE BE IT RESOLVED by the Board #& County Commissioners of Wyandotte
County Kansas:

Section 1. That under and by virtue of Section 10-123 Revised Statutes of Kansas
in 1923, Wyandotte County, in the state of Kansas shall issue its negotiable temporary
notes in payment of the cost and expense of the erection and construction of said
new court house in Wyandotte County, Kansas.

Section 2. That the total aggregate amount for which said temporary notes shall
be issued shall not exceed the total cost and expense of the erection and construc-
tion of said new court house and for which bonds are hereafter to be issued.

Section 3. Said TEMPORARY NOTES shall be known and designated as "WYANDotte
COUNTY COURT HOUSE TEMPORARY NOTES."

Section 4. Said temporary notes shall be issued consecutively from one to____
both inclusive, and shall be issued from time to time as the work of such improvement
progresses and as partial and final estimates are allowed upon said work, and shall
bear interest at the rate of Five per cent (5%) per annum, payable semi-annually up-
on vouchers duly executed and filed by the registered holder of such temporary notes
in the office of County Clerk.

Section 5. Said temporary notes shall bear the date of their issuance respectively
and shall become due and payable on or before two years thereafter upon notice
mailed to the registered holder thereof by the County Clerk.

Section 6. Said notes shall be payable at the office of the County Treasurer
of Wyandotte County Kansas.

Section 7. Each temporary note shall bear on its face the amount thereof, the
rate of interest it bears, the number of such note, the date of issue, for what pur-
pose issued, and shall be signed by the Chairman of the Board of County Commissioners
of Wyandotte County Kansas, and attested by the Clerk of said County, with the impress-
on of the Seal of the County thereon.

Section 8. Each of said temporary notes shall, except as to numbers, amounts and
dates, be in substantially the following form:

Partial Estimate No.( ); Final Estimate ( ); Engineering ( ).

$979,000.00

These bonds are dated January 1st, 1928, and mature serially from one (1) to twenty (20) years as shown by the above schedule; the bonds bear four and one-quarter per cent 4 1/4% interest, payable semi-annually on the 1st days of January and July in each year, both principal and interest being payable at the Office of the State Treasurer in the City of Topeka, interest payments are evidenced by coupons attached. These bonds are numbered from one (1) to nine hundred seventy nine (979) both inclusive and are in denominations of One Thousand Dollars each ($1,000.00).

Bids will be received for the purchase of the entire issue of bonds, for the purchase of one-half of the entire issue thereof and for the purchase of one-third of the entire issue thereof, and any bidder may submit a proposal for any one or all or any combination of said three propositions but the Board of County Commissioners at such sale will decide whether it will sell all or one-third or one-half of said entire issue reserving the right to determine what portion of said bonds it will thus sell.

The bids must be sealed and filed with the County Clerk of Wyandotte County Kansas on or before the time fixed for such sale and each bid must be accompanied by a certified check for two per cent of the total amount of such bid, but where such bid is for more than one of the above propositions the certified check shall be for two percent of the highest bid made. Such certified checks shall be made payable to the Order of the Chairman of the Board of County Commissioners of Wyandotte County, Kansas as evidence of good faith and that the successful bidder or bidders will complete and eventually consummate the sale or sales by making complete payment therefor within ten days after the delivery to him or them of a full and complete transcript of the proceedings leading up to the issuance of such bonds and in case any purchaser whose bid is accepted shall fail to carry out his contract and so consummate the sale in said time, the said deposit shall be forfeited to Wyandotte County according to law. All checks of unsuccessful bidders will be returned upon consummation of the sale to the successful bidder or Bidders.

The Board of County Commissioners reserves the right to reject any and all bids and to waive technicalities and the bonds may be allotted among the several bidders as shall be determined by the Board of County Commissioners to be to the
best interest of the County and to its creditors' advantage, the Board of County Commissioners to be the sole and final judge as to the most advantageous action to be taken upon the several bids. No bonds will be delivered to any purchaser until the amount of the bid is in the hands of the Treasurer of Wyandotte County, Kansas. Said bonds are general obligation bonds of Wyandotte County Kansas and are to be paid by a general tax levied upon all of the taxable property of the County.

Wyandotte County will print said bonds and furnish a transcript of the proceedings leading up to the issuance of said bonds and will furnish legal opinion of Wood & Oakley, Attorneys, Chicago.

RESOLUTION. AND NOTICE.

To condemn land in reference to the widening, altering and straightening and relocating of the Golden Belt Road and acquiring additional right of way.

Pursuant to adjournment taken on March 16th, the Board of County Commissioners met for the transaction of business. Present, Dave Espeigalb, Chairman, Samuel Clarke and Peter E. Kramer, Commissioners, and William Beggs County Clerk.

In the matter of the Improvement of the Golden Belt Road, the County Engineer reports that all efforts necessary to obtain the necessary additional land for altering the road by donation of property have failed and that it is not possible to obtain said land and additional right-of-way either by donation or purchase and that said land will have to be acquired by condemnation.

And the landowners who own property along said Golden Belt Road affected by the changes in said road as shown on the plans and specifications in file in the office of the County Clerk, being present:-

1. Valley and Western Railway.

Lands on Haw Valley and Western Railway. The Board authorized to negotiate with these for the purchase or donation of the necessary land for the purpose of acquiring by condemnation or purchase of said road, but the owners of said land refused to sell, or unconditionally to accept the same to the County for the purpose stated. On petition duly made, seconded and unanimously carried, the Board of County Commissioners exercise the right of condemnation herein invoked for the purpose of acquiring the necessary additional land to widen, straighten and realign the same for the purpose of acquiring the Golden Belt Road.

The above resolution was offered by Samuel Clarke, Commissioner, and upon motion duly made, seconded and unanimously carried all Commissioners voting eye, was adopted.

RESOLUTION.

In reference to the widening, altering, straightening and relocating the Golden Belt or Haw Valley Road and acquiring additional right-of-way;
WHEREAS, said petition has been duly and regularly granted and said improvement declared and found to be of public utility and ordered made byaharding s.d paving said road and the County Engineer and the Surveyor of the County to take charge of the work and to make an accurate survey of the road and the said survey to be made in the same manner as all previous surveys hereinbefore made and approved by the State High- way Commissioners to file same with the Board of County Commissioners, and to certify to the same or amendments thereof, if any, and to have the same approved by the State High- way Commissioners to file same with the Board of County Commissioners, and the specifications, profiles and estimates have been accordingly made, approved and filed and have been approved by the Board of County Commissioners, and said road has been legally established as a public road between the terms, points mentioned in the petition, but additional right-of-way is necessary and desirable for the improvement of the road and for the purpose of enabling the improvements prayed for in the petition to be properly and efficiently constructed and to be dedicated to public use and thereby to relieve the petitioners and all others of the necessity of constructing any other street or road in order to make the improvements on said road as prayed for in the petition, and

WHEREAS, the Board of County Commissioners have endeavored to acquire the additional land required for the widening and altering of said road by donation and purchase but the owners of said land have refused to donate said land or to sell said land to the County for such purposes therefore it is necessary to acquire the same by condemnation and to exercise the right of eminent domain.

NOW THEREFORE BE IT RESOLVED AND IT IS HEREBY ORDED:

RESOLUTION GOLDEN BELT ROAD.

Authorizing the issuance of County Road Improvement Temporary Notes of Wyandotte County, Kansas for the purpose of paying the cost of the permanent improvement of the Golden Belt Road.

IT IS RESOLVED, that the Board of County Commissioners of Wyandotte County, Kansas met in regular session at the Court House this 16th day of April, 1926; present Dave Esper-land, Chairman; Samuel Clarke, and Peter H. Kramer, Commissioners, a full membership of the Board and William Brown, County Clerk.

The following resolution was offered in relation to the issuance of TEMPORARY NOTES for the improvement of the Golden Belt Road in Wyandotte County, Kansas and on motion of Clarke, Commissioner, seconded by Kramer, Commissioners, and carried by the unanimous vote of the Board of County Commissioners, all Commissioners voting aye, was adopted and ordered spread at length on the Journal;

WHEREAS, there was filed with the Board of County Commissioners, of Wyandotte County, Kansas, on the 30th day of June 1924 a petition for the permanent improvement of a certain public road situated in Wyandotte County, Kansas known as the Golden Belt Road, the terminal points and other specifically fixed points of said road being particularly described in said petition, and as well there was designated therein the lands within the proposed benefit district, the type of permanent improvement and the width of roadway desired and the number of annual assessments to be levied upon the lands in said benefit district to pay for said improvements being left to the discretion of the Board of County Commissioners hereafter to be exercised subject to the approval of the State Highway Commissioner; and

WHEREAS, the Board of County Commissioners of Wyandotte County, Kansas thereupon and on the 21st day of August 1924 at a regular meeting of the Board, duly constituted and held did find that the improvement prayed for in said petition was one of public utility, and that said petition was signed by fifty-one percent of the resident landowners, owning thirty-five percent of the land within the designated benefit district, and that said petition properly designated the road to be improved both by name and terminal points and by other specifically fixed locations, and that the petition definitely designated the lands within the proposed benefit district, the type of permanent improvement, and the width of roadway, but left the number of annual assessments to be levied upon said lands in payment of said improvements to the discretion of the Board of County Commissioners hereafter to be exercised subject to the approval of the State Highway Commissioner and that said petition was in all respects in compliance with the provisions of the
WHEREAS, at said meeting of the Board of County Commissioners of Wyandotte County, Kansas, fixed the 23rd day of September 1924 at 2 o'clock P. M. as the time when said Board should meet and consider said petition at the office of said Board in the Court House in Kansas City, Kansas, and ordered that a notice of said meeting should be given to the petitioners and all other persons interested by publishing said resolution in the official County Paper at least ten days prior to the date of said meeting, and that each of the signers of said petition, and each and every person owning property within the benefit district in said petition described, be further notified of said meeting by a notice thereof sent by United States Mail, all of which was accordingly done as in said resolution directed; and

WHEREAS, thereafter on the 23rd day of September 1924, at two o'clock P. M. the Board of County Commissioners met as in said notice specified at their office in the Court House in Kansas City, Kansas for the purpose of hearing protests or objections concerning said improvement, and it was by said Board ordered and determined that said improvement be made as in said petition prayed and that said petition be granted and approved and the improvements therein prayed for made in accordance with specifications and plans to be prepared by the County Engineer of Wyandotte County Kansas, said petition found to be in due form of law and containing the signatures of more than fifty-one percent of the land within the benefit district owning thirty-five percent of the land; and

WHEREAS, the Board of County Commissioners has duly caused to be made an accurate survey of said road with a profile thereof and a map of the benefit district and plans and specifications and estimates of the cost thereof which said survey, profile map, plans and specifications and estimates have been duly and legally approved by the State Highway Engineer and filed in the Office of the County Clerk of Wyandotte County Kansas; and

WHEREAS, the estimate of the cost of said improvement shows a total approximate cost to be $301,017.33.

WHEREAS, thereafter and on or about the 17th day of December 1924 there was duly let to the Davidson Construction Company, a co-partnership consisting of J. K. Davidson and P. R. Davidson a contract for the improving of said Golden Belt Road according to the plans and specifications for a total contract price of $270,011.16 and

WHEREAS for the purpose of paying for said improvements under said contract State and Federal Aid is expected, and the remainder of the total cost will be paid by an issuance of bonds but in the mean time it is necessary to issue temporary notes of Wyandotte County under the provisions of Section 10-123 Revised Statutes of Kansas 1923 in order to provide the necessary funds to pay for the partial and final estimate and other expenses of making said improvement, said notes to be issued from time to time in such amounts as may be necessary, but not to exceed in all the total amount of bonds to be issued and State and Federal Aid to be granted,

NOW THEREFORE BE IT RESOLVED by the Board of County Commissioners of Wyandotte County Kansas;

Section 1.

That under and by virtue of Section 10-123 Revised Statutes of Kansas 1923 Wyandotte County in the State of Kansas shall issue its negotiable temporary
notes in payment of the work done and material furnished in the improvement of the Golden belt Road in Wyandotte County Kansas.

Section 2.
That the total aggregate amount for which said temporary notes shall be issued shall be the total cost of the improvement of said road, to pay for which State and Federal Aid is to be granted, and Bonds of Wyandotte County are hereafter to be issued.

Section 3.
Said temporary notes shall be known and denominated as Wyandotte County Road Improvement Temporary Notes, Series 19 Golden Belt Road.

Section 4.
Said Temporary Notes shall be numbered consecutively from one to ______, both inclusive and shall be issued from time to time as the work of such improvement progresses and as partial and final estimates are allowed upon said work and shall bear interest at the rate of five per cent per annum, payable semi-annually upon vouchers duly executed and filed by the registered holder of such temporary notes in the office of County Clerk.

Section 5.
Said Temporary notes shall bear the day of their issuance respectively and shall become due and payable on or before two years thereafter upon notice mailed to the registered holder thereof by the County Clerk.

Section 6.
Said note shall be payable at the office of the Treasurer of Wyandotte County Kansas.

Section 7.
Each temporary note shall bear on its face the amount thereof, the rate of interest it bears, the number of such note, the date of issue, for what purpose issued, and shall be signed by the Chairman of the Board of County Commissioners of Wyandotte County Kansas, and attested by the Clerk of said County with the impression of the seal of the County thereon.

Section 8.
Each of said temporary notes shall accept as to numbers, amounts and dates to be in substantially the following form;

$979,000.00

These bonds are dated January 1st, 1936 and mature serially from one (1) to Twenty (20) years as shown by the above schedule; the bonds bear four and one-quarter percent (4 ¼%) interest, payable semi-annually on the first days of January and July of each year, both principal and interest being payable at the office of the State Treasurer in the city of Topeka; interest payments are evidenced by coupons attached. The bonds are numbered from one (1) to Nine hundred seventy nine (979) both inclusive and are in denominations of One Thousand Dollars ($1,000.00) each.

All bids must be sealed and filed with the County Clerk of Wyandotte County, Kansas on or before the time fixed for such sale and each bid must be accompanied by a certified check for two percent (2%) of the total amount of such bid. Such certified check shall be made payable to the order of the Chairman of the Board of County Commissioners of Wyandotte County, Kansas as evidence of good faith and that the successful bidder or bidders will complete and eventually consummate the sale or sales by making full payment therefor within ten days following the delivery to him or them of a transcript of the proceedings leading up to the issuance of said bonds and in case any purchaser whose bid is accepted shall fail to carry out his contract and so consummate the sale in said time, the said deposit shall be forfeited to Wyandotte County according to law.

All checks of unsuccessful bidders shall be returned upon the consummation of the said sale to the successful bidder or bidders.

The Board of County Commissioners reserves the right to reject any and all bids and to waive technicalities and the bonds may be allotted among the several holders as shall be determined by the Board of County Commissioners to be to the best interest of the County and to its greatest advantage, the Board of County Commissioners to be the sole and exclusive judge as to the most advantageous action to be taken upon the several bids. No bonds will be delivered to any purchaser until the amount of the bid is in the hands of the Treasurer of Wyandotte County, Kansas. Said bonds are general obligation bonds and are to be paid by a general tax levied upon all of the taxable property of the County.

Wyandotte County Will print said bonds and furnish a transcript of the proceedings leading up to their issuance and will furnish legal opinion of Wood & Oakley, Attorneys, Chicago.

By order of the Board of County Commissioners, April 26th, 1936.

Seal

William Beggs, County Clerk

AND BE IT FURTHER RESOLVED that the County Clerk forthwith cause said bonds to be printed with the amendments as shown in this resolution.

CERTIFICATE OF COUNTY ENGINEER.

STATE OF KANSAS )

WYANDOTTE COUNTY )

I, O. K. Williamson, the duly appointed, qualified and acting Engineer of Wyandotte County, Kansas hereby certify that the Fairfax Road, the Hallock Road the Reimer Road, and the Diagonal Way Road which are collectively referred to in this abstract as the Fairfax Roads, as described in the petitions for road improvement shown in this transcript, are regularly laid out roads in Wyandotte County, Kansas, and that portion thereof covered by said petitions which is being improved thereunder is miles in length.

I further certify that no Federal aid has been allotted or promised on this project, nor has any state aid been allotted or promised thereon and that the benefit district to be taxed does not extend more than three miles on either side of the project as shown by the map of said district attached to this transcript.

I further certify that the following schedule shows correctly all of the partial estimates and the final estimates which have been made by me upon said roads and to pay which temporary notes have been issued by Wyandotte County.

I further certify that all roads have been completed in accordance with the contracts and have been accepted by Wyandotte County, Kansas.

Witness my hand at Kansas City, Kansas this 20th day of May 1926.

O. K. Williamson, County Engineer.

RESOLUTION AUTHORIZING THE ISSUE OF WYANDOTTE COUNTY INTERNAL IMPROVEMENT BONDS FOR THE PURPOSE OF PAYING THE COST OF THE PERMANENT IMPROVEMENT OF THE FAIRFAX ROADS IN WYANDOTTE COUNTY INCLUDING THE PAYMENT OF ALL PRINCIPAL AND INTEREST ON TEMPORARY NOTES HERETOFORE ISSUED IN CONNECTION WITH THE IMPROVEMENT OF SAID ROADS.

BE IT KNOWN that the Board of County Commissioners of Wyandotte County Kansas, met in regular session at the Court House this 20th day of May 1926 present; Dave Esenberg, Chairman, Samuel Clarke and Peter R. Kramer Commissioners and William B. Gage County Clerk.

The following resolution was offered in relation to the issuance of bonds for the payment of all the costs and expense including the payment of all principal and interest due on any temporary notes which have heretofore been issued, in connection with the permanent improvement of the Fairfax Roads in Wyandotte County, Kansas and on motion of Kramer, Commissioner, seconded by Clarke, commissioner and carried by the unanimous vote of the Board, all Commissioners voting aye, was adopted and spread at length on the Journal.

WHEREAS, there was filed with the Board of County Commissioners of Wyandotte County Kansas, on the 3rd day of December 1923, and on the 17th day of March 1924, petitions for the improvement of certain public roads situated in Wyandotte County Kansas, known as the Hallock, Diagonal, and the Reimer-Fairfax Road, the original petition for said these roads having been filed on December 3rd, 1923, and supplemental petitions containing additional signatures having been filed on each of said roads on the 17th of March 1924, after which said roads have been collectively dealt with by the Board of County Commissioners under the name of Fairfax Road, all of said roads being in the Fairfax Drainage District of Wyandotte County Kansas, and connecting each to the others, in which said petitions and supplemental petitions the terminal points and other specifically fixed locations of said road were particularly described and as well there was designated therein the lands within the proposed benefit district, but in the type of permanent improvement the width, of the roadway and the number of annual assessments were left to the discretion of the Board of County Commissioners hereafter to be excised to the approval of the Highway Commission; and
WHEREAS, the Board of County Commissioners thereafter on the 17th, day of March 1924, at a regular meeting of the Board duly constituted and held, did find that the improvement prayed for was of public utility, and that said petition was signed by 51% of the resident landowners owning at least 35% of the land within the benefit district and also by 35% of the resident landowners owning 51% of the land within the benefit district and also by the owners of more than 60% of the land within the benefit district therein described, and that said petition properly designated the road to be improved by both names and terminal points and by other specifically fixed location, and that the petition definitely designated the land within the proposed benefit district, leaving the type of permanent improvement, the width of the roadway, and the number of annual assessments to be levied upon said land to the discretion of the Board of County Commissioners subject to the approval of the State Highway Commission, and that said petition was in all respects in compliance with the provisions of the Statutes of the State of Kansas; and

WHEREAS, at said meeting the Board of County Commissioners of Wyandotte County Kansas fixed the 31st day of March, 1924, at 2 o'clock P.M. as the time when said Board should meet and consider said petition at the office of said Board in the Court House in Kansas City, Kansas and ordered that a notice of said meeting be given to the petitioners and all other persons interested by publishing said resolution in the Official County Paper at least ten days prior to the date of said meeting, and that each of the signers of said petition and each and every person owning property within the benefit district described, be further notified of said meeting by a notice thereof sent by U. S. Mail, all of which are accordingly done as in said resolution directed; and at said meeting certain persons owning within the benefit district appeared and the Board of County Commissioners postponed final decision upon said petition until April 3rd 1924, and on April 3rd 1924, again postponed final decision thereon until April 7th 1924, and on Apr. 10th 1924, and on April 10th 1924 at 2 o'clock P.M. that being the time to which the final action on said matter had been postponed, the Board of County Commissioners met and took final action thereon and ordered and determined that said improvements be made as in the petition prayed, and that said petition be granted and approved, and that the improvements therein prayed for be made in accordance with the specifications and plans to be prepared therefor by the County Engineer of Wyandotte County, said petitions being found to be in due form of law and containing the signatures of more than 35% of the resident landowners owning at least 51% of the land within the benefit district and also 35% of the resident landowners owning at least 35% of the land within the benefit district, and furthermore 60% of the landowners within said benefit district; and

WHEREAS, the Board of County Commissioners has duly caused to be made an accurate survey of said road with a profile thereof and a map of the benefit district and plans and specifications for the improvement and estimates of the cost thereof, which said profile, map, plans and specifications and estimates have been duly and legally approved by the State Highway Engineer, and filed in the Office of the County Clerk of Wyandotte County Kansas, and

WHEREAS, the estimate of the cost of said improvements shows the total approximate cost to be $130,776.83 for concrete improvements; and

Whereas, the contract heretofore let to Tibbets and Pleasant for $115,354.69, covered only a portion of the roads known as the "Fairfax Roads" and did not cover the diagonal way road, which was one of the Fairfax Roads and the Board of County Commissioners pursuant to advertisement had on the 29th of Oct. 1924, let a contract to Tibbets and Pleasent for the improvement of the Diagonal way in the Fairfax District at and for a bid price of $40,305.49 for plain concrete, being $410.61 under the Ema-
the Engineers estimate; and

WHEREAS, for the purpose of paying for said improvements under said contracts no State Aid or Federal Aid has been allotted or received, but temporary notes of Wyandotte County were issued under the provisions of K. S. 10-125 in order to provide necessary funds to pay for the partial and final estimates and other expenses of making said improvements under and pursuant to a resolution duly passed by The Board of County Commissioners on Oct 20th 1924, said notes and the interest thereon computed from the date of issue to the 15th of June 1928, which date now herefixed as the time said notes are to be paid in the aggregate and total sum of $197,970.30, as shown by the following schedule, to-wit:

the interest on said bonds and for the purpose of paying the principal thereof when the principal
becomes due, the Board of County Commissioners of Wyandotte County, Kansas, shall levy annual-
ly upon all of the taxable property of Wyandotte County and of the respective townships and
upon all of the lands and property in the benefit district in proper proportion a tax sufficient
to pay said interest and to pay said principal as same becomes due and said bonds respectively
mature.

BE IT FURTHER RESOLVED, that said total issue of bonds, to-wit; bonds numbered
from one(1) to one hundred sixty seven (167) both inclusive, aggregating One Hundred Sixty-Six
Thousand Nine Hundred Forty seven and 9/100 Dollars($166,947.09) all bearing date the first
day of January, 1926 be ordered sold at public ********* sale to the highest bidder for cash at
not less than par value thereof, unless such bonds shall be purchased by the State School Fund
Commission as provided by law, and the proceeds derived from such sale or sales shall be de-
posited with the County Treasurer of Wyandotte County, Kansas and used in payment of the prin-
cipal and interest of all temporary notes which have been heretofore issued by Wyandotte County
in connection with the improvement of said roads and of the other cost and expenses of the per-
manent improvement of said Roads.

BE IT FURTHER RESOLVED, that a certified copy of the transcript of proceedings
leading up to the issue of bonds be forthwith sent to the State Auditor and the State School
Fund Commission with an offer of sale thereof to the State School Fund Commission, and unless
the State School Fund Commission shall within ten days after receipt of such transcript notify
the Board of County Commissioners of Wyandotte County, Kansas, that said School Fund Commiss-
ion desires to purchase the issue of bonds authorized by such transcript and this resolution,
said bonds will be offered for sale at a public auction and the County Clerk is instructed in
such event to print a notice to bond bidders and buyers in the Kansas City Weekly Press, a
newspaper having general circulation in Wyandotte County, Kansas, and likewise in the Official
State Paper for two consecutive issues thereof, not less than ten days before the date of sale
stating the amount, date of maturity, rate of interest of such bonds, and the time when and
the place where such bonds will be sold. In case said bonds are not purchased by the State
School Fund Commission, the sale thereof will be set for Monday, the 14th day of June 1926,
at 12 o'clock noon at which time all bids will be opened. All bids shall be submitted in writing
and shall be sealed and must be presented to and filed with the County Clerk on or before the
time set for such sale and each bid shall be accompanied by a certified check for two percent
(2%) of the total amount of such bid, made payable to the order of the Treasurer of the Board
of County Commissioners of Wyandotte County Kansas, as evidence of good faith and as a guaranty
that the successful bidder will complete and finally consummate the same by making full pay-
ment therefor within ten days following the furnishing of his of a transcript of the proceed-
ings leading up to the issuance of said bonds. In case any purchaser whose bid is accepted
shall fail to carry out his contract and purchase said bonds and make payment therefor as after-
wards, his deposit shall be forfeited to Wyandotte County, Kansas as liquidated damages. All
checks of unsuccessful bidders shall be returned upon consummation of the sale to the success-
full bidders or bidder. Said notice shall be provided and it is here ordered that the Board of County Commissioners shall and does reserve the right to reject any and all bids and to waive technicalities and the bonds may be allotted among the several bidders as shall be determined by the Board of County Commissioners to be to the best interest of the County, and to its greatest advantage and the Board of County Commissioners shall be the sole and final judge as to the most advantageous action to take upon the several bids. The Board of County Commissioners will print said bonds at its own expense and furnish a transcript of all the proceedings leading up to the issuance thereof.

Order of Public Service Commission- IN THE MATTER OF RECONVENING THE COUNTY BOARD OF EQUALIZATION OF WYANDOTTE COUNTY KANSAS FOR THE YEAR 1926.

ORDER

It has been made to appear to the Public Service Commission that an account of the unusual number of protests against Real Estate Valuations in Wyandotte County, Kansas for assessment purposes said County Board cannot, in the regularly allotted time of ten days as provided by the 8th paragraph of R. S. 79-1803, finish its equalization work in 10-days time. The said Board has, therefore requested this commission to re-convene it upon adjournment after the ten-day session as by law provided for the purpose of completing its work of equalization, for such length of time as these duties require. The commission is of the opinion that the circumstances in Wyandotte County warrant this commission in granting the County Board's request.

It is, therefore, on this 31st day of May, 1926, by the Public Service Com-
ORDERED, That the Board of County Commissioners of Wyandotte County, Kansas reconvene as a board of equalization immediately upon its adjournment from its 10-day statutory session for such length of time as will be necessary, to enable it to complete the work of equalization of property between the various tax-payers of the County, provided however, that said board must adjourn this special session on or before such date as will permit it to complete its work of equalization and adjourn sine die on or before the 20th day of June 1926, as by law made and provided.

At Said adjourned session of said county board it shall be privileged to perform all or any of the duties which it is allowed to perform during the regular 10-day statutory session, and the taxpayers affected in said adjourned session shall be given the same notice that is required by the law of the county board during the regular 10-day equalization period.

By the Commission it is so ordered.

Resolution.

WHEREAS, the 10 days allotted by the Statute for the County Commissioners of Wyandotte County, Kansas, sitting as the Board of Equalization, has this 27th day of May 1926, expired; and

WHEREAS, there is heretofore filed thousands of complaints; and
WHEREAS, others are constantly and un-interruptedly continuing to file complaints as to assessments on both real and personal property; and
WHEREAS, the said days allotted, prescribed by Statute, is insufficient to properly hear and give due and attention to the various complaints; and
WHEREAS, the Board of County Commissioners of Wyandotte County, Kansas, sitting as the Board of Equalization, has heretofore applied to the Public Service Commission for further time to hear complaints; and
WHEREAS, said Public Service Commission, under date of May 27th, 1926, has issued and promulgated an order, under said date, giving and allowing to said Board of County Commissioners of Wyandotte County, Kansas, sitting as the Board of Equalization, further time to hear complaints; and
WHEREAS, the said Board of County Commissioners, of Wyandotte County, Kansas, sitting as the Board of Equalization, resolve that it re-convene this 27th day of May, 1926, and that it continue to sit as the Board of Equalization until the 16th day of June, 1926.

Resolution and motion carried, all Commissioners voting aye.

Motion by Clarks, seconded by Kramer, that communication and order of the Public Service Commission, under date of May 21st, 1926, authorizing the Board of Commissioners, sitting as the Board of Equalization to re-convene, be, by the County Clerk, copied in full on his Journal.
County of Wyandotte.

I, Benjamin Schmidt, Cha. d. duly appointed, qualified and acting Auditor of Wyandotte County, hereby certify that the following tabulation shows the Temporary Notes which were issued in payment of labor and material furnished and performed on the Antone Road in Wyandotte County Kansas, together with the interest on each of said notes from its date to July 1st 1926, at five percent per annum; that the amounts shown below are the correct amounts of each of said notes and that the totals have been correctly computed and that the interest has been correctly figured, and that the total sum which will be due on the 1st day of July 1926 in payment of both principal and interest is as is shown on the following tabulation and that said sum is the amount necessary to pay for said notes on the 1st day of July 1926, which date has been used and order to arrange an issue of bonds and to sell the same and to call said notes for payment;

RESOLUTION.

AUTHORIZING THE ISSUANCE OF WYANDOTTE COUNTY TEMORARY
NOTES FOR THE PURPOSE OF PAYING THE COST OF THE PERMANENT
IMPROVEMENT OF THE PORT TO PORT ROAD FEDERAL AID PROJECT
NUMBER 52 SECTION "E".

BE IT KNOWN, that the Board of County Commissioners, of Wyandotte County, Kansas, met in regular session at the Court House this 3rd day of June, 1926; present, Dave Espeniaub, Chairman, Samuel Clarke, and Peter H. Kramer, Commissioners, and William Baggs County Clerk.

The following resolution was offered in relation to the issuance of Temporary Notes for the improvement of the Port To Port Road, Federal Aid Project # 52 E, in Wyandotte County, Kansas, and on motion of Clarke, seconded by Kramer, Commissioner, and carried by the unanimous vote of the Board all commissioners voting eye was adopted and ordered spread at length on the Journal:

WHEREAS, that portion of the Port to Port Road lying in Wyandotte County, Kansas which has heretofore been improved under two separately designated projects left a gap between the two improved sections which has not been improved and which does not exceed one and one-eighth miles in length; and

WHEREAS, the Board of County Commissioners of Wyandotte County, Kansas have heretofore desired to permanently improve said road and there has been no benefit district petition filed for the improvement of said gap between the ends of the two permanently improved highways; and

WHEREAS, The Board of County Commissioners of Wyandotte County, Kansas, did on the 26th day of March 1926, adopt a resolution to the effect it did desire to permanently improve said road and did by said resolution designate a benefit district and did cause said resolution to be published for three consecutive weeks in the Kansas City Weekly press, the Official County paper circulating in Wyandotte County and

WHEREAS, the benefit district so ordered does not exceed three and one half miles on either side of the road to be constructed and

WHEREAS, said resolution designated the section of road to be improved by name and terminal points and other specifically fixed locations and otherwise designated and described the lands within the proposed district and the type of permanent improvement and the width of roadway desired and the number of annual assessments to be levied upon the land in the benefit district in payment thereof, fixing the same at fifteen and

WHEREAS no protest signed by legal resident landowners of 51% of the land in such benefit district was filed with the County Clerk within thirty days from the first publishing of said resolution, and

WHEREAS, no action was brought in anywise to restrain the making of such improvement or payments thereof or creation of such benefit district or levy of taxes or special assessments or issue of bonds within sixty days after date of first publication of said resolution and

WHEREAS, under and by virtue of said resolution and said proceedings the Board of County Commissioners duly caused to be made an accurate survey with a profile thereof and a map of the benefit district and plans and specifications for the improvement, and estimates of the cost thereof, which said survey, profile, maps, plans, and specification and estimates have been duly and legally approved by the State Highway Engineer and filed in the office of County Clerk of Wyandotte County Kansas, and

WHEREAS, the estimate of the cost for said improvement shown the total approximate cost to be $ 43,007.25 and

WHEREAS, thereafter on or about the 6th day of November, 1926 there was duly let to the James Stambaugh Construction Company a contract for the improvement of said Port to Port Road, P. A. P. 52 Section E, according to the plans and specifications at the Contract price of $39,007.50, and
WHEREAS, for the purpose of paying for said improvement under said contract, both State Aid and Federal Aid is expected but not yet allowed, and the remainder of the total cost will be paid by the issue of bonds but in the meantime it is necessary to issue Temporary Notes of Wyandotte County under the provisions of K.S. 10-123 in order to provide necessary funds to pay for the partial and final estimates and other expenses of making said improvements, said notes to be issued from time to time in such amounts as may be necessary but not to exceed in all the total amounts of bonds to be issued and State and Federal Aid to be granted, and

NOW, THEREFORE BE IT RESOLVED by the Board of County Commissioners of Wyandotte County Kansas;

Sec. 1. That under and by virtue of sec 10-123 Revised Statutes of Kansas 1923, Wyandotte County in the State of Kansas shall issue its negotiable temporary notes in payment of the work done and material furnished in the improvement of the Road to Fort Road P. A. P. 52E.

IN THE MATTER OF RECONVENING THE COUNTY BOARD OF EQUALIZATION OF
WYANDOTTE COUNTY, KANSAS, FOR THE YEAR OF 1926.

ORDER NUMBER 2.

On May 21st, 1926, at the instance and request of the County Board of Equalization of Wyandotte County, the Public Service Commission issued its order of said date re-convening said Board for the purpose of finishing its work of equalization of assessments in said County and providing that said Board must adjourn sine die on or before June 20th, 1926.

Now on the 8th day of June, 1926, said County Board shows to this Commission that on account of the unusual amount of work required to be done by said Board it will be unable to finish its work of Equalization in the time fixed by Statute and allowed by this Commission in its said former order. Said Board therefore, seeks that a further extension of time be granted it for the purpose of allowing it to complete its duty in equalizing the assessments of property. This commission, feeling that sufficient justification has been shown is of the opinion that said Board should have an extension of time for completing its work as required by law.

This is therefore, by the Public Service Commission, on this 9th day of June, 1926,

ORDERED, that the Board of County Commissioners of Wyandotte County acting as a County Board of Equalization continue in session for such time as is necessary to permit it to complete the work of equalization of the property of said county for the year 1926, provided, however, that said Board shall adjourn sine die on or before June 28th, 1926, said Board must adjourn on or before said date in order that the County Clerk may prepare and forward an abstract of the assessment rolls of said County, to the Tax Department of the Public Service Commission as required by law.

By the Commission it is so ordered.

RESOLUTION.

AUTHORIZING THE ISSUANCE OF WYANDOTTE COUNTY ROAD IMPROVEMENT TEMPORARY NOTES FOR THE PURPOSE OF PAYING THE COST OF THE PERMANENT IMPROVEMENT OF THE GREEN-POWELL ROAD.

BE IT KNOWN, that the Board of County Commissioners of Wyandotte County met in regular session at the court house this 17th day of June, 1926. Present, Dave Ennenkaub, Chairman, Samuel Clarke, Commissioners Peter H. Kramer, Commissioner and William Beggs, County Clerk.

The following resolution was offered with relation to issuance of Temporary notes for the improvement of the Green-Powell Road in Wyandotte County, and on Motion of Kramer, seconded by Clarke, and Carried by the unanimous vote of the Board of Commissioners all Commissioners voting aye, was adopted and ordered spread at length on the Journal.

RESOLUTION.

WHEREAS, there was filed with the Board of Commissioners of Wyandotte County, Kansas on the 6th day of May, 1925, a petition for the improvement of a certain public road situate in Wyandotte County, Kansas, known as the Green-Powell Road, the terminal points and other specifically fixed points of said road being particularly described in said petition, and as well there was designated therein the lands within the proposed benefit districts, the
the type of permanent improvement and the width of roadway desired, and the number of annual assessments to be levied upon the lands in said benefit district to pay for said improvements being left to the discretion of the Board of County Commissioners hereafter to be exercised subject to approval of the State Highway Commission, and

WHEREAS, the Board of County Commissioners of Wyandotte County, Kansas, thereafter and on the 1st day of June 1925, at a regular meeting of the Board duly constituted and held did find that the improvement prayed for in said petition was of public utility and that the petition was signed by 35% of the resident landowners owning 51% of the land within the benefit district defined by said petition, and that the said petition properly designated the Road to be improved, both by name and terminal points and by other specifically fixed locations and that the petition definitely designated the lands within the proposed benefit district leaving the type of permanent improvement, the width of the roadway, and the number of annual assessments to be levied upon said lands, to be fixed at the discretion of the Board of County Commissioners, subject to the approval of the State Highway Commission, and said petition was in all respects in compliance with the provisions of the Statutes of the State of Kansas, and

WHEREAS, at said meeting of June 1st, 1925 the Board of Commissioners of Wyandotte County Kansas, fixed the 22nd day of June 1925, at 2 P. M. the time when said Board should meet and consider said petition at the office of the Board in the Court house at Kansas City, Kansas, and ordered that a notice of said meeting be given to the petitioners and all other persons interested therein by publishing said resolution in the official county paper at least ten days prior to the date of said meeting and that each of the signers to said petition and each and every person owning property within the benefit district in said petition described be notified of said meeting by a notice thereof sent by United States Mail, all of which was accordingly done as in said resolution directed, and

WHEREAS, thereafter and on the 22nd day of June 1925, at 2 P. RESOLUTION

AUTHORIZING THE ISSUANCE OF COUNTY ROAD IMPROVEMENT
NOTES BY WYANDOTTE COUNTY KANSAS FOR THE PURPOSE OF
PAYING THE COST OF THE PERMANENT IMPROVEMENT OF THE LOUISA
M. SMITH ROAD.

BE IT KNOWN, that the Board of County Commissioners of Wyandotte County Kansas, met
in regular session at the Court house this 17th day of June 1928. Present Dave Espenlaub,
Chairman, Samuel Clarke Commissioner, and Peter H. Kramer, Commissioner, a full members
ship of the Board and William Peggs County Clerk. The following resolution was offered
in relation to the issuance of temporary notes for the improvement of the Louisa M. Smith
Road, in Wyandotte County Kansas, and on motion of Kramer, Commissioner, seconded by
Clarke Commissioner, and carried by the unanimous vote of the Board of County Commision-
ers all commissioners voting yes, was adopted and ordered spread at length upon the Jour-
nal.

WHEREAS, there was filed with the Board of County Commissioners of Wyandotte County
Kansas on the ___ day of ___ a petition for the permanent of a certain public road
situated in Wyandotte County Kansas, known as the Louisa M. Smith Road, the terminal and
other specifically fixed of said road being particularly described in said petition, and
as well there was designated therein the lands within the proposed benefit district, the
type of permanent improvement and the width of the road way desired, and the number of
annual assessments to be levied upon the lands in said benefit district to pay for said
improvements being left to the discretion of the Board of County Commissioners hereafter
to be exercised subject to the approval of the State Highway Commission, and

WHEREAS, the Board of County Commissioners of Wyandotte County Kansas thereafter
and on the 4th day of May 1928, at the regular meeting of the Board duly constituted and
held, did find that the improvement prayed for in said petition was one of public util-
ity, and that said petition was signed by 51% of the resident landowners owning at least
35% of the land within the designated benefit district, and that said petition properly
designated the road to be improved both by name and terminal points and by other speci-
cifically fixed locations, and that the petition designated the lands within the proposed
benefit district.

WHEREAS, at said meeting of the Board of County Commissioners of Wyandotte County
Kansas, fixed the 5th day of June 1928 at 2 o'clock p.m. as the time when said board
should meet and consider said petition at the office of the said Board, in the Court Hous-
e at Kansas City Kansas, and ordered that a notice of said meeting be given to the peti-
tioners and all other persons interested by publishing said resolution in the official
County paper at least ten days prior to the date of said meeting, and that each of the
signers of said petition and each and every person owning property within the benefit
district in said petition described be further notified of said meeting by a notice there
of sent by United States Mail all of which was accordingly done as in said resolution
directed.

WHEREAS, thereafter and on the 8th day of June at 2 o'clock p.m. the Board of County
Commissioners met as in said notice specified at the office in the Court House in Kansas
City, Kansas for the purpose of hearing protests or objections concerning said improve-
ment, and there being no protests or objections offered it was by said Board ordered and
determined that said improvement be made as in said petition prayed for and that said
petition be granted and approved, and the improvements permanent.
County, Kansas, said petition being found to be in due form of law and containing the signatures of more than 516 of the resident landowners owning 35% of the land within the benefit district; and

WHEREAS, the Board of County Commissioners had duly caused to be made an accurate survey of said road with a profile thereof and a map of the benefit district and plans and specifications for the improvement, and estimates of the cost thereof, which said survey, profile, map, plans and specifications and estimates have been duly and legally approved by the State Highway Engineer filed in the Office of the County Clerk of Wyandotte County, Kansas and

WHEREAS, the estimate of the cost of said improvement shows the total approximate cost to be $35,379.23 and

WHEREAS, thereafter and on or about the 26th day of October 1923, there was duly let to Soulebush and Roberts Brothers, a partnership, a contract for the improving of said Louisa M. Smith Road according to the plans and specifications all according to law at the contract price of $39,339.05 and

WHEREAS, for the purpose of paying for said improvement under said contract, State Aid is expected, and the remainder of the total cost will be paid by the issuance of bonds, but, in the meantime, it is necessary to issue TEMPORARY NOTES of Wyandotte County under the Provisions of Sec 123 revised Statutes of Kansas 1923, in order to provide necessary funds to pay for the partial and final estimates and other expenses of making said improvement, said notes to be issued from time to time in such amounts as may be necessary, but not to exceed in all the total amount of bonds to be issued and State Aid to be granted;

NOW, THEREFORE BE IT RESOLVED, by the Board of County Commissioners of Wyandotte County Kansas,

Sec 1. That under and by virtue of Sec. 10-123 R. S. 1923 Wyandotte County in the State of Kansas, shall issue its negotiable temporary notes in payment of the work done and material furnished in the improvement of the Louisa M. Smith Road in Wyandotte County Kansas.

2. That the total aggregate amount for which said temporary notes shall be issued shall be the total cost of the improvement of said road, to pay for which State Aid is to be granted and bonds of Wyandotte County are hereafter to be issued.

3. Said temporary notes shall be known and designated as Wyandotte County Road Improvement Temporary Notes Series__________ Louis M. Smith Road.

4. Said temporary notes shall be numbered consecutively from one to three both inclusive and shall be issued from time to time as the work of such improvement progresses, and as partial and final estimates are allowed upon said work, and shall bear interest at the rate of 5% per annum, payable semi-annually upon vouchers duly executed and filed by the registered holder of such temporary notes in the Office of the County Clerk.

5. Said temporary notes shall bear the date of their issuance respectively, and shall become due and payable on or before two years thereafter upon notice mailed to the registered holder thereof by the County Clerk.

6. Said notes shall be payable at the office of the County Treasurer of Wyandotte County Kansas.

7. Each temporary note shall bear on its face the sum thereof, the rate of interest it bears, the number of such note, the date of issue, for what purpose issued, and shall be signed by the Chairman of the Board of County Commissioners of Wyandotte County Kansas and attested by the Clerk of said County, with the impression of the seal of the County thereon.

Oct. 25th, 1928.

Mon. Board of County Commissioners,
Wyandotte County,
Kansas City, Kansas.

Dear Sirs:

We herewith submit for your consideration an estimate for roughing in the plumbing in the kitchen and the laundry, and also for using plate glass instead of double strength, where shown on the west elevation. The plumbing work, if done at this time, will save the County several hundred dollars.

As you know double strength glass was originally specified on account of the saving in cost. We believe plate glass should be used in this monumental building at least up to the third floor level.

Swanson's bid on plumbing is $868.00
" " Flat Glass is $1100.00
$1968.00

We trust you can see your way clear to authorize us to order the Swanson Construction Company to do this work.

Yours very truly,

Wight & Wight.

NOTICE AND RESOLUTION

To condemn land in reference to the widening, altering, straightening and re-locating of Penn. Ave Road and acquiring additional right of way.

Pursuant to adjournment taken upon Thursday November 18th, the Board of Commissioners met for the transaction of Business.

Present Dave Essenhaub, Chairman, Samuel Clarke, and Peter H. Kramer, Commissioner, and William Beggs County Clerk.

In the matter of the improvement of the Penn. Ave Road, the County Engineer reports that all efforts necessary to obtain the necessary additional land for altering the road by donation or purchase have failed and that it is not possible to obtain said land and additional right of way, either by donation or purchase, and that said land will have to be acquired by condemnation.

And that the landowners who own property along said Penn. Ave Road affected by the changes in said road as shown on the plans and specifications on file in the office of the County Clerk, being present to-wit;

R. E. Lee
C. L. Repp
J. R. Cunningham

the Board endeavored to negotiate with them for the purchase or the donation of the necessary additional land for altering said road but the owners of said land refused to sell or donate the same to the County for the purpose stated. On motion duly made seconded and unanimously carried it was ordered that the Board of County Commissioners exercise the right of eminent domain, for the purpose of acquiring the necessary additional land to widen, straighten and alter the Penn. Ave. Road between the terminal points mentioned in the petition for the improvement thereof.

And thereupon the following resolution was offered by Samuel Clarke, Commissioner, and on motion duly made seconded and unanimously carried all Commissioners voting ayes, was adopted.

RESOLUTION

In reference to the widening, altering, straightening and re-locating of the Penn. Ave. Road, and acquiring additional right of way.

Whereas, a petition was filed in the County Clerks Office Praying for the improvement of the Penn. Ave Road in Wyandotte County, Kansas, between the terminal points therein mentioned by grading, draining and paving the same, and

Whereas, said petition has been duly and regularly granted in the manner provided by law and said improvement declared and found to be of Public utility and ordered made by Grading, draining and paving said road between said terminal points and the County Engineer was designated and appointed to take charge of said work and to make an accurate survey of said road and the benefit district and to make a map thereof with a profile of said road and plans and specifications and the estimate of the cost thereof and after having the same approved by the State Highway Engineer, to file the same with the County Clerk, and

Whereas, the Board of County Commissioners has endeavored to acquire the necessary additional land required for the widening and altering of said road by donation and purchase but the owners of said land have refused to either donate said land or to sell the same to the County for the Purposes stated and it therefore is necessary to acquire the same by condemnation and to exercise the right of eminent domain;

NOW THEREFORE BE IT RESOLVED, and it is hereby ordered that it is necessary for the construction of that type of road mentioned in the petition filed in this matter for the improvement of the Penn. Ave Road, and for the purpose of overcoming uninsured
the improvements prayed for in said petition to widen, alter, straighten and relocate some portion of said road and to acquire additional land and right of way for the purpose.

2. That this road shall be widened, straightened and relocated as shown by the map plans profile and specifications of the County Engineer as approved by the State Highway Engineer and filed with the County Clerk.

3. That it is hereby determined by the Board of County Commissioners that the nature of the changes required to be made in said road are as follows:

Said road shall be widened and altered and the route course width and boundaries thereof changed, varied and altered so as to comply with and conform to the map plans, profile and specifications prepared therefor by the County Engineer, approved by the State Highway Engineer and filed with the County Clerk.

4. It is hereby determined by the Board of County Commissioners that the approximate amount and location of land to be taken for said purposes are as follows:

The east one hundred and ten feet of Tract #13 Welborn Clever Farms in Wyandotte County Kansas.

5. And it is hereby determined by the Board of County Commissioners that Samuel Clarke Dave Kasenlauub, and Peter H. Kramer, shall act as viewers to view said road and the land to be taken for such changes and to appraise the value of the land so taken and to assess damages the same by reason of the taking thereof and that said viewers will meet for the purpose of seeing said road and appraising said land and assessing damages on said account on the 14th day of Dec. 1926, and will thereupon proceed to view said road and the changes so required and will view all lands required to be taken and the relocation, altering and laying out of said highway for the purpose aforesaid and appraise the value thereof and assess damages therefor, and if said work shall not be completed on said day they will adjourn from day to day without further notice until their labors in said behalf are fully completed.

6. That this resolution shall be published in the Official County Paper in one edition thereof not less than fifteen days nor more than twenty-five days before the view as aforesaid and a similar notice be served upon each of the owners of the land affected by said changes by the Sheriff of Wyandotte County Kansas at least ten days before such view; the notice to be served may be a copy of this resolution and said land owners shall take notice of the provisions of this order and resolution of the time and place said Commissioners will begin to view said road and the changes required, and all persons will be given a hearing.

7. The County Engineer is hereby directed to meet with said Board of County Commissioners at said time and place for said view.

8. All persons claiming damages or to claim damages by reason of these proceedings are notified of the Board of County Commissioners in reference to said view and the changes to be made in said road and are hereby notified and required to file their applications therefore in writing with the County Clerk of Wyandotte County Kansas on or before the first day of the next regular session of the said Board of County Commissioners which meet on Monday and Thursday of each week at 2 P.M. Following the filing of their reports the Board shall then determine the amount to be paid as damages to any owner of any land.

9. The County Clerk will read this resolution and order at length upon the Journal, there being no further business the Board adjourned.

RESOLVED:

WHEREAS, the question of abolishing the Kaw Valley Drainage District and turning the management of the District over to the Board of County Commissioners, as provided by House Bill No. 56 has reached the State Legislature for revision of the law governing said District, and

WHEREAS, said Kaw Valley Drainage district has been organized and operated for a generation, incurring great expense and bond indebtedness, it is doubtful if the taxpayers whom the Board of County Commissioners represent, that is, the taxpayers of Wyandotte County desire its officials to assume the running of the drainage district with its huge responsibilities,

THEREFORE BE IT RESOLVED, that it is the sense of the Board of County Commissioners, whatever the merits of the controversy may be, to keep hands off in the interest of the greater part of the County, which is only indirectly concerned in the Kaw Valley.
Pursuant to adjournment taken January 24th, the Board of County Commissioners met for the transaction of business.

RESOLUTION.

AUTHORIZING THE ISSUANCE OF COUNTY ROAD IMPROVEMENT TEMPORARY NOTES OF WYANDOTTE COUNTY, KANSAS, FOR THE PURPOSE OF PAYING THE COST OF THE PERMANENT IMPROVEMENT OF THE PENNSYLVANIA AVE. ROAD.

BE IT KNOWN, that the Board of County Commissioners of Wyandotte County met in regular session at the courthouse this 7th day of February 1927.

Present: Dave Espenlaub, Chairman, Samuel Clarke, Commissioner, Peter H. Kramer, Commissioner, and William Egges County Clerk. The following resolution was offered with relation to the issuance of temporary notes for the improvement of the Pennsylvania Ave. Road in Wyandotte county and on Motion of Clarke, seconded by Kramer, and carried by the unanimous vote of the Board of County Commissioners, all Commissioners voting aye, was adopted and ordered spread at length on the Journal:

WHEREAS, there was filed with the Board of County Commissioners of Wyandotte County Kansas, on the 21st day of August 1924, a petition for the permanent improvement of a certain public road in Wyandotte County Kansas known as the Pennsylvania Ave. Road the terminal points and other specifically fixed points of said road being particularly described in said petition, and as well there was designated therein the lands within the proposed benefit district the type of permanent improvement, and the width of roadway desired and the number of annual assessments to be levied upon the lands in the benefit district to pay for said improvements being left to the discretion of the Board of County Commissioners hereafter to be exercised subject to the approval of the State Highway commission; and

WHEREAS, the Board of County Commissioners of Wyandotte County Kansas thereafter and on the 14th day of June 1926, at a regular meeting of the Board of County Commissioners duly constituted and held, did find that the improvement prayed for in said petition was one of public utility and that the petition was sufficient under the law and that the said petition properly designated the road to be improved both by name and terminal points and other specifically fixed locations, and that the petition definitely designated the lands within the proposed benefit district, leaving the type of permanent improvement, the width of the roadway, and the number of annual assessments to be levied upon the proposed benefit district, to be fixed at the discretion of the Board.
of County Commissioners subject to the approval of the State Highway Commission, and that said petition was in all respects in compliance with the provisions of the Statutes of the State of Kansas and thereafter and on the day of 1928, the Board of County Commissioners duly passed a resolution designating the type of permanent improvement as Bituminous Macadam and the width of the roadway to be 16 feet, the number of annual assessments 15 which action which action was approved by the State Highway Commission.

WHEREAS AT said meeting of June 14th, 1926 the Board of County Commissioners of Wyandotte County Kansas fixed the 1st day of July 1926 at 2 p.m. as the time said Board should meet and consider said petition at the office of the Board in the Courthouse in Kansas City, Kansas and ordered that a notice of said meeting be given to the petitioners and all others interested therein by publishing said resolution in the official County paper at least ten days prior to the date of said meeting and that each of the signers to said petition and each and every person owning property within the proposed benefit district in said petition described be notified of said meeting by a notice thereof sent by United States Mail all of which was accordingly done as in said resolution directed.

WHEREAS, thereafter and on the 1st day of July A. D. 1926 at 2.00 P. M. the Board of County Commissioners met as in said notice directed at their office in the court house in Kansas City, Kansas, for the purpose of hearing protests or objections offered, it was by said Board ordered and determined that said improvement be made as in said petition prayed, and that said petition be granted and approved and that the improvements therein prayed for be made in accordance with the specifications and plans to be prepared by the County Engineer, said petition being found to be in due form of law and contain the signatures of more than sufficient under the law.

WHEREAS, the Board of County Commissioners had duly caused to be made an accurate survey of said road with a profile and a map of the benefit district and plans and specifications for the improvement and estimates of the cost thereof, which survey, profile, map, plans and specifications and estimates have been duly and legally approved by the State Highway Engineer and filed in the office of the County Clerk of Wyandotte County Kansas; and

WHEREAS, the estimate of the cost of the improvement of the Pennsylvania Ave Road is $25,400.34, and:

WHEREAS, thereafter and on or about the 7th day of November 1926 there was duly let to the Davidson Construction Company a contract for improving the Pennsylvania Ave Road, according to plans and specifications, all according to law, at the contract price of $14,696.86; and

Whereas, for the purpose of paying for said improvement under said contract no State or Federal aid is expected and the total cost will be paid by the issuance of bonds but in the meantime it is necessary to issue temporary notes of Wyandotte County under the provisions of Section 10-123 revised Statutes of Kansas 1923, Wyandotte County in the state of Kansas shall issue its temporary notes in payment of the work done and material furnished in the improvement of the Penn. Ave road in Wyandotte County Kansas.

Section 2. That the total aggregate amount for which said temporary notes shall be issued shall be the total cost of the improvement of said road to pay for which no State or Federal aid is expected and bonds of Wyandotte County are hereafter to be issued.

Section 3. Said temporary notes shall be known and denominated as "Wyandotte County Road Improvement Temporary Notes, Series Pennsylvania Ave Road."

Section 4. Said temporary notes shall be numbered consecutively from one to both inclusive, and shall be issued from time to time as the work of such improvement progresses and as partial and final estimates are allowed upon said work, and shall bear interest at the rate of 6% per annum from date of issue to date of maturity, payable semi-annually upon vouchers duly executed and filed with the County Clerk by the registered holder thereof.

Section 5. Said temporary notes shall bear the date of their issuance respectively and shall become due and payable on or before two years thereafter upon notice mailed to the registered holder thereof by the County Clerk.
Section 6. Said notes shall be payable at the office of the County Treasurer of Wyandotte County, Kansas.

Section 7. Each temporary note shall bear on its face the amount thereof, the rate of interest it bears, the number of such note, the date of issue, for what purpose issued and shall be signed by the Chairman of the Board of County Commissioners and attested by the County Clerk with the impression of the seal of the County Treasurer.

Section 8. Each of said temporary notes shall except as to numbers, amounts and dates be in substantially the following form:

RESOLUTION

AUTHORIZING THE ISSUANCE OF COUNTY ROAD IMPROVEMENT TEMPORARY NOTES FOR THE PURPOSE OF PAYING FOR THE COST OF THE PERMANENT IMPROVEMENT OF THE LEAVENWORTH ROAD Federal Aid Project 309 C.

BE IT KNOWN, that the Board of County Commissioners of Wyandotte County Kansas met in regular session at the Court House this 7th day of February 1927, present Dave Espenlaub, Chairman, Samuel Clarke and Peter H. Kramer, Commissioners, a full membership of the Board and William Beggs County Clerk. The following resolution was offered with relation to the issuance of temporary notes for the improvement of the Leavenworth Road, Wyandotte County Kansas and on motion of Clarke, seconded by Kramer, and carried by the unanimous vote of the Board of County Commissioners was adopted and spread at length on the Journal.

WHEREAS, there was filed with the Board of County Commissioners of Wyandotte County on the___ day of___ 1923 a petition for the permanent improvement of a certain road situated in Wyandotte County Kansas known as the Leavenworth Road, the terminal points and other specifically fixed points in said road being particularly described in said petition, and as well there was designated the lands within the proposed benefit district the type of permanent improvement, the width of the roadway desired, and the number of annual assessments to be levied upon the lands in said benefit district to pay for said improvements being left to the discretion of the Board of County Commissioners hereafter to be exercised subject to the approval of the State Highway Commission and

WHEREAS, The Board of County Commissioners of Wyandotte County Kansas thereafter and on the 14th day of July, 1924, at a regular meeting of the Board of County Commissioners duly constituted and held did find that the improvement prayed for in said petition was one of public utility and that said petition was signed by 51% of the landowners owning 35% of the land within the benefit district defined in said petition, and that said petition properly designated the road to be improved both by name and terminal points and by
within the proposed benefit district, leaving the type of permanent improvement, the width of the roadway and the number of annual assessments to be levied upon said lands to be fixed at the discretion of the Board of County Commissioners subject to the approval of the State Highway Commission, and that said petition was in all respects in compliance with the provisions of the Statutes of the State of Kansas and thereafter and on the day of 1922 the Board of County Commissioners passed a resolution designating the type of permanent improvement to be concrete and the width of the road to be 15 feet, the number of annual assessments to be 15 which action was on day of 1922 approved by the State Highway Commission.

WHEREAS, at said meeting of July 14th 1924 the Board of County Commissioners fixed the 22nd day of September 1924, at 2 P.M. as the time when said Board should meet and consider said petition at the office of the Board in the Court House at Kansas City, Kansas and ordered that a notice of said meeting be given to the petitioners and all other persons interested therein by publishing said resolution in the official County Paper at least ten days prior to the date of said meeting and that each of the signers to said petition and each and every person owning property within the benefit district in said petition described be notified of said meeting by a notice thereof sent by United States Mail all of which was accordingly done as in said resolution directed; and

WHEREAS thereafter and on the 22nd day of September 1924, at 2 P.M. the Board of County Commissioners met as in said notice directed at their office in the Court House in Kansas City, Kansas, for the purpose of hearing protests or objections concerning said improvement and there being no protests or objections offered it was by said Board ordered and determined that said improvement be made and that said petition be granted and approved and that the improvements therein prayed be made in accordance with the specifications and plans to be made by the County Engineer of Wyandotte County, Kansas, said petition being found to be in due form of law and containing the signatures of more than 61% of the resident landowners owning more than 56% of the land within the benefit district; and

WHEREAS, the Board of County Commissioners had duly caused to be made an accurate survey of said road with a profile and map of the benefit district and plans and specifications for the improvements and estimate of the cost thereof, which survey, map, plans and specifications and estimates have been duly and legally approved by the State Highway Engineer and filed in the office of County Clerk of Wyandotte County, Kansas; and

WHEREAS, the cost of the improvement of the Leavenworth Road is $125,138.45; and

WHEREAS, thereafter and on or about the 14th day of October 1924, there was duly let to the R. D. Tyner Construction Company a contract for the improving of said Leavenworth Road according to plans and specifications, all according to law at the contract price of $100,000.00; and

WHEREAS, for the purpose of paying for said improvement under said contract State and Federal Aid is expected and the total cost will be paid by the issuance of bonds, but in the meantime it is necessary to issue temporary notes of Wyandotte County under the provisions of Sec. 10-133 Revised Statutes of Kansas, 1923, in order to provide necessary funds to pay the partial and final estimates and other expenses of making such improvement, said notes to be issued from time to time in such amounts as may be necessary but not to exceed in all the total amount of bonds to be issued and state and Federal Aid to be granted;

NOW THEREFORE BE IT RESOLVED by the Board of County Commissioners of Wyandotte County Kansas;

Section 1. RESOLUTION

AUTHORIZING THEISSUANCE OF TEMPORARY NOTES ON THE NETTLETON AVE. PROJECT.

Be it known that the Board of County Commissioners of Wyandotte County Kansas, met in regular session at the court house this 15th day of July 1926, Present Dave Espenlaub, Chairman, Samuel Clarke and Peter H. Kramer, Commissioners and William Berga County Clerk.

The following resolution was adopted and ordered spread at length on the Journal.

WHEREAS that on or about the 1st day of December 1925, the City of Bonner Springs Kansa passed the following resolution in relation to improving Nettleton Ave in said City:

A resolution relating to and declaring it expedient to improve Nettleton Ave in the City of Bonner Springs, Kansas from the north line of Kump Ave, where the concrete paving ends, thence north to the City Limits of Said City, to connect with the Hunslett Road which runs north to the Port to Port Road.

Be it resolved by the Board of Councilmen and Mayor of Bonner Springs, it has become expedient and a public necessity to pave Nettleton Ave from the North line of Kump Ave, where it is improved and paved with portland cement concrete; thence north to the city limits and that said improvement be as follows to-wit;

To pave that part of Nettleton Ave from the North line of Kump Ave to the north line of Morse Ave with portland cement concrete or brick on macadam base for a width of forty feet from curb to curb, the width of the present roadway and to pave that part of said street from the north line of Morse Ave to the City limits with portland cement concrete or brick on a macadam base for a width of thirty feet from curb to curb the width of the roadway and by the construction of a portland cement curb on each side of the roadway from the north line of Morse Ave to the City limits together with all necessary grading excavations and back filling to place said pavement properly on grade and that such paving and curbing be constructed on the established grade of said street.

That said improvement of Nettleton Ave as aforesaid be and is hereby found and declared and is found to be expedient and a public necessity. That the benefit district for said improvement shall be as follows to-wit;

1. From the north line of Kump Ave to the north line of Morse, the benefit district liable to special assessments to pay forty percent of said improvement shall extend to the middle of each block on each side of Nettleton Ave. 2. From the north line of Morse Ave to the City limits the benefit district liable to assessments to pay forty percent of the cost shall be as follows: from the west side of said street it shall extend a distance of 300 ft back from said street and on east side of street from Morse to Glenwood it shall extend back to the center of the dividing line of block 21 which divides the lots in said block and from Glenwood Ave northwest to the city limits, it shall extend a distance of 300 ft back from said Stra.
That this resolution be submitted to the Board of County Commissioners of Wyandotte County Kan for its adoption according to law. Adopted by Mayor and Council Dec 1st 1926.

Attent. A. G. Parker City Clerk.

And whereas thereafter on or about the third day of December 1925 the Board of County Commissioners passed the following resolution of co-operation between the county officials and the city government in relation to the paving of said Nettleton Ave.

RESOLUTION.

A resolution relating to the joint improvement of Nettleton Ave in the City of Bonner Springs Kansas with said city the same being a connecting link between two broad surface roads.

Be it resolved by the Board of County Commissioners of Wyandotte County Kansas, that the mayor and councilmen of the City of Bonner Springs a city of the 2nd class and less than 65,000 inhabitants have submitted to the Board of County Commissioners of Wyandotte County a resolution for the improvement of Nettleton Ave in the City of Bonner Springs from the north line of Kump Ave to the city limits where it is a part of the Golden Belt Highway to connect with the Emmett or Bonner Pierson road for the adoption of the Board of County Commissioners which is in the words and figures following:

Resolution.

A resolution relating to and declaring it expedient and a public necessity to improve Nettleton Ave to connect with Emmett Road which runs north to connect with the Fort to Fort Road.

Be it resolved by the Mayor and Councilmen of Bonner Springs Kansas;

That in the judgement of the Mayor and Council of Bonner Springs Kansas, it has become expedient and a public necessity to improve Nettleton Ave. in the City of Bonner Springs Kansas from the north line of Kump Ave where it is improved and paved with Portland Cement Concrete; thence north to the city limits of said City, to connect with the Emmett Road which runs north to the Fort to Fort road and that said improvement be as follows to wit;

To pave that part of Nettleton Ave to the north line of Kump Ave to the North line of Morse Ave with Portland cement or brick on macadam base for a width of forty feet from curb to curb the width of the present roadway and to pave that part of said street from the north line of Morse Ave to the City limits with concrete (Portland) or brick on macadam base for a width of thirty feet from curb to curb, the width of the roadway by the construction of a Portland cement concrete curb on each side of the road way from the north line of Morse Ave to the city limits together with all necessary grading and backfilling to place said pavement properly on grade and that such paving and curbing be constructed on the established grade of said street.

Said improvement of Nettleton Ave as aforesaid be and is hereby declared expedient and necessary that the benefit district shall be as follows to wit; from the north line of Kump Ave to the North line of Morse Ave the benefit district liable to special assessment to pay 40% of the cost shall extend to the middle of each block on each side of Nettleton Ave. S. From the north line of Morse Ave to the city limits the benefit district shall be as follows on the west side of said street, it shall extend a distance of 300 ft back from at abnd on the east side of said street from Morse to Glenwood it shall extend back to the center of the dividing line thru bl 21 which divides the lots in said block and from Glenwood Ave north to the City limits it shall extend a distance of 300 ft back from said street. That this resolution be presented to the Board of County Commissioners for its adoption according to law.

Adopted by Mayor and Council Dec 1st 1926.

That the said improvement set forth in said resolution has been declared to be a public utility and is now declared to be a public utility and that said resolution so submitted by the Mayor and Council of the City of Bonner Springs has been adopted and the same be and now is adopted by the Board of County Commissioners.
That the 18th day of January 1926, be and the same is hereby fixed as the day for final action on said improvement and the day on which complaints or protests may be filed against said improvement according to law.

That said improvement lies wholly within the city of Bonner Springs and that there is no benefit district outside thereof.

That a copy of this resolution shall be published in the official county paper according to law.

Rated Dec 3rd 1925.

Wm Beggs, County Clerk and ex-officio Clerk of the Ed.

And whereas the Board of County Commissioners in said resolution fixed the 18th day of January 1926, as the day for final action in respect to said improvement and the date when complaints could be heard and protests filed against the proposed improvement and duly caused a notice to all interested persons of said date so fixed for hearing complaints by publishing a copy of both said resolutions for two consecutive weeks in the official County Paper. The 1st publication being not less than twenty days prior to the date fixed for the hearing of such complaint, and the city officials of Bonner Springs likewise gave notice by publishing notice in two issues of the Official City Paper the 1st publication of which was more than twenty days prior to the date of the time fixed for such hearing and

WHEREAS at the time fixed in the notice for the consideration of such resolution said resolution was passed as originally set out in the 1st resolution there being no objections or amendments and

Whereas no action was brought to restrain the making of such improvement or payment therefore or the levy of taxes or assessment or the issuance of bonds therefor on the grounds of any illegality in the proceedings prior to the passage of said final resolution or in said resolution within thirty days after the date of final resolution, and

WHEREAS after the passage of the final resolution the city officials and the County Board acting as a Joint Board to carry on the proposed improvement ordered the preparation of surveys, plans, specifications and estimates for the proposed improvement by the County Engineer whereupon made such plans etc and after having the same approved by the action of said Joint Board and County Engineer caused the same to be filed in the office of the County Clerk, and

WHEREAS, the estimate of the cost of said improvement with concrete amounted to $2,209.23 and thereafter and on or about the 3rd of May 1926, a contract was duly awarded by the action of the Joint Board to F. P. Sargent Construction Co for the improvement of said road according to the plans and specifications at the contract price of $5,499.70 and whereas the improvement of said setting on road lies wholly within the city of Bonner Springs and no portion extends outside the city and the benefit district as fixed by the resolution as fixed by the governing body of the City of Bonner Springs is wholly within in the city, for which reason the county will be liable to pay 30% of the total cost of said improvement only and the City of Bonner Springs will pay 70% of the cost, charged to the city at large and 40% charged against the benefit district lying in city and that portion of cost of improvement to be paid by Wyandotte County will be paid by the issuance of bonds, no state or Federal Aid being expected or promised and

WHEREAS in the meantime and prior to the issuance of the bonds it is necessary to issue temporary notes under provisions of K.S. 10-1-13 in order to provide funds to pay the proportion of the cost of said improvement chargeable to Wyandotte County and the partial and final estimates thereon, said notes to be issued from time to time in such amounts as may be necessary but not to exceed in all the total amount of the bonds to be issued.
NOW THEREFORE BE IT RESOLVED, and it is hereby ordered by the BOARD of County Commissioners of Wyandotte County Kansas,

Section 1. That under and by virtue of Section 10 -123, Revised Statutes of Kansas, 1923, Wyandotte County in the state of Kansas shall issue its negotiable temporary notes in payment of 30 per cent of the work done and material furnished in the improvement of Nettleton Ave. Read
